

and downtown Corpus Christi; *Site 4* (176 acres)—American Petrofina Marketing, Inc., located at the mouth of the ship channel; *Site 7* (18.2 acres)—GateFront, LLC, located at 7102 Marvin L. Berry Road; and, *Site 8* (3.71 acres)—C.C. Distributors, Inc., located at 210 McBride Lane. (**Note:** Sites 2, 5 and 6 were removed from the zone via minor boundary modification procedures in November 2010 (A(27f)–81–2010).)

The grantee's proposed service area under the ASF would be the Counties of Nueces, San Patricio, Aransas, Jim Wells, Kleberg and Bee, Texas, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies' needs for FTZ designation. The proposed service area is within and adjacent to the Corpus Christi Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include existing Site 1 as a "magnet" site and existing Sites 3, 7 and 8 as "usage-driven" sites. The ASF allows for the possible exemption of one magnet site from the "sunset" time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. The applicant is also requesting to remove Site 4 from the zone. No additional subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 122's previously authorized subzones.

In accordance with the Board's regulations, Camille Evans of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is April 29, 2013. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 13, 2013.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the "Reading Room" section of the Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz). #### Petitioner

The petitioner in this investigation is Elkay Manufacturing Company ("Petitioner").

#### Period of Investigation

The period for which we are measuring subsidies, or period of investigation, is January 1, 2011, through December 31, 2011.

#### Case History

The following events have occurred since the *Preliminary Determination*.<sup>1</sup>

On August 7, 2012, the Department initiated its investigation of new subsidy allegations.<sup>2</sup> Questionnaires regarding these subsidies were sent to the Government of the People's Republic of China ("GOC"), Guangdong Yingao Kitchen Utensils Co., Ltd. and Foshan Magang Kitchen Utensils Co., Ltd. (collectively, "Yingao"), and Zhongshan Superte Kitchenware Co., Ltd. and Foshan Zhaoshun Trade Co., Ltd. (collectively, "Superte"), and we received responses between August 22 and October 23, 2012.

On September 20, 2012, the Department published a notice aligning the deadline for this final countervailing duty ("CVD") determination with the deadline for the final determination in the antidumping duty ("AD") investigation.<sup>3</sup>

We conducted verification of Yingao's, Superte's and the GOC's questionnaire responses from November 5, to November 16, 2012, and subsequently issued verification reports.

On January 8, 2013, the Department issued post-preliminary analyses for Yingao and Superte on January 8, 2013.<sup>4</sup>

The GOC, Yingao, Superte, and Petitioner submitted case briefs on January 17, 2013, and rebuttal briefs on January 25, 2013.

regarding product coverage, and encouraged all parties to submit comments within 20 calendar days of publication of the *Initiation Notice*. As described in the *Preliminary Determination*, we received scope comments from Blanco America, Inc. ("Blanco"), an importer of subject merchandise, on April 10, 2012. Blanco's scope comments were addressed in the preliminary determination of the corresponding AD investigation to this case.<sup>7</sup> As stated in the *AD Preliminary Determination*, we have determined not to change the scope language as presented below and in the *Initiation Notice*.

#### Scope of the Investigation

The products covered by the scope of this investigation are SS sinks with single or multiple drawn bowls, with or without drain boards, whether finished or unfinished, regardless of type of finish, gauge, or grade of stainless steel. Mounting clips, fasteners, seals, and sound-deadening pads are also covered by the scope of this investigation if they are included within the sales price of the SS sinks.<sup>8</sup> For purposes of this scope definition, the term "drawn" refers to a manufacturing process using metal forming technology to produce a smooth basin with seamless, smooth, and rounded corners. SS sinks are available in various shapes and configurations and may be described in a number of ways including flush mount, top mount, or undermount (to indicate the attachment relative to the countertop). SS sinks with multiple drawn bowls that are joined through a welding operation to form one unit are covered by the scope of the investigation. SS sinks are covered by the scope of the investigation whether or not they are sold in conjunction with non-subject accessories such as faucets (whether attached or unattached), strainers, strainer sets, rinsing baskets, bottom grids, or other accessories.

Excluded from the scope of the investigation are SS sinks with fabricated bowls. Fabricated bowls do not have seamless corners, but rather are made by notching and bending the stainless steel, and then welding and finishing the vertical corners to form the bowls. SS sinks with fabricated bowls

<sup>7</sup> See *Drawn Stainless Steel Sinks From the People's Republic of China: Antidumping Duty Investigation*, 77 FR 60673 (October 4, 2012) ("AD Preliminary Determination") and accompanying Preliminary Determination Decision Memorandum at 3.

<sup>8</sup> Mounting clips, fasteners, seals, and sound deadening pads are not covered by the scope of this investigation if they are not included within the sales price of the SS sinks, regardless of whether they are shipped with or entered with SS sinks.
