

the People's Republic of China.¹ The notice of initiation stated that, unless postponed, the Department would issue its preliminary determination no later than 140 days after the date of issuance of the initiation, in accordance with section 773(b)(1)(A) of the Tariff Act of 1930, as amended ("the Act"). The preliminary determination is currently due no later than March 8, 2013.²

On February 5, 2013, the Coalition for Fair Trade of Hardwood Plywood ("Petitioners"), made a timely request, pursuant to 19 CFR 351.205(e), for postponement of the preliminary determination, in order to allow additional time for the Department to review the respondents' sections C and D questionnaire submissions, as well as other information critical to the proceeding, such as comments on the selection of a surrogate country and submissions of publicly available information to value the factors of production reported by the respondents.³ Because there are no compelling reasons to deny the request, in accordance with section 733(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination by 50 days.

An extension of 50 days from the current deadline of March 8, 2013, would result in a new deadline of April 27, 2013. Because April 27, 2013, falls on a Saturday, the due date for the preliminary determination is now April 29, 2013.⁴ The deadline for the final determination will continue to be 75 days after the date of the preliminary determination, unless extended.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

² As explained in the memorandum from the Assistant Secretary for Import Administration, the Department has exercised its discretion to toll deadlines for the duration of the closure of the Federal Government from October 29, through October 30, 2012. Thus, all deadlines in this segment of the proceeding have been extended by two days. The revised deadline for the preliminary determination of this investigation is now March 8, 2012. ³ See Letter to the Department, from Petitioners; Re: Hardwood and Decorative Plywood from the People's Republic of China, dated February 5, 2013.

⁴ Department practice dictates that where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. Dated: February 14, 2013.

order.² We invited interested parties to comment on the *Preliminary Determination*. The only party to comment was Petitioner, who agreed that the *Preliminary Determination* is in accordance with law and supported by evidence on the record of this inquiry. The Department has conducted this anticircumvention inquiry in accordance with section 781(c) of the Tariff Act of 1930, as amended ("the Act"), and 19 CFR 351.225.

Scope of the Order

The merchandise covered by the order is steel threaded rod. Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter, in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. In addition, the steel threaded rod, bar, or studs subject to the order are non-headed and threaded along greater than 25 percent of their total length. A variety of finishes or coatings, such as plain oil finish as a temporary rust protectant, zinc coating (*i.e.*, galvanized, whether by electroplating or hot-dipping), paint, and other similar finishes and coatings, may be applied to the merchandise.

Included in the scope of the order are steel threaded rod, bar, or studs, in which: (1) Iron predominates, by weight, over each of the other contained elements; (2) the carbon content is two percent or less, by weight; and (3) none of the elements listed below exceeds the quantity, by weight, respectively indicated:

- 1.80 percent of manganese, or
- 1.50 percent of silicon, or
- 1.00 percent of copper, or
- 0.50 percent of aluminum, or
- 1.25 percent of chromium, or
- 0.30 percent of cobalt, or
- 0.40 percent of lead, or
- 1.25 percent of nickel, or
- 0.30 percent of tungsten, or
- 0.012 percent of boron, or
- 0.10 percent of molybdenum, or
- 0.10 percent of niobium, or
- 0.41 percent of titanium, or

- 0.15 percent of zirconium.

Steel threaded rod is currently classifiable under subheading 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095 of the United States Harmonized Tariff Schedule ("HTSUS"). Although the

HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Excluded from the scope of the order are: (a) Threaded rod, bar, or studs which are threaded only on one or both ends and the threading covers 25 percent or less of the total length; and (b) threaded rod, bar, or studs made to American Society for Testing and Materials ("ASTM") A193 Grade B7, ASTM A193 Grade B7M, ASTM A193 Grade B16, or ASTM A320 Grade L7.

Scope of the Circumvention Inquiry

The merchandise subject to this circumvention inquiry consists of steel threaded rod from the PRC produced by Gem-Year containing greater than 1.25 percent chromium, by weight, and otherwise meeting the requirements of the scope of the order as listed under the "Scope of the Order" section above.

Final Determination

In the *Preliminary Determination*, the Department found that imports from the PRC of steel threaded rod containing greater than 1.25 percent chromium, by weight, produced by Gem-Year, and otherwise meeting the description of in-scope merchandise, are subject to the antidumping duty order on steel threaded rod from the PRC. We continue to determine that imports from the PRC of steel threaded rod containing greater than 1.25 percent chromium, by weight, produced by Gem-Year, and otherwise meeting the description of in-scope merchandise, are subject to the antidumping duty order on steel threaded rod from the PRC. The Department will issue appropriate instructions to U.S. Customs and Border Protection ("CBP") based on our final determination.

Continuation of Suspension of Liquidation

In accordance with 19 CFR 351.225(l)(3), we are directing CBP to continue to suspend liquidation of entries of merchandise subject to this inquiry produced by Gem-Year, and entered, or withdrawn from warehouse, for consumption on or after January 5, 2012, the date of the initiation of this inquiry. We will also instruct CBP to require a cash deposit of estimated duties at the applicable rates for each unliquidated entry of the product entered, or withdrawn from warehouse, for consumption on or after January 5, 2012, the date of the initiation of this inquiry, in accordance with 19 CFR 351.225(l)(3).

Notifications

This notice serves as a reminder to parties subject to the administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing this affirmative final determination of circumvention in accordance with sections 781(c) and 777(i) of the Act and 19 CFR 351.225.

Dated: February 13, 2013.

Assistant Secretary for Import Administration.
