

provided by the Center pending the changes to the organization of the Department's TA activities. For these reasons, the Secretary proposes to waive the requirements in 34 CFR 75.250, which prohibit project periods exceeding five years, and waive the requirements in 34 CFR 75.261(a) and (c)(2), which limit the extension of a project period if the extension involves the obligation of additional Federal funds. The waiver would allow the Department to issue a continuation award in the amount of \$665,000 to Clemson University for an additional 12-month period, which should ensure that the Center's TA, training, and dissemination of information to families, SEAs, LEAs, and other State agencies will not be interrupted.

Any activities to be carried out during the year of the continuation award would have to be consistent with, or be a logical extension of, the scope, goals, and objectives of the grantee's application as approved in the 2008 National Dropout Prevention Center for Students with Disabilities competition.

If the proposed waiver and extension of the project period are announced in a final notice in the **Federal Register**, the requirements applicable to continuation awards for this competition, set forth in the June 23, 2008, notice inviting applications, and the requirements in 34 CFR 75.253 would apply to any continuation awards sought by the current National Dropout Prevention Center for Students with Disabilities grantee. If we announce the waiver and extension as final, we will base our decisions regarding a continuation award on the program narrative, budget, budget narrative, and program performance report submitted by the current grantee, and the requirements in 34 CFR 75.253.

Regulatory Flexibility Act Certification

The Department certifies that the proposed waiver and extension of the project period would not have a significant economic impact on a substantial number of small entities.

The only entity that would be affected by the proposed waiver and extension of the project period is the current grantee.

The Secretary certifies that the proposed waiver and extension would not have a significant economic impact on this entity because the extension of an existing project imposes minimal compliance costs, and the activities required to support the additional year of funding would not impose additional regulatory burdens or require unnecessary Federal supervision.

Paperwork Reduction Act of 1995

This notice of proposed waiver and extension of the project period does not contain any information collection requirements.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance. This document provides early notification of our specific plans and actions for this program.

Approval and Promulgation of Implementation Plans; State of Kansas; Idle Reduction of Heavy-Duty Diesel Vehicles and Reduction of Nitrogen Oxides (NO_x) Emissions for the Kansas City Ozone Maintenance Area

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve the State Implementation Plan (SIP) submitted by the State of Kansas on July 27, 2010, to add two new rules which implement restrictions on the idling of heavy duty diesel vehicles and reduce nitrogen oxide (NO_x) emissions at stationary sources in the Kansas portion of the Kansas City Maintenance Area for ozone. EPA is approving this revision because the standards and requirements set by the rules will strengthen the Kansas SIP. EPA's approval of this SIP revision is being done in accordance with the requirements of the Clean Air Act (CAA).

DATES: Written comments should be received on or before March 22, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R07-OAR-2012-0293, by mail to Lachala Kemp, Environmental Protection Agency, Air Planning and Development Branch, 11201 Renner Boulevard, Lenexa, Kansas 66219. Comments may also be submitted electronically or through hand delivery/courier by following the detailed instructions in the **ADDRESSES** section of the direct final rule located in the rules section of this **Federal Register**.

FOR FURTHER INFORMATION CONTACT:

Lachala Kemp, Air Planning and Development Branch, U.S. Environmental Protection Agency Region 7, 11201 Renner Boulevard, Lenexa, Kansas 66219, at (913) 551-7214 or by email at kemp.lachala@epa.gov.

SUPPLEMENTARY INFORMATION: In the final rules section of the **Federal Register**, EPA is approving the state's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no relevant adverse comments to this action. A detailed rationale for the approval is set forth in the direct final rule. If no relevant adverse comments

are received in response to this action, no further activity is contemplated in relation to this action. If EPA receives relevant adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this action. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on part of this rule and if that part can be severed from the remainder of the rule, EPA may adopt as final those parts of the rule that are not the subject of an adverse comment.

For additional information, see the direct final rule which is located in the rules section of this **Federal Register**.

Approval and Promulgation of Implementation Plans; Region 4 States; 110(a)(2)(D)(i)(II) Infrastructure Requirement for the 1997 and 2006 Fine Particulate Matter National Ambient Air Quality Standards

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve submissions from Alabama, Georgia, Kentucky, Mississippi, North Carolina, South Carolina and Tennessee for inclusion into each state's implementation plan. This proposal pertains to the infrastructure state implementation plans (SIPs) for these States as they relate to certain Clean Air Act (CAA or Act) requirements for the 1997 annual and 2006 24-hour fine particulate matter (PM_{2.5}) National Ambient Air Quality Standards (NAAQS). The CAA requires that each state adopt and submit a SIP for the implementation, maintenance, and enforcement of each NAAQS promulgated by EPA. These plans are commonly referred to as an "infrastructure" SIPs. Specifically, EPA is proposing to approve the submissions for Alabama, Georgia, Kentucky, Mississippi, North Carolina, South

Carolina and Tennessee that relate to the infrastructure SIP requirement to protect visibility in another state. All other applicable infrastructure requirements for the 1997 annual and 2006 24-hour PM_{2.5} NAAQS associated with these States are being addressed in separate rulemakings.

DATES: Written comments must be received on or before March 22, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R04-OAR-2012-0814, by one of the following methods:
