The Department of Defense has designated the SPOT as the joint Web-based database to assist the Combatant Commander (CCDR) in maintaining awareness of the nature, extent, and potential risks and capabilities associated with contracted support in support of contingency operations,

humanitarian or peacekeeping operations, or military exercises designated by the CCDR.

The designated joint Web-based database (SPOT or its successor) shall:

(a) Serve as the central repository for up-to-date status and reporting on ALL DoD funded contingency contractor personnel as well as other personnel as directed by Under Secretary of Defense for Acquisition, Technology, and Logistics (USD(AT&L)), or by the CCDR.

(b) Track contract capability information for all DoD funded contracts supporting contingency operations, humanitarian or peacekeeping operations, or military exercises designated by the CCDR. Contract capability information shall provide planners and CCDRs an awareness of the nature, extent, and potential risks and capabilities associated with the contracted effort.

(c) Provide by-name accountability of all DoD funded contingency contractor personnel and other personnel as directed by USD(AT&L) or the CCDR.

(d) Contain, or link to, minimum contract information (e.g., contract number, company contact information, sponsoring (requiring activity) military unit contact information, and a summary of services or capability provided by the contract) necessary to establish and maintain accountability and visibility of the personnel and the contract capabilities in contingency operations, humanitarian or peacekeeping operations, or military exercises designated by the CCDR.

Section 861 of the NDAA for FY 2008 required the identification of common databases among the DoD, DoS, and USAID to serve as repositories of information on contracts and contractor personnel in Iraq and Afghanistan. In a signed memorandum of understanding (MOU), the Agencies agreed that SPOT will serve as the interagency database for information on contractor personnel. Each Agency must require its contractors operating in contingency operations to input information into SPOT and ensure data integrity.
