process. FTA and LACMTA are required by 23 U.S.C. 139 to do the following: (1) Extend an invitation to other federal and non-federal agencies and Native American tribes that may have an interest in the proposed project to become “participating agencies;” (2) provide an opportunity for involvement by participating agencies and the public to help define the purpose and need for a proposed project, as well as the range of alternatives for consideration in the EIS; and (3) establish a plan for coordinating public and agency participation in, and comment on, the environmental review process. An invitation to become a participating or cooperating agency, with scope of materials appended, will be extended to other federal and non-federal agencies and Native American tribes that may have an interest in the proposed project. It is possible that FTA and LACMTA will not be able to identify all federal and non-federal agencies and Native American tribes that may have such an interest. Any federal or non-federal agency or Native American tribe interested in the proposed project that does not receive an invitation to become a participating agency should notify at the earliest opportunity the Project Manager identified above under ADDRESSES.

A comprehensive public involvement program and a Coordination Plan for public and interagency involvement will be developed for the project and posted on LACMTA on the project Web site (http://www.metro.net/projects/east-sfv). The public involvement program includes a full range of activities including a public scoping process to define the issues of concern, a project web page on the LACMTA Web site, development and distribution of project newsletters, and outreach to local officials, community and civic groups, and the public. Specific activities or events for involvement will be detailed in the public involvement program.

The EIS will be prepared in accordance with NEPA and its implementing regulations issued by the Council on Environmental Quality (40 CFR Parts 1500–1508) and with the FTA/ Federal Highway Administration regulations “Environmental Impact and Related Procedures” (23 CFR part 771). In accordance with 23 CFR 771.105(a) and 23 CFR 771.133, FTA will comply with all federal environmental laws, regulations, and executive orders applicable to the proposed project during the environmental review process to the maximum extent practical. The regulations include, but are not limited to, the environmental and public hearing provisions of federal transit laws (49 U.S.C. 5301(e), 5323(b), and 5324); the project-level air quality conformity regulation of the U.S. Environmental Protection Agency (EPA) (40 CFR part 93); the Section 404(b)(1) guidelines of EPA (40 CFR part 230); the regulation implementing Section 106 of the National Historic Preservation Act (36 CFR part 800); the regulation implementing Section 7 of the Endangered Species Act (50 CFR part 422); Section 4(f) (23 U.S.C. 38 and 49 U.S.C. 303); and Executive Orders 12898 on environmental justice, 11988 on floodplain management, and 11990 on wetlands.

Issued on: February 25, 2013.

Regional Administrator, Regional IX, Federal Transit Administration.
