

that meet project objectives described above.

National and state asthma surveillance data provide information useful to examine progress on long-term outcomes of state asthma programs. To identify appropriate indicators of program implementation and short-term outcomes for AIRS, CDC previously convened and facilitated workgroups comprised of state asthma control program representatives to generated specific questions to collect data on key features of state asthma control programs: partnerships, surveillance, interventions, and evaluation.

Since implementation in 2010 AIRS, and technical assistance provided by NCEH staff, has provided states with uniform data reporting methods and linkages to other states' asthma

programs and data. Thus, AIRS has saved state resources and staff time when they embark on asthma activities similar to those being done elsewhere. Also, the AIRS system has been similarly helpful in linking states together on occasions when a given state seeks to report their results at national meetings or publish their findings and program results either in scholarly journals. For example, with CDC staff, three state programs co-presented on a panel regarding evaluations of their asthma partnerships at the November, 2012 American Evaluation Association's *Evaluation 2012* conference.

In addition, CDC staff have regularly made requests from AIRS to obtain standardized summaries of state programs to obtain data summaries regarding such activities as the number

of states meeting staffing requirements, number and timeliness of state strategic evaluation plans, topics for individual evaluation selected by states, types and targets of interventions, and use of asthma surveillance data in state programs.

Furthermore, access to standardized AIRS surveillance and programmatic data allows CDC to provide timely and accurate responses to the public and Congress regarding the NCEH asthma program (e.g., how many states have asthma interventions targeting schools, how many children are treated in emergency departments, etc.).

There will be no cost for respondents, other than their time, to participate in AIRS. The total estimated annual burden hours are 288.

ESTIMATED ANNUALIZED BURDEN HOURS

Type of respondents	Form name	Number of respondents	Number of responses per respondent	Average burden per response (in hours)	Total burden (in hours)
State Health Departments	Interim report on activities and objectives.	36	1	2	72
	End-of-year report on activities, objectives and aggregate surveillance.	36	1	6	216
Total	288

Dated: February 12, 2013.

Ron A. Otten,

Director, Office of Scientific Integrity (OSI), Office of the Associate Director for Science (OADS), Office of the Director, Centers for Disease Control and Prevention.

Administration for Children and Families

Submission for OMB Review; Comment Request

Title: Child Support Document Exchange System (CSDES)

OMB No.: New Collection

Description: The federal Office of Child Support Enforcement (OCSE) is implementing a new application, the Child Support Document Exchange System (CSDES), within the Federal Parent Locator Service (FPLS) Child Support Services Portal (CSSP). The CSDES will collect and maintain certain child and spousal support case-related records provided by a state IV-D child support agency to facilitate the dissemination of IV-D child and spousal support information to authorized users acting on behalf of a state IV-D child support agency.

42 U.S.C. 666(c)(1)(A)(B)(C) and (D) and 42 U.S.C. 653(a)(1).

The purpose of the information collection is to provide technical assistance to the states to help them establish effective systems for collecting child and spousal support.

42 U.S.C. 652(a)(7). This will help state IV-D agencies in fulfilling the federal requirement to transmit requests for child support case information and provide requested information electronically to the greatest extent possible.

45 CFR 303.7(a)(5).

It is anticipated that the implementation of the CSDES will reduce delays, costs, and barriers associated with interstate case processing; increase state collections; improve document security; standardize data sharing; and increase state participation; thereby improving overall child and spousal support outcomes.

Respondents: State Child Support Agencies.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Data Entry Screens	52	4,272	.0166667 (60 seconds)	3,702.41
Batch Processing	2	1	40	80.00

Estimated Total Annual Burden Hours: 3,782.41.

Additional Information: Copies of the proposed collection may be obtained by writing to The Administration for Children and Families, Office of Information Services, 370 L'Enfant Promenade SW., Washington, DC 20447, Attn: ACF Reports Clearance Officer.

OMB Comment: OMB is required to make a decision concerning the collection of information between 30 and 60 days after publication of this document in the **Federal Register**. Therefore, a comment is best assured of having its full effect if OMB receives it within 30 days of publication. Written comments and recommendations for the proposed information collection should be sent directly to the following: Office of Management and Budget, Paperwork Reduction Project, 725 17th Street NW., Washington, DC 20503, Attn: Desk Officer for ACF.

Robert Sargis,

Reports Clearance Officer.

Submission for OMB Review; Comment Request

Title: Child Care and Development Fund Plan for States/Territories for FFY 2012-2013 (ACF-118).

OMB No.: 0970-0114.

Description: The Child Care and Development Fund (CCDF) Plan (the Plan) for States and Territories is required from each CCDF Lead agency in accordance with Section 658E of the Child Care and Development Block Grant Act of 1990, as amended (Pub. L. 101-508, Pub. L. 104-193, and 42 U.S.C. 9858). The implementing regulations for the statutorily required Plan are set forth at 45 CFR 98.10 through 98.18. The Plan, submitted on the ACF-118, is required biennially, and remains in effect for two years. The Plan provides ACF and the public with a description of, and assurance about, the States' and Territories' child care programs. The ACF-118 is currently approved through

December 31, 2013, making it available to States and Territories needing to submit Plan Amendments through the end of the FY 2013 Plan Period. However, on July 1, 2011, States and Territories will be required to submit their FY 2014-2015 Plans for approval by September 30, 2013. Consistent with the statute and regulations, ACF requests revision of the ACF-118 with minor corrections and modifications.

The Office of Child Care (OCC) has given thoughtful consideration to the comments received from the 1st Public Notice. OCC has revised the document to reflect some of the changes made to minimize the burden of the collection of information on respondents. The revised document contains revisions to improve the accuracy and clarity of questions in order to improve the quality of information that is collected. This second Public Comment Period provides an opportunity for the public to submit comments to the Office of Management and Budget (OMB). The Tribal Plan (ACF-118a) will be addressed under a separate notice.

Copies of the proposed collection may be obtained by writing to the
