AGENCY: Office of the Secretary, Interior.
ACTION: Notice of creation of a new
system of records.

Department of the Interior is issuing a public notice of its intent to create the Department of the Interior system of records titled, "Office of Insular Affairs Programs." The system will assist the Department of the Interior Office of Insular Affairs with overseeing programs in certain United States territories and increasing communication and economic development of the U.S. Insular Areas, including administering grants and scholarships, providing business, employment and entrepreneurial opportunities, and locating support and services for individuals and businesses in need. This newly established system will be included in the Department of the Interior's inventory of record systems.

DATES: Comments must be received by May 1, 2013. This new system will be effective May 1, 2013.

ADDRESSES: Any person interested in commenting on this new system of records may do so by: Submitting comments in writing to OS/NBC Privacy Act Officer, 1849 C Street NW., MIB Mail Stop 2650, Washington, DC 20240; hand-delivering comments to OS/NBC Privacy Act Officer, 1849 C Street NW., MIB Mail Stop 2650, Washington, DC 20240; or emailing comments to privacy@nbc.gov.

FOR FURTHER INFORMATION CONTACT: Director, Office of Insular Affairs, Department of the Interior, 1849 C Street NW., Mail Stop 2429 MIB, Washington, DC 20240, 202-208-4736.

SUPPLEMENTARY INFORMATION:

I. Background

The Department of the Interior (DOI)'s Office of Insular Affairs (OIA) is responsible for administering and overseeing programs in certain United States territories, including American Samoa, Guam, the Commonwealth of the Northern Mariana Islands, the U.S. Virgin Islands, and the Freely Associated States, which are comprised of the Republic of the Marshall Islands,

the Federated States of Micronesia, and the Republic of Palau. OIA's programs include administering grant funds, awarding scholarships and identifying educational opportunities, promoting business opportunities, facilitating the distribution of information about island and government procurement resources, locating support and services for individuals and businesses in need, and assisting individuals in the Insular Areas with labor and immigration matters. DOI is creating the Office of Insular Affairs Programs system of records as a comprehensive system to cover all of the OIA's Privacy Act records with the exception of records collected and maintained by OIA's Federal Labor Ombudsman, which will be addressed under a separate system of records notice.

The Office of Insular Affairs Programs system of records will be used to manage OIA communications and gather necessary information to efficiently run and execute the duties and responsibilities of OIA, including promoting economic development initiatives and employment and educational opportunities, and assisting individuals and businesses in need.

The system of records will be effective as proposed at the end of the comment period (the comment period will end 40 days after the publication of this notice in the **Federal Register**), unless comments are received that would require a contrary determination. DOI will publish a revised notice if changes are made based upon a review of the comments received.

II. Privacy Act

The Privacy Act of 1974, as amended, embodies fair information principles in a statutory framework governing the means by which Federal agencies collect, maintain, use, and disseminate individuals' personal information. The Privacy Act applies to information that is maintained in a "system of records." A "record" is any item, collection, or grouping of information about an individual that is maintained by an agency, including, but not limited to, his education, financial transactions, medical history, and criminal or employment history and that contains his name, or the identifying number, symbol, or other identifying particular assigned to the individual, such as a finger or voice print or a photograph. A "system of records" is a group of any records under the control of an agency for which information is retrieved by the name of an individual or by some identifying number, symbol or other identifying particular assigned to the individual. The Privacy Act defines an

individual as a United States citizen or lawful permanent resident. As a matter of policy, DOI extends administrative Privacy Act protections to all individuals. Individuals may request access to their own records that are maintained in a system of records in the possession or under the control of DOI by complying with DOI Privacy Act Regulations, 43 CFR part 2.

The Privacy Act requires each agency to publish in the **Federal Register** a description denoting the type and character of each system of records that the agency maintains, identifying the routine uses that are contained in each system in order to make agency record keeping practices transparent, notifying individuals regarding the uses of their records, and assisting individuals to more easily find such records within the agency. Below is the description of the Office of Insular Affairs Programs system of records.

In accordance with 5 U.S.C. 552a(r), DOI has provided a reporting of this system of records to the Office of Management and Budget and to Congress.

III. Public Disclosure

Before including your address, phone number, email address or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

David Alspach,

OS/NBC Privacy Act Officer.

Endangered and Threatened Wildlife and Plants; Draft Revised Supplement to the Grizzly Bear Recovery Plan

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of document availability; request for comments.

SUMMARY: The U.S. Fish and Wildlife Service (Service) announces the availability of a draft Revised Supplement to the Grizzly Bear Recovery Plan. Specifically, this

supplement proposes to revise the demographic recovery criteria for the Yellowstone Ecosystem. In the lower 48 States, Grizzly bears (*Ursus arctos horribilis*) are federally listed as threatened under the Endangered Species Act of 1973, as amended (Act). The Service solicits review and comment from the public on this draft revised plan.

DATES: Comments on the draft revised recovery plan must be received on or before May 21, 2013.

ADDRESSES: An electronic copy of the draft Revised Supplement to the Grizzly Bear Recovery Plan is available at <http://www.fws.gov/endangered/species/recovery-plans.html>. Hard copies of the draft revised demographic criteria are available by request from the Grizzly Bear Recovery Coordinator, U.S. Fish and Wildlife Service, University Hall, Room 309, University of Montana, Missoula, MT 59812; telephone 406-243-4903. Submit comments on the draft Revised Supplement to the Grizzly Bear Recovery Plan to the Grizzly Bear Recovery Coordinator at this same address.

FOR FURTHER INFORMATION CONTACT: Grizzly Bear Recovery Coordinator, at the above address, or telephone 406-243-4903.

SUPPLEMENTARY INFORMATION:**Background**

Restoring an endangered or threatened animal or plant to the point where it is again a secure, self-sustaining member of its ecosystem is a primary goal of the Service's endangered species program. To help guide the recovery effort, the Service prepares recovery plans for the federally listed species native to the United States where a plan will promote the conservation of the species. Recovery plans describe site-specific actions necessary for the conservation of the species; establish objective, measurable criteria which, when met, would result in a determination that the species no longer needs the protection of the Act (16 U.S.C. 1531 *et seq.*); and provide estimates of the time and cost for implementing the needed recovery measures.

The Act requires recovery plans for listed species unless such a plan would not promote the conservation of a particular species. The original plan for the species was approved in 1982 and revised in 1993. In 2007, we formally supplemented the 1993 Grizzly Bear Recovery Plan with revised demographic criteria for the Greater Yellowstone Area population. Since that time, new information relevant to these

demographic criteria has become available indicating that the current criteria no longer represent the best scientific approach to assess recovery of the Yellowstone grizzly bear population. Therefore, consistent with Task Y11 of the Grizzly Bear Recovery Plan, the Service is proposing additional revisions to the demographic criteria. For additional information about the revisions, see the draft Revised Supplement to the Grizzly Bear Recovery Plan available at <http://www.fws.gov/endangered/species/recovery-plans.html> (as described in the **ADDRESSES** section above).

Section 4(f) of the Act, as amended in 1988, requires that public notice and opportunity for public review and comment be provided during recovery plan development. The Service will consider all information received during a public comment period when preparing each new or revised recovery plan for approval. The Service and other Federal agencies also will take these comments into consideration in the course of implementing approved recovery plans. It is our policy to request peer review of recovery plans. We will summarize and respond to the issues raised by the public and peer reviewers in an appendix to the approved recovery plan.

Request for Public Comments

The Service solicits public comments on a draft Revised Supplement to the Grizzly Bear Recovery Plan. Specifically, this supplement proposes to revise the demographic recovery criteria for the Yellowstone Ecosystem. All comments received by the date specified in **DATES** will be considered prior to approval of the final Revised Supplement to the Grizzly Bear Recovery Plan. Written comments and materials regarding the plan should be addressed to the Grizzly Bear Recovery Coordinator (see **ADDRESSES** section). Comments and materials received will be available, by appointment, for public inspection during normal business hours at the above address. If you submit a comment that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so.

Authority

The authority for this action is section 4(f) of the Endangered Species Act, 16 U.S.C. 1533(f).
