SUPPLEMENTARY INFORMATION:

I. Background

Prohibited Transaction Exemption (PTE) 77-4 provides relief from the restrictions of section 406 of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and from the sanctions resulting from the application of section 4975 of the Internal Revenue Code of 1986, as amended (the Code), for an employee benefit plan's purchase or sale of shares of an open-end investment company registered under the Investment Company Act of 1940 (mutual fund) when an investment advisor for the mutual fund or its affiliate is: (1) A plan fiduciary; and (2) not an employer of employees covered by the plan.

Section II(d) of PTE 77-4 contains certain conditions for the exemptive relief and provides, in pertinent part, that:

A second fiduciary with respect to the plan, who is independent of and unrelated to the fiduciary/investment adviser or any affiliate thereof, receives a current prospectus issued by the investment company, and full and detailed written disclosure of the investment advisory and other fees charged to or paid by the plan and the investment company, including the nature and extent of any differential between the rates of such fees, the reasons why the fiduciary/investment adviser may consider such purchases to be appropriate for the plan, and whether there are any limitations on the fiduciary/investment adviser with respect to which plan assets may be invested in shares of the investment company and, if so, the nature of such limitations.

The conditions impose ICRs that are subject to the PRA. This notice requests public comment on the Department's proposed revision to the ICRs that would provide that delivery of a "summary prospectus" may be used to satisfy the condition in section II(d) of PTE 77-4 requiring the delivery of a mutual fund's prospectus to the second fiduciary if the summary prospectus meets the requirements of the Securities and Exchange Commission's (SEC)
