

Summary of Collection: 7 U.S.C. 7333(b)(3) specifically requires, for crops and commodities covered by the Noninsured Crop Disaster Assistance Program (NAP), annual reports of acreage planted and prevented from being planted must be reported, as required by the Secretary, by the designated acreage reporting data for the crop and location as established by the Secretary. The report of acreage is conducted on an annual basis and is used by the Farm Service Agency (FSA) county offices to determine eligibility for benefits that are available to producers on the farm. Respondents must provide the information each year because variables such as previous year experience, weather occurrences and projections, market demand, new farming techniques and personal preferences affect the amount of land being farmed, the mix of crops planted, and the projected harvest. Prior year information while useful is not sufficient on its own. Therefore, respondents must supply on a yearly basis current data on a program by the final reporting date established for their county to qualify for NAP assistance. The "Modernize and Innovate the Delivery of Agricultural System" (MIDAS) is FSA's initiative to improve the delivery of FSA farm program benefits and services through the reengineering of farm program business processes and the adoption of enhanced and modernized information technology.

Need and Use of the Information: FSA will collect information verbally from the producers during visits to the county offices. FSA will collect one or more of the following data elements, as required: crop planted, planting date, crop's intended use, type or variety, practice (irrigated or non-irrigated), acres, location of the crop (tract and field), and the producer's percent share in the crop along with the names of other producers having an interest in the crop. Once the information is collected and eligibility established, the information is used throughout the crop year to ensure the producer remains compliant with program provisions. NAP requires crop, commodity, and acreage information collection on a program year basis. Failure to collect the data on that basis would result in program overpayments through producer ineligibility, incorrect acres, or incorrect shares of the crop.

Description of Respondents: Individuals or households.

Number of Respondents: 291,500.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 510,125.

Ruth Brown,

Departmental Information Collection Clearance Officer.

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Child Nutrition Programs; Income Eligibility Guidelines

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice

SUMMARY: This Notice announces the Department's annual adjustments to the Income Eligibility Guidelines to be used in determining eligibility for free and reduced price meals and free milk for the period from July 1, 2013 through June 30, 2014. These guidelines are used by schools, institutions, and facilities participating in the National School Lunch Program (and Commodity School Program), School Breakfast Program, Special Milk Program for Children, Child and Adult Care Food Program and Summer Food Service Program. The annual adjustments are required by section 9 of the Richard B. Russell National School Lunch Act. The guidelines are intended to direct benefits to those children most in need and are revised annually to account for changes in the Consumer Price Index.

DATES: *Effective Date:* July 1, 2013.

FOR FURTHER INFORMATION CONTACT: William Wagoner, Supervisory Program Analyst, School Programs Section, Child Nutrition Division, Food and Nutrition Service (FNS), USDA, Alexandria, Virginia 22302, or by phone at (703) 305-2590.

SUPPLEMENTARY INFORMATION: This action is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C. 601-612) and thus is exempt from the provisions of that Act.

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507), no recordkeeping or reporting requirements have been included that are subject to approval from the Office of Management and Budget.

This notice has been determined to be not significant and was not reviewed by the Office of Management and Budget in conformance with Executive Order 12866.

The affected programs are listed in the Catalog of Federal Domestic Assistance under No. 10.553, No. 10.555, No. 10.556, No. 10.558 and No. 10.559 and

are subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials. (See 7 CFR part 3015, Subpart V, and the final rule related notice published at 48 FR 29114, June 24, 1983.)

Background

Pursuant to sections 9(b)(1) and 17(c)(4) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)(1) and 42 U.S.C. 1766(c)(4)), and sections 3(a)(6) and 4(e)(1)(A) of the Child Nutrition Act of 1966 (42 U.S.C. 1772(a)(6) and 1773(e)(1)(A)), the Department annually issues the Income Eligibility Guidelines for free and reduced price meals for the National School Lunch Program (7 CFR Part 210), the Commodity School Program (7 CFR Part 210), School Breakfast Program (7 CFR Part 220), Summer Food Service Program (7 CFR Part 225) and Child and Adult Care Food Program (7 CFR Part 226) and the guidelines for free milk in the Special Milk Program for Children (7 CFR Part 215). These eligibility guidelines are based on the Federal income poverty guidelines and are stated by household size. The guidelines are used to determine eligibility for free and reduced price meals and free milk in accordance with applicable program rules.

Definition of Income

In accordance with the Department's policy as provided in the Food and Nutrition Service publication *Eligibility Manual for School Meals*, "income," as the term is used in this Notice, means income before any deductions such as income taxes, Social Security taxes, insurance premiums, charitable contributions and bonds. It includes the following: (1) Monetary compensation for services, including wages, salary, commissions or fees; (2) net income from nonfarm self-employment; (3) net income from farm self-employment; (4) Social Security; (5) dividends or interest on savings or bonds or income from estates or trusts; (6) net rental income; (7) public assistance or welfare payments; (8) unemployment compensation; (9) government civilian employee or military retirement, or pensions or veterans payments; (10) private pensions or annuities; (11) alimony or child support payments; (12) regular contributions from persons not living in the household; (13) net royalties; and (14) other cash income. Other cash income would include cash amounts received or withdrawn from any source including savings, investments, trust accounts and other

resources that would be available to pay the price of a child's meal.

"Income," as the term is used in this Notice, does *not* include any income or benefits received under any Federal programs that are excluded from consideration as income by any statutory prohibition. Furthermore, the value of meals or milk to children shall not be considered as income to their households for other benefit programs in accordance with the prohibitions in section 12(e) of the Richard B. Russell National School Lunch Act and section 11(b) of the Child Nutrition Act of 1966 (42 U.S.C. 1760(e) and 1780(b)).

The Income Eligibility Guidelines

The following are the Income Eligibility Guidelines to be effective

from July 1, 2013 through June 30, 2014. The Department's guidelines for free meals and milk and reduced price meals were obtained by multiplying the year 2013 Federal income poverty guidelines by 1.30 and 1.85, respectively, and by rounding the result upward to the next whole dollar. This Notice displays only the annual Federal poverty guidelines issued by the Department of Health and Human Services because the monthly and weekly Federal poverty guidelines are not used to determine the Income Eligibility Guidelines. The chart details the free and reduced price eligibility criteria for monthly income, income received twice monthly (24 payments per year), income received every two

weeks (26 payments per year) and weekly income.

Income calculations are made based on the following formulas: Monthly income is calculated by dividing the annual income by 12; twice monthly income is computed by dividing annual income by 24; income received every two weeks is calculated by dividing annual income by 26; and weekly income is computed by dividing annual income by 52. All numbers are rounded upward to the next whole dollar. The numbers reflected in this notice for a family of four in the 48 contiguous states, the District of Columbia, Guam and the territories represent an increase of 2.2% over last year's level for a family of the same size.

BILLING CODE 3410-30-P

DEPARTMENT OF AGRICULTURE

Food and Nutrition Service

Special Supplemental Nutrition Program for Women, Infants and Children (WIC): Income Eligibility Guidelines

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice.

SUMMARY: The U.S. Department of Agriculture (“Department”) announces adjusted income eligibility guidelines to be used by State agencies in determining the income eligibility of persons applying to participate in the Special Supplemental Nutrition Program for Women, Infants and Children Program (WIC). These income eligibility guidelines are to be used in conjunction with the WIC Regulations.

DATES: *Effective Date:* July 1, 2013.

FOR FURTHER INFORMATION CONTACT: Donna Hines, Chief, Policy Branch, Supplemental Food Programs Division, FNS, USDA, 3101 Park Center Drive, Alexandria, Virginia 22302, (703) 305-2746.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

This notice has been determined to be not significant and was not reviewed by the Office of Management and Budget (OMB) in conformance with Executive Order 12866.

Regulatory Flexibility Act

This action is not a rule as defined by the Regulatory Flexibility Act (5 U.S.C.

601-612) and thus is exempt from the provisions of this Act.

Paperwork Reduction Act of 1995

This notice does not contain reporting or recordkeeping requirements subject to approval by OMB in accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3507).

Executive Order 12372

This program is listed in the Catalog of Federal Domestic Assistance Programs under No. 10.557, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials (7 CFR part 3015, subpart V, 48 FR 29114, June 24, 1983, and 49 FR 22676, May 31, 1984).

Description: Section 17(d)(2)(A) of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1786(d)(2)(A)), requires the Secretary of Agriculture to establish income criteria to be used with nutritional risk criteria in determining a person’s eligibility for participation in the WIC Program. The law provides that persons will be income eligible for the WIC Program only if they are members of families that satisfy the income standard prescribed for reduced-price school meals under section 9(b) of the Richard B. Russell National School Lunch Act (42 U.S.C. 1758(b)). Under section 9(b), the income limit for reduced-price school meals is 185 percent of the Federal poverty guidelines, as adjusted.

Section 9(b) also requires that these guidelines be revised annually to reflect changes in the Consumer Price Index. The annual revision for 2013/2014 was published by the Department of Health and Human Services (HHS) at 78 FR 16, January 24, 2013. The guidelines published by HHS are referred to as the poverty guidelines.

Section 246.7(d)(1) of the WIC regulations (Title 7, Code of Federal Regulations) specifies that State

agencies may prescribe income guidelines either equaling the income guidelines established under section 9 of the Richard B. Russell National School Lunch Act for reduced-price school meals, or identical to State or local guidelines for free or reduced-price health care. However, in conforming WIC income guidelines to State or local health care guidelines, the State cannot establish WIC guidelines which exceed the guidelines for reduced-price school meals, or which are less than 100 percent of the Federal poverty guidelines. Consistent with the method used to compute income eligibility guidelines for reduced-price meals under the National School Lunch Program, the poverty guidelines were multiplied by 1.85 and the results rounded upward to the next whole dollar. At this time, the Department is publishing the maximum and minimum WIC income eligibility guidelines by household size for the period July 1, 2013, through June 30, 2014. Consistent with section 17(f)(17) of the Child Nutrition Act of 1966, as amended (42 U.S.C. 1786(f)(17)), a State agency may implement the revised WIC income eligibility guidelines concurrently with the implementation of income eligibility guidelines under the Medicaid Program established under Title XIX of the Social Security Act (42 U.S.C. 1396, et seq.). State agencies may coordinate implementation with the revised Medicaid guidelines, i.e., earlier in the year, but in no case may implementation take place later than July 1, 2013.

State agencies that do not coordinate implementation with the revised Medicaid guidelines must implement the WIC income eligibility guidelines on July 1, 2013. The first table of this Notice contains the income limits by household size for the 48 contiguous States, the District of Columbia, and all Territories, including Guam.
