SUPPLEMENTARY INFORMATION:

Purpose and Activity: The CIPAC facilitates interaction between government officials and representatives of the community of owners and/or operators for each of the critical infrastructure sectors defined by Presidential Policy Directive (PPD) 21 and identified in the National Infrastructure Protection Plan. The scope of activities covered by the CIPAC includes planning; coordinating among government and critical infrastructure owner and operator security partners; implementing security program initiatives; conducting operational activities related to critical infrastructure protection security measures, incident response, recovery, and infrastructure resilience; reconstituting critical infrastructure assets and systems for both manmade as well as naturally occurring events; and sharing threat, vulnerability, risk mitigation, and infrastructure continuity information.

Organizational Structure: CIPAC members are organized into 16 critical infrastructure sectors. Each of these sectors has a government coordinating council (GCC) whose membership includes (i) a lead Federal agency that is defined as the Sector-Specific Agency; (ii) all relevant Federal, state, local, tribal, and/or territorial government agencies (or their representative bodies) whose mission interests also involve the scope of the CIPAC activities for that particular sector; and (iii) a sector coordinating council (SCC) whose membership includes critical infrastructure owners and/or operators or their representative trade associations.

CIPAC Membership: CIPAC Membership may include:

(i) Critical Infrastructure owner and/or operator members of their respective sector's DHS-recognized Sector Coordinating Council, including their representative trade or equivalent organizations as determined by the sector;

(ii) Federal, state, local, and tribal governmental entities comprising the members of the GCC for each sector, including their representative trade or equivalent organizations.

CIPAC membership is organizational. Multiple individuals may participate in CIPAC activities on behalf of a member as long as member representatives are not Federally registered lobbyists.

CIPAC Membership Roster and Council Information: The current roster of CIPAC members is published on the CIPAC Web site (<http://www.dhs.gov/cipac>) and is updated as the CIPAC membership changes. Members of the public may visit the CIPAC Web site at any time to view current CIPAC membership as well as the current and historic list of CIPAC meetings and agendas.
