**SUPPLEMENTARY INFORMATION:**

**A. Purpose**

The FAR requires contracts to be awarded to only those contractors determined to be responsible. Instances where a firm, its principals, or subcontractors, have been indicted, convicted, suspended, proposed for debarment, debarred, or had a contract terminated for default are critical factors to be considered by a Government contracting officer in making a responsibility determination. FAR 52.209-5 and 52.212-3(h), Certification Regarding Responsibility Matters, and FAR 52.209-6, Protecting the Government's Interest when Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment, require the disclosure of this information.

**B. Analysis of Public Comments**

One respondent submitted public comments on the extension of the previously approved information collection. The analysis of the public comments is summarized as follows:

*Comment:* The respondent commented that the extension of the information collection would violate the fundamental purposes of the Paperwork Reduction Act because of the burden it puts on the entity submitting the information and the agency collecting the information.

*Response:* In accordance with the Paperwork Required Act (PRA), agencies can request an OMB approval of an existing information collection. The PRA requires that agencies use the **Federal Register** notice and comment process, to extend the OMB's approval, at least every three years. This extension, to a previously approved information collection, pertains to Debarment, Suspension, and Other Responsibility Matters, FAR Subpart 9.1, Subpart 9.4, 52.209-5, 52.212-3(h) and 52.209-6. This information collection, in compliance with Executive Order 12549, Debarment and Suspension, is necessary to determine the responsibility of prospective contractors, to ensure that contractors protect the interests of the Government when issuing subcontracts under Government contracts, and ensure business integrity in contract performance. Not granting this extension would consequently eliminate a key process for assessing contractor
