SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501-3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. "Collection of information" is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) to include agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, the OCC is publishing notice of the proposed collection of information set forth in this document. The OCC is proposing to extend the approval for the following information collection:

Title: Examination Questionnaire.

OMB Control No.: 1557-0199.

Affected Public: Businesses or other for-profit.

Type of Review: Extension of a currently approved collection.

Abstract: The Office of the Comptroller of the Currency (OCC) has revised its Examination Survey and updated the estimated burden hours to adjust for the current number of national banks and thrifts in the OCC's supervisory system. Completed Examination Surveys provide the OCC with the information needed to properly evaluate the content and conduct of OCC examinations. Completed Examination Surveys also help measure

the OCC's performance and progress in improving the supervisory experience and agency communications. The OCC will use the information to identify problems or trends that may impair the effectiveness of the examination process, to identify ways to improve its service to the banking industry, and to analyze staff and training needs. A survey is provided to each bank or thrift at the conclusion of their supervisory cycle. Bankers will now be able to complete this survey using a secure web-based data collection tool.

The OCC is conducting an Exit Survey of banks and thrifts after they exit the OCC's supervisory and examination system. Completed Exit Surveys will help OCC understand the underlying reasons why banks and thrifts decide to leave the system. The OCC will use this information to improve relationships with America's banks and thrifts and identify problems that may impair the effectiveness of the examination and supervisory process. A survey is provided to each bank or thrift after they exit the OCC's supervisory system. Bankers will be able to complete this survey using a secure web-based data collection tool.
