PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

2. Add §165.T05–0986 to read as follows:

§165.T05–0986 Safety Zone for Ice Conditions; Baltimore Captain of the Port Zone.

(a) Regulated Area. The following area is a safety zone: The navigable waters of the Captain of the Port Baltimore Zone, as described in 33 CFR 3.25–15.

(b) Regulations. The general safety zone regulations found in 33 CFR 165.23 apply to the safety zone created by this temporary section, §165.T05–0986.

1. All vessels and persons are prohibited from entering into or moving within the safety zone unless they meet the requirements set forth by the Captain of the Port (COTP) Baltimore for the prevailing ice conditions. Requirements for entry during periods when the safety zone is enforced will be described via Marine Safety Radio Broadcast on VHF–FM marine band radio, channel 22A (157.1 MHZ). Requirements may include, but are not limited to, the use of convoys, restrictions on shaft horsepower, and hull type restrictions, dependent on the prevailing ice conditions and vessel type.

2. Persons desiring to transit in the safety zone not meeting the requirements established by the COTP Baltimore must contact the COTP Baltimore or his designated representative at telephone number 410–576–2693 or on VHF–FM channel 16 (156.8 MHZ) to seek permission prior to transiting the area. If permission is granted, all persons and vessels shall comply with the instructions of the COTP Baltimore or his designated representative.

3. The COTP Baltimore vessels enforcing this safety zone can be contacted on VHF–FM marine band radio channel 16 (156.8 MHZ). Upon being hailed by a U.S. Coast Guard vessel, or other Federal, State, or local agency vessel operating under the authority of the COTP Baltimore, by siren, radio, flashing light, or other means, the operator of a vessel shall proceed as directed. The COTP Baltimore and his designated representatives can be contacted at telephone number 410–576–2693.

4. The COTP Baltimore or his designated representative will notify the public of any changes in the status of this safety zone by Marine Safety Radio Broadcast on VHF–FM marine band radio channel 22A (157.1 MHZ).

(d) Definitions. As used in this section: Captain of the Port Baltimore means the Commander, U.S. Coast Guard Sector Baltimore, Maryland. Designated representative means any Coast Guard commissioned, warrant, or petty officer who has been authorized by the Captain of the Port Baltimore to assist in enforcing the safety zone described in paragraph (a) of this section.

(e) Enforcement. The U.S. Coast Guard may be assisted by Federal, State and local agencies in the patrol and enforcement of the zone.

(f) Enforcement period. This section will be enforced from January 26, 2013 until April 15, 2013.

Dated: January 26, 2013.

Kevin C. Kiefer, Captain, U.S. Coast Guard, Captain of the Port Baltimore.

Coast Guard

33 CFR Part 165

[Docket Number USCG–2012–0903]

RIN 1625–AA00

Safety Zone; Seafair Blue Angels Air Show Performance, Seattle, WA

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The U.S. Coast Guard is amending the Seafair Blue Angels Air Show Performance safety zone on the waters of Lake Washington, Seattle, WA. This action is necessary to safeguard participants and spectators from the safety hazards associated with the Seafair Blue Angels Air Show Performance, which include low flying high speed aircraft, and will do so by prohibiting entry into the safety zone unless authorized by the Captain of the Port (COTP), Puget Sound or a Designated Representative.

DATES: This rule is effective March 27, 2013.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG–2012–0903]. To view documents mentioned in this preamble as being available in the docket, go to http://www.regulations.gov, type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this rulemaking. You may also visit the Docket Management Facility in Room W12–140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this rule, call or email ENS Nathaniel P. Clinger; Waterways Management Division, Coast Guard Sector Puget Sound; Coast Guard; telephone 206–217–6045, email SectorPugetSoundWWM@uscg.mil. If you have questions on viewing or
submitting material to the docket, call Barbara Hairston, Program Manager, Docket Operations, telephone (202) 366–9826.

SUPPLEMENTARY INFORMATION:

Table of Acronyms

A. Regulatory History and Information

On July 30, 2012, a Temporary Final Rule (TFR), Safety Zone; Seafair Blue Angels Air Show Performance, Seattle, WA, was published. The TFR increased the size of the preexisting safety zone. On October 15, 2012, an NPRM, Safety Zone, Seafair Blue Angels Air Show Performance, Seattle, WA, was published. The Coast Guard received 2 comments pertaining to the NPRM, submitted via regulations.gov, and received 0 requests for public meeting. The comments received were in favor of the rule outlined in the NPRM and therefore no changes were made to the rule.

B. Basis and Purpose

The Coast Guard is amending this safety zone to ensure the safety of the maritime public and participants during the Seattle Blue Angels Air Show. The size of the safety zone in 33 CFR 165.1319 has been determined to be inadequate to accommodate the anticipated flight pattern of the Blue Angels. This rule extends the northern boundary line of the existing regulation northward by 500 yards, and updates coordinates to provide a zone of adequate size.

C. Discussion of Comments, Changes and the Final Rule

The Coast Guard received 2 comments with regard to the preceding NPRM of this Final Rule. Both comments supported the decision to increase the safety zone size of the rule to ensure adequate safety of the maritime public and participants during the Air Show. As a result no changes were made to the rule.

As described in 69 FR 35249–01, the Coast Guard established a final rule for the annual Blue Angels Air Show Performance. The purpose of this rule is to protect the public from dangers including excessive noise and falling objects from any potential accidents caused by these low-flying military aircraft. The regulation contained in 33 CFR 165.1319 encompasses “all waters of Lake Washington, Washington State, enclosed by the following points: Near the termination of Roanoke Way 47°35′44″ N, 122°14′47″ W; thence to 47°35′48″ N, 122°15′45″ W; thence to 47°36′02.1″ N, 122°15′50.2″ W; thence to 47°35′56.6″ N, 122°16′29.2″ W; thence to 47°35′42″ N, 122°16′24″ W; thence to the east side of the entrance to the west highrise of the Interstate 90 bridge; thence westerly along the south side of the bridge to the shoreline on the western terminus of the bridge; thence southerly along the shoreline to Andrews Bay at 47°33′06″ N, 122°15′32″ W; thence northeast along the shoreline of Bailey Peninsula to its northeast point at 47°33′44″ N, 122°15′04″ W; thence easterly along the east-west line drawn tangent to Bailey Peninsula; thence northerly along the shore of Mercer Island to the point of origin. [Datum: NAD 1983].”

However, the participating aircraft have a flight pattern that will extend past the northern boundary of the regulation in 33 CFR 156.1319. As such, an extension is necessary in order to protect the maritime public and participants.

This rule amends the Seafair Blue Angels Air Show Performance Safety Zone, extending the northern boundary starting at point 47°36′17.28″ N, 122°16′49.44″ W; thence west to point 47°36′17.28″ N, 122°16′58.56″ W; thence south along the shoreline to point 47°35′25.44″ N, 122°17′59.48″ W; thence east along the I-90 bridge to point 47°35′23.36″ N, 122°15′17.1″ W; thence north east along the shoreline to point 47°35′45.3″ N, 122°14′49.44″ W; thence north back to the point of origin.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The Coast Guard bases this finding on the fact that the safety zone will be in place for a limited period of time and vessel traffic will be able to transit around the safety zone. Maritime traffic may also request permission to transit through the zone from the (COTP), Puget Sound or a Designated Representative.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received 0 comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule would affect the following entities, some of which may be small entities: the owners and operators of vessels intending to operate in the waters covered by the safety zone while it is in effect. The rule would not have a significant economic impact on a substantial number of small entities because the safety zone would be in place for limited periods of time and maritime traffic would still be able to transit around the safety zone. Maritime traffic may also request permission to transit through the zone from the COTP, Puget Sound or a Designated Representative.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. Law 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the FOR FURTHER INFORMATION CONTACT, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.
4. Collection of Information
   This rule will not call for a new collection of information under the

5. Federalism
   A rule has implications for federalism under Executive Order 13132,
   Federalism, if it has a substantial direct effect on the States, on the relationship
   between the national government and the States, or on the distribution of
   power and responsibilities among the various levels of government. We have
   analyzed this rule under that Order and determined that this rule does not have
   implications for federalism.

6. Protest Activities
   The Coast Guard respects the First Amendment rights of protesters.
   Protesters are asked to contact the person listed in the FOR FURTHER
   INFORMATION CONTACT section to coordinate protest activities so that your
   message can be received without jeopardizing the safety or security of people,
   places or vessels.

7. Unfunded Mandates Reform Act
   The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires
   Federal agencies to assess the effects of their discretionary regulatory actions. In
   particular, the Act addresses actions that may result in the expenditure by a
   State, local, or tribal government, in the aggregate, or by the private sector of
   $100,000,000 (adjusted for inflation) or more in any one year. Though this rule
   will not result in such an expenditure, we do discuss the effects of this rule
   elsewhere in this preamble.

8. Taking of Private Property
   This rule will not cause a taking of private property or otherwise have
   taking implications under Executive Order 12630, Governmental Actions and
   Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform
   This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive
   Order 12988, Civil Justice Reform, to minimize litigation, eliminate
   ambiguity, and reduce burden.

10. Protection of Children
    We have analyzed this rule under Executive Order 13045, Protection of
    Children from Environmental Health Risks and Safety Risks. This rule is not
    an economically significant rule and does not create an environmental risk to
    health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments
    This rule does not have tribal implications under Executive Order
    13175, Consultation and Coordination with Indian Tribal Governments,
    because it does not have a substantial direct effect on one or more Indian
    tribes, on the relationship between the Federal Government and Indian tribes,
    or on the distribution of power and responsibilities between the Federal
    Government and Indian tribes.

12. Energy Effects
    This action is not a “significant energy action” under Executive Order
    13211, Actions Concerning Regulations That Significantly Affect Energy Supply,
    Distribution, or Use.

13. Technical Standards
    This rule does not use technical standards. Therefore, we did not
    consider the use of voluntary consensus standards.

14. Environment
    We have analyzed this rule under Department of Homeland Security
    Management Directive 023–01 and Commandant Instruction M16475.1D,
    which guide the Coast Guard in
    complying with the National Environmental Policy Act of 1969
    (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of
    a category of actions that do not individually or cumulatively have a
    significant effect on the human environment. This rule involves the
    amendment of a safety zone. This rule is categorically excluded from further
    review under paragraph 34(g) of Figure
    2–1 of the Commandant Instruction. An
    environmental analysis checklist supporting this determination and a
    Categorical Exclusion Determination are available in the docket where indicated
    under ADDRESSES. We seek any
    comments or information that may lead to the discovery of a significant
    environmental impact from this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping
requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard is amending
33 CFR part 165, as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS
