[Docket No. EL13-49-000]

Citizens Energy Task Force, Save Our Unique Lands (Complainants) v. Midwest Reliability Organization, Midwest Independent Transmission System Operator, Inc., Xcel Energy, Inc., Great River Energy, Dairyland Power Cooperative, Wisconsin Public Power Inc., (Respondents); Notice of Complaint

Take notice that on February 28, 2013, pursuant to section 306 of the Federal Power Act (FPA) and Rule 206 of the Rules of Practice and Procedures of the Federal Energy Regulatory Commission (Commission), 18 CFR 385.206, Citizens Energy Task Force (CETF) and Save Our Unique Lands (SOUL) filed a complaint requesting that the Commission order: (1) That the MTEP 08 addition of the Hampton-Rochester-La Crosse transmission line is prohibited because electrical impacts of the addition of this project to the grid were not considered, and that instead of improving the reliability of the system, it contributes to and/or causes electrical system instability; (2) that the Midwest Reliability Organization has neglected its duty to preserve the reliability of the system, and (3) that the Commission order revocation of the Midwest Independent Transmission Service Operator approval of the CapX 2020 Hampton-La Crosse transmission project because the addition of the Hampton-Rochester-La Crosse transmission line contributes to and/or causes system instability.

The Complainants certify that copies of the complaint were served on the contacts for the Respondents as listed on the commission's list of Corporate

Officials and on parties and the regulatory agencies the Complainants reasonably expect to be affected by this complaint.
