The state and local personnel participate under agency specific cooperative agreements in that portion of the TSA Grant program administered by the National Canine Program (NCP). The Handler Training Assessment Survey captures from graduating students numerical ratings and written comments about the quality of training instruction at the FAMS/CTES Explosives Detection Canine Handlers Course, Passenger Screening Canine Handler Course and the Supervisor/Trainer Seminars. The data are collected electronically through the NCP Canine Web site (a secure Web site accessible only by authorized personnel) and provides valuable feedback to the Supervisory Agent in Charge (SAC), CTES instructional staff and supervisors on how the training material was presented and received. The Assessment Surveys are mandatory for students who successfully complete training, but the students may remain anonymous when completing the survey. Once reviewed, the feedback is used to improve the course curriculum and course of instruction.

Number of Respondents: Average 180 students per calendar year.

Estimated Annual Burden Hours: Approximately one hour per participant, 180 hours per calendar year.
