

Market Makers to provide the necessary liquidity and facilitate transactions on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the proposal does not impose an intra-market burden on competition, because it will apply to all Participants subject to those obligations in the same manner. Nor will the proposal impose a burden on competition among the options exchanges, because, in addition to the vigorous competition for order flow among the options exchanges, the proposal addresses a regulatory situation common to all options exchanges. To the extent that market participants disagree with the particular approach taken by the Exchange herein, market participants can easily and readily operate on competing venues. The Exchange believes this proposal will not impose a burden on competition and will help provide liquidity during periods of extraordinary volatility in an NMS stock.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

- (A) By order approve or disapprove such proposed rule change, or
- (B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File No. SR-NASDAQ-2013-043 on the subject line.

Paper Comments

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File No. SR-NASDAQ-2013-043. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File No. SR-NASDAQ-2013-043 and should be submitted on or before March 28, 2013.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69058; File No. SR-NASDAQ-2013-039]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Replace the Current Mid-Point Test Applied to the Definition of Theoretical Price

March 7, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 26, 2013, The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange"), filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange has filed a proposed rule change for the NASDAQ Options Market ("NOM") to amend Chapter V Regulation of Trading on NOM, Section 6, Obvious Errors, to replace the current mid-point test applied to the definition of Theoretical Price, as described further below.

The text of the proposed rule change is below. Proposed new language is italicized.

* * * * *

Chapter V Regulation of Trading on NOM

* * * * *

Sec. 6 Obvious Errors

(a) Nasdaq shall either nullify a transaction or adjust the execution price of a transaction that meets the standards provided in this Section.

(b) No change.

(c) *Definition of Theoretical Price.* For purposes of this Section only, the Theoretical Price of an option series is,

(i) If the series is traded on at least one other options exchange, the [mid-point of the] *last National Best Bid price with respect to an erroneous sell transaction and the last National Best Offer price with respect to an erroneous buy transaction* [and Offer ("NBBO")], just prior to the transaction; or

(ii) No change.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to help Participants to better manage their risk by modernizing the Exchange's Obvious Errors rule. Chapter V, Section 6 governs obvious and catastrophic errors. Obvious errors are calculated under the rule by determining a theoretical price and determining, based on objective standards, whether the trade should be nullified or adjusted. The rule also contains a process for requesting an obvious error review. Certain more substantial errors may fall under the category of a catastrophic error, for which a longer time period is permitted to request a review and for which trades can only be adjusted (not nullified). Trades are adjusted pursuant to an adjustment table that, in effect, assesses an adjustment penalty. By adjusting trades above or below the theoretical price, the Rule assesses a "penalty" in that the adjustment price is not as favorable as the amount the party making the error would have received had it not made the error.

Currently, Chapter V, Section 6 provides that the definition of the Theoretical Price of an option is: (i) If the series is traded on at least one other options exchange, the mid-point of the National Best Bid and Offer ("NBBO"), just prior to the transaction; or (ii) if there are no quotes for comparison purposes, as determined by MarketWatch as defined in Chapter I.

The Exchange believes that in certain situations the application of the rule when determining to nullify or adjust transactions may lead to an unfair result for one of the parties to the transaction, particularly where the market for the affected series includes a bid price that

is relatively small (for example, \$0.50) and a substantially higher offer (for example \$5.00). The result is that a transaction to sell that occurs correctly on the bid at \$0.50 could be adjusted based on the midpoint of the NBBO, which is, in this example, \$2.75. In such a case, the result is unfair to the bidder at \$0.50, whose price would be adjusted based on the Theoretical Price of \$2.75, and an unjust enrichment to the seller, who is entitled to \$0.50 based on the bid, but who would receive the adjusted price of over \$2.00 higher because of the rule, and not due to market conditions.

Accordingly, the proposal would re-define "Theoretical Price" to mean either the last National Best Bid price with respect to an erroneous sell transaction or the last National Best Offer price with respect to an erroneous buy transaction, just prior to the trade. The purpose of this provision is to establish a Theoretical Price that is clearly defined when there are quotations to compare to the erroneous transaction price, and to eliminate the scenario above that arises from the "mid-point" test when the NBBO is particularly wide. The Exchange notes that other options exchanges previously employed the mid-point test but changed it to the NBBO test.

When another options exchange's comparable rule was first adopted, the Commission stated that it " * * * considers that in most circumstances trades that are executed between parties should be honored. On rare occasions, the price of the executed trade indicates an 'obvious error' may exist, suggesting that it is unrealistic to expect that the parties to the trade had come to a meeting of the minds regarding the terms of the transaction. In the Commission's view, the determination of whether an 'obvious error' has occurred, and the adjustment or nullification of a transaction because an obvious error is considered to exist, should be based on specific and objective criteria and subject to specific and objective procedures * * * The Commission believes that Phlx's proposed obvious error rule establishes specific and objective criteria for determining when a trade is an 'obvious error.' Moreover, the Commission believes that the Exchange's proposal establishes specific and objective procedures governing the adjustment or nullification of a trade that resulted from an 'obvious error.' " ³

³ See Securities Exchange Act Release No. 49785 (May 28, 2004), 69 FR 32090 (June 8, 2004) (SR-Phlx-2003-68).

2. Statutory Basis

NASDAQ believes that its proposal is consistent with Section 6(b) of the Act ⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act ⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system, and, in general, to protect investors and the public interest, by helping Exchange members better manage the risk associated with potential erroneous trades. Specifically, the Exchange believes that the proposal is consistent with these principles, because it sets forth an objective process based on specific and objective criteria and subject to specific and objective procedures. In addition, the Exchange has again weighed carefully the need to assure that one market participant is not permitted to receive a windfall at the expense of another market participant, against the need to assure that market participants are not simply being given an opportunity to reconsider poor trading decisions. Accordingly, the Exchange has determined that defining the Theoretical Price of an option with reference to the NBBO is appropriate and consistent with the aforementioned principles.

B. Self-Regulatory Organization's Statement on Burden on Competition

NASDAQ does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposal does not impose an intra-market burden on competition, because the new definition of Theoretical Price will apply to all Options Participants. Nor will the proposal impose a burden on competition among the options exchanges, because of the vigorous competition for order flow among the options exchanges. NOM competes with 10 other options exchanges in a highly competitive market, where market participants can easily and readily direct order flow to competing venues.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

⁴ 15 U.S.C. 78f(b).

⁵ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the proposed rule change does not (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)(iii) thereunder.⁷

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69053; File No. SR-BX-2013-019]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify BX's Fee Schedule Governing Order Routing

March 7, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 27, 2013, NASDAQ OMX BX, Inc. ("BX" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit

comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

BX proposes to amend BX's fee schedule governing order routing. BX will implement the proposed change on February 27, 2013. The text of the proposed rule change is available at <http://nasdaqomxbx.cchwallstreet.com/>, at BX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item III below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is amending its fee schedule governing order routing to establish fees for routing orders using its two new order routing strategies, BDRK and BCST.³ All of the changes pertain to securities priced at \$1 or more per share.

With respect to BDRK and BCST orders that access liquidity in the BX Equities System, members will receive a credit of \$0.0014 per share executed. With respect to BDRK and BCST orders that execute on a venue other than the BX Equities System, members will be charged \$0.0010 per share. With respect to BDRK and BCST orders that provide liquidity in the BX Equities System, members will be charged no differently than other orders that provide liquidity. Specifically, members will be charged

³ BDRK orders, pursuant to Rule 4758(a)(1)(A)(viii), check the System for available shares and simultaneously route to certain destinations on the System routing table that are not posting Protected Quotations within the meaning of Regulation NMS (i.e. "dark venues" or "dark pools"). BCST orders, pursuant to Rule 4758(a)(1)(A)(ix), check the System for available shares and simultaneously route to select dark venues and to certain low cost exchanges. See Securities Exchange Act Release No. 68840 (February 6, 2013), 78 FR 9961 (February 12, 2013) (SR-BX-2013-008).
