I. Background on the Wyoming Program

Section 503(a) of the Act permits a State to assume primacy for the regulation of surface coal mining and reclamation operations on non-Federal and non-Indian lands within its borders by demonstrating that its State program includes, among other things, “a State law which provides for the regulation of surface coal mining and reclamation operations in accordance with the requirements of this Act * * *; and rules and regulations consistent with regulations issued by the Secretary pursuant to this Act.” See 30 U.S.C. 1253(a)(1) and (7). On the basis of these criteria, the Secretary of the Interior conditionally approved the Wyoming program on November 26, 1980. You can find background information on the Wyoming program, including the Secretary’s findings, the disposition of comments, and the conditions of approval of the Wyoming program in the November 26, 1980, Federal Register (45 FR 78637). You can also find later actions concerning Wyoming’s program and program amendments at 30 CFR 950.12, 950.15, 950.16, and 950.20.

II. Description of the Proposed Amendment

By letter dated January 4, 2013, Wyoming sent us a proposed amendment to its approved regulatory program (Administrative Record Docket ID No. OSM–2013–0001) under SMCRA (30 U.S.C. 1201 et seq.). Wyoming submitted the amendment in response to a concern letter OSM sent relating to valid existing rights (VER) and a Federal Register notice (78 FR 10512) that disapproved several proposed VER rule changes that were required by an April 2, 2001, letter we sent in accordance with 30 CFR 732.17(c). That letter required Wyoming to submit amendments to ensure its program remains consistent with the Federal program. This amendment package is intended to address all remaining required rule changes pertaining to VER. Wyoming also proposes changes to its rules for individual civil penalties that were disapproved in the Federal Register notice.

Specifically, Wyoming proposes to amend the Land Quality Division Coal Rules and Regulations at Chapter 1, Section 2(ff) (definition of “Valid Existing Rights”) and the applicable standards and procedures used to evaluate VER claims); Chapter 12, Section 1(a)(v)-(vii) (VER determination and permitting procedures); Chapter 16, Section 4(a)(iii) (definition of “willfully”); and 16, Section 4(b)(i)

DATES: We will accept written comments on this amendment until 4:00 p.m., m.d.t., April 15, 2013. If requested, we will hold a public hearing on the amendment on April 8, 2013. We will accept requests to speak until 4:00 p.m., m.d.t. on March 29, 2013.

Electronic or Written Comments

If you submit written comments, they should be specific, confined to issues pertinent to the proposed regulations, and explain the reason for any recommended change(s). We appreciate any and all comments, but those most useful and likely to influence decisions on the final regulations will be those that either involve personal experience or include citations to and analyses of SMCRA, its legislative history, its implementing regulations, case law, other pertinent State or Federal laws or regulations, technical literature, or other relevant publications.

We cannot ensure that comments received after the close of the comment period (see DATES) or sent to an address other than those listed above (see ADDRESSES) will be included in the docket for this rulemaking and considered.

We will end the hearing after everyone scheduled to speak and others present in the audience who wish to speak, have been heard.

Public Meeting

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Other Laws and Executive Orders Affecting Rulemaking

When a State submits a program amendment to OSM for review, our regulations at 30 CFR 732.17(h) require us to publish a notice in the Federal Register indicating receipt of the proposed amendment, its text or a summary of its terms, and an opportunity for public comment. AGENCY: Coast Guard, DHS.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Coast Guard proposes to establish special local regulations on the Atlantic Intracoastal Waterway in Bucksport, South Carolina during the Outboard Drag Boat Association (ODBA) dragging on the Waccamaw, a series of high-speed boat races. The event is scheduled to take place on 11:00 a.m. Saturday, June 22, 2013, through 7:30 p.m. Sunday, June 23, 2013. Approximately 50 high-speed race boats are anticipated to participate in the races. These special local regulations are necessary to provide for the safety of life and property on navigable waters of the United States during the event. These special local regulations would temporarily restrict vessel traffic in a portion of the Atlantic Intracoastal Waterway. Persons and vessels that are not participating in the races would be prohibited from entering, transiting through, anchoring in, or remaining within the restricted area unless authorized by the Captain of the Port Charleston or a designated representative.
