

corroborated “to the extent practicable” in accordance with section 776(c) of the Act.⁴

Final Results of the Review

We made no changes to our preliminary results. Therefore, we are assigning the following dumping margin to Agro Dutch for the period February 1, 2011, through January 31, 2012.

Manufacturer/Exporter	Percent margin
Agro Dutch Industries Limited	114.76

Assessment Rates

The Department will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries, in accordance with 19 CFR 351.212(b). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of these final results of review. For Agro Dutch’s U.S. sales, we will base the assessment rate assigned to the corresponding entries on AFA, as noted above.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of certain preserved mushrooms from India entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) The cash deposit rate for Agro Dutch will be the rate established in the final results of this administrative review; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a previous review, or the original less-than-fair-value investigation, but the manufacturer is, the cash deposit rate will be the rate established for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 11.30 percent, the all-others rate established in the *Notice of Amendment of Final Determination of Sales at Less Than Fair Value and Antidumping Duty Order: Certain Preserved Mushrooms From India*, 64 FR 8311 (February 19,

1999). These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.221.

Dated: February 13, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.

International Trade Administration

[A-570-601]

Tapered Roller Bearings and Parts Thereof, Finished and Unfinished From the People’s Republic of China: Amended Final Results of Antidumping Duty Administrative Review; 2010–2011

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the “Department”) is amending the final results of the 2010–2011 antidumping duty administrative review of tapered roller bearings and parts thereof, finished and unfinished (“TRBs”) from the People’s Republic of China (“PRC”), to correct certain ministerial errors.

DATES: *Effective Date:* February 21, 2013.

FOR FURTHER INFORMATION CONTACT:

Brandon Farlander or Erin Kearney, AD/CVD Operations, Office 4, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0182 or (202) 482–0167, respectively.

SUPPLEMENTARY INFORMATION:

Background

On January 10, 2013, the Department disclosed to interested parties its calculations for the final results of the 2010–2011 administrative review of the antidumping duty order on TRBs from the PRC. On January 15, 2013, Changshan Peer Bearing Co., Ltd. (“CPZ/SKF”) timely filed ministerial error allegations and requested that, pursuant to section 751(h) of the Tariff Act of 1930, as amended (“the Act”) and 19 CFR 351.224, the Department correct the alleged ministerial errors in the calculations. The Department published the final results of this proceeding on January 16, 2013.¹ On January 22, 2013, the Timken Company (“Timken”) filed rebuttal comments to CPZ/SKF’s ministerial error allegations. No other interested party submitted ministerial error allegations or rebuttal comments.

Scope of the Order

For a full description of the products covered by the antidumping duty order on tapered roller bearings from the PRC, see Memorandum to Abdelali Elouaradia, Director, AD/CVD Operations, Office 4, from Brandon Farlander and Erin Kearney, International Trade Compliance Analysts, AD/CVD Operations, Office 4, concerning, “Final Results of the 2010–2011 Antidumping Duty Administrative Review of Tapered Roller Bearings from the People’s Republic of China: Allegation of Ministerial Errors and Amended Final,” dated concurrently with this notice (“Ministerial Error Memorandum”), which is incorporated by reference.

Ministerial Errors

A ministerial error is defined in section 751(h) of the Act as including “errors in addition, subtraction, or other arithmetic function, clerical error resulting from inaccurate copying, duplication, or the like, and any other

⁴ See *Preliminary Results* and accompanying Decision Memorandum for Preliminary Results of Antidumping Duty Administrative Review: Certain Preserved Mushrooms from India for a full discussion of our corroboration analysis.

¹ See *Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, From the People’s Republic of China: Final Results of Antidumping Duty Administrative Review; 2010–2011*, 78 FR 3396 (January 16, 2013) (“*Final Results*”).

type of unintentional error which the administering authority considers ministerial.”²

After analyzing CPZ/SKF's comments and Timken's rebuttal comments, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made the following ministerial errors in our calculations for the *Final Results*:

- We unintentionally deducted amounts for domestic brokerage and handling expenses twice for certain sales.
- We unintentionally failed to offset CPZ/SKF's freight expenses with its freight revenue for sales in which it reported both freight expenses from the warehouse to the U.S. customer and corresponding freight revenue.

For a detailed discussion of all alleged ministerial errors, as well as the Department's analysis, see Ministerial Error Memorandum.

In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* of the administrative review of TRBs from the PRC. The revised weighted-average dumping margins are detailed below. For CPZ/SKF-specific calculations, see Memorandum to the File from Brandon Farlander and Erin Kearney, International Trade Analysts, AD/CVD Operations, Office 4, Import Administration, “Administrative Review of Tapered Roller Bearings and Parts Thereof, Finished and Unfinished from the People's Republic of China: Amended Final Results Analysis Memorandum of Changshan Peer Bearing Co., Ltd. and Peer Bearing Company,” dated concurrently with this notice and incorporated by reference.

In the *Final Results*, we determined that one company, in addition to the mandatory respondent, qualified for a separate rate.³ Because we have revised the weighted-average dumping margin for CPZ/SKF, we are also revising the weighted-average dumping margin for Xiang Yang Automobile Bearing Co., Ltd., a separate rate respondent, because the rate for Xiang Yang Automobile Bearing Co., Ltd. is based on the weighted-average dumping margin calculated for CPZ/SKF.

The amended, weighted-average dumping margins are as follows:

Exporter	Weighted-average dumping margin (percent)
Changshan Peer Bearing Co., Ltd	14.91
Xiang Yang Automobile Bearing Co., Ltd	14.91
PRC-wide entity *	92.84

*The PRC-wide entity includes Haining Automann Parts Co., Ltd., Zhejiang Zhaofeng Mechanical and Electronic Co., Ltd., and Tianshui Hailin Import and Export Corporation, where the exporter is Tianshui Hailin Import and Export Corporation and the producer is any company other than Hailin Bearing Factory (the successor-in-interest is Gansu Hailin Zhongke Science & Technology Co., Ltd.). The Department has previously found that merchandise produced by Hailin Bearing Factory and exported by Tianshui Hailin Import and Export Corporation is not subject to the order.⁴

Disclosure

We will disclose the calculations performed for these amended final results within five days of the date of publication of this notice to interested parties in accordance with 19 CFR 351.224(b).

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b), the Department will determine, and U.S. Customs and Border Protection (“CBP”) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the amended final results of this review. The Department intends to issue assessment instructions to CBP 15 days after the date of publication of these amended final results of review.

For any individually examined respondents whose weighted-average dumping margin is above *de minimis* (i.e., 0.50 percent), we calculated importer-specific assessment rates for merchandise subject to this review.⁵

⁴ See *Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Final Results of 2000–2001 Administrative Review, Partial Rescission of Review, and Determination to Revoke Order*, in Part, 67 FR 68990, 68991 (November 14, 2002); see also *Tapered Roller Bearings and Parts Thereof, Finished and Unfinished, from the People's Republic of China: Final Results of 2009–2010 Antidumping Duty Administrative Review and Rescission of Administrative Review*, in Part, 77 FR 2271, 2273 (January 17, 2012).

⁵ As in the *Final Results*, the Department applied the assessment rate calculation method adopted in *Antidumping Proceedings: Calculation of the Weighted-Average Dumping Margin and Assessment Rate in Certain Antidumping Proceedings: Final Modification*, 77 FR 8101 (February 14, 2012) (“*Final Modification for Reviews*”).

For CPZ/SKF, we calculated an *ad valorem* rate for each importer by dividing the total amount of dumping calculated for the importer's examined sales by the total entered values associated with those sales. For duty-assessment rates calculated on this basis, we will direct CBP to assess the resulting *ad valorem* rate against the entered customs values for the subject merchandise. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review where an importer-specific assessment rate is above *de minimis*. Where either the respondent's weighted-average dumping margin is zero or *de minimis*,⁶ or an importer-specific assessment rate is zero or *de minimis*,⁷ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

We will instruct CBP to liquidate entries of subject merchandise exported by the PRC-wide entity at the *ad valorem* rate of 92.84 percent of entered value.

Cash Deposit Requirements

The following cash deposit requirements will be effective retroactively on any entries made on or after January 16, 2013, the date of publication of the *Final Results*, for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(C) of the Act: (1) For the exporters listed above, the cash deposit rate will be the rate shown for this company (except if the rate is *de minimis*, i.e., less than 0.5 percent, a zero cash deposit will be required for that company); (2) for previously investigated or reviewed PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be the PRC-wide rate of 92.84 percent; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporters that supplied that non-PRC exporter. These deposit requirements shall remain in effect until further notice.

These amended final results are published in accordance with sections 751(h) and 777(i)(1) of the Act.

⁶ See *Final Modification for Reviews*.

⁷ See 19 CFR 351.106(c)(2).

² See also 19 CFR 351.224(e).

³ See *Final Results*, 78 FR at 3397.

Dated: February 13, 2013.

Paul Piquado,

Assistant Secretary for Import Administration.

National Institute of Standards and Technology

Announcement of the American Petroleum Institute's Standards Activities

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice and request for public comment.

SUMMARY: The American Petroleum Institute (API), with the assistance of other interested parties, continues to develop standards, both national and international, in several areas. This notice lists the standardization efforts currently being conducted by API committees. The publication of this notice by the National Institute of Standards and Technology (NIST) on behalf of API is being undertaken as a public service. NIST does not necessarily endorse, approve, or recommend the standards referenced.

ADDRESSES: American Petroleum Institute, 1220 L Street NW., Washington, DC 20005; telephone (202) 682-8000, <http://www.api.org>.

FOR FURTHER INFORMATION CONTACT: Individuals listed in the **SUPPLEMENTARY INFORMATION** section of this notice may be reached at the American Petroleum Institute. David F. Alderman, NIST, 100 Bureau Drive, MS 2100, Gaithersburg, MD 20899, email: david.alderman@nist.gov or by phone at 301-975-4019.

SUPPLEMENTARY INFORMATION:

Background

The American Petroleum Institute develops and publishes voluntary standards for equipment, materials, operations, and processes for the petroleum and natural gas industry. These standards are used by both private industry and by governmental agencies. All interested persons should contact the appropriate source as listed for further information.
