Food and Drug Administration

21 CFR Parts 16 and 112

[Docket No. FDA–2011–N–0921]

RIN 0910–AG35

Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption; Correction

AGENCY: Food and Drug Administration, HHS.

ACTION: Proposed rule; correction.

SUMMARY: The Food and Drug Administration (FDA or we) is correcting the preamble to a proposed rule that published in the Federal Register of January 16, 2013. That proposed rule would establish science-based minimum standards for the safe growing, harvesting, packing, and holding of produce, meaning fruits and vegetables grown for human consumption. FDA proposed these standards as part of our implementation of the FDA Food Safety Modernization Act. The document published with several technical errors, including some errors in cross references, as well as several errors in reference numbers cited throughout the document. This document corrects those errors. We are also placing a corrected copy of the proposed rule in the docket.

SUPPLEMENTARY INFORMATION: FDA is correcting the preamble to the January 16, 2013 (78 FR 3504), proposed rule entitled “Standards for the Growing, Harvesting, Packing, and Holding of Produce for Human Consumption.” The document published with several technical errors, including some errors in cross references, as well as several errors in reference numbers cited throughout the document. This document corrects those errors. In addition, we inadvertently omitted the reference by “Stine et al. (2005)” from section X. References. We also omitted a reference for “Todd et al. (2009)” from section X. References. Therefore, we are correcting the References section to add new Reference 274 for “Stine et al.” and new Reference 275 for “Todd et al.” We are placing copies of both References 274 and 275 in the docket. We are also placing a corrected copy of the proposed rule in the docket (Ref. 1).
