

generated reinspection assignments and received and stored reinspection results. The egg products import request form (FSIS Form 5200-8) information was entered into the Egg Product Database, which was used to track imported egg products and identify shipments for reinspection.

On May 29, 2012, FSIS replaced AIIS and the Egg Product Database with the import component of PHIS. PHIS has replaced many of the Agency's current systems and has automated many business processes. PHIS provides a streamlined, electronic alternative to the paper-based import inspection application process.

PHIS electronically links with CBP's ACE system, the Web-based portal for the collection and use of international trade data, to create a unified import processing system for entering data. Currently, the PHIS interface with ACE enables the transfer to FSIS of a limited number of data elements collected by CBP that are also required by FSIS. The PGA Message Set defines the additional information FSIS requires from importers to complete the Agency's import application process. The PGA Message Set will enable U.S. importers and customs brokers to enter FSIS import inspection application information directly into the Automated Broker Interface (ABI), which transfers data into ACE as part of the CBP entry process.

The PGA Message Set is a harmonized data set containing information that CBP will collect electronically from U.S. importers and brokers for PGAs, like FSIS. This capability will provide a complete import application, which will facilitate FSIS data entry and clearance of shipments presented for reinspection without using the paper forms currently employed. The PGA Message Set will ultimately provide U.S. importers and brokers with a "single window" to electronically transmit all required import data to the U.S. Government.

Import inspection application information filed with ACE will be sent to PHIS through a data transfer in advance of a shipment's arrival. The electronic receipt of this import information to PHIS will expedite data entry and shipment clearance by FSIS.

To facilitate the implementation of the electronic filing of FSIS-specific data elements, FSIS has developed the draft compliance guide *Data Samples and Guidelines for Using the PGA Message Set for Electronic Completion of the U.S. Department of Agriculture (USDA), Food Safety Inspection Service (FSIS) Application for Import Inspection (FSIS Form 9540-1)*. The draft compliance guide is intended to help

U.S. importers and brokers understand the additional FSIS data that will need to be submitted through CBP's ACE system in order to complete the import application process. FSIS has posted this draft compliance guide on its Web page (http://www.fsis.usda.gov/PDF/Data_Samples_Guidelines_PGA_Message_Set.pdf) and is requesting comments on the guidance.

Pilot Program

FSIS intends to initiate a pilot program on May 28, 2013 to test the transfer of data from the PGA Message Set in ACE to PHIS. The Agency encourages U.S. importers and brokers to request to join this pilot program. Instead of submitting the paper-based FSIS Form 9540-1, participating U.S. importers and brokers will use the PGA Message Set to send the additional FSIS-specific data elements through ACE to PHIS before their cargo arrives in to the United States. The specific data elements are outlined in the draft compliance guide. FSIS will determine whether sending data from the PGA Message Set in ACE to PHIS expedites the clearance process. FSIS anticipates that this pilot program will help prepare for the efficient transition from the paper-based FSIS Form 9540-1 to PHIS.

Additional Public Notification

FSIS will announce this notice online through the FSIS Web page located at http://www.fsis.usda.gov/regulations_&_policies/Federal_Register_Notices/index.asp.

FSIS also will make copies of this **Federal Register** publication available through the FSIS Constituent Update, which is used to provide information regarding FSIS policies, procedures, regulations, **Federal Register** notices, FSIS public meetings, and other types of information that could affect or would be of interest to constituents and stakeholders. The Update is communicated via Listserv, a free electronic mail subscription service for industry, trade groups, consumer interest groups, health professionals and other individuals who have asked to be included. The Update is available on the FSIS Web page. Through the Listserv and the Web page, FSIS is able to provide information to a much broader and more diverse audience.

In addition, FSIS offers an email subscription service which provides automatic and customized access to selected food safety news and information. This service is available at http://www.fsis.usda.gov/News_&_Events/Email_Subscription/. Options range from recalls to export information to regulations, directives

and notices. Customers can add or delete subscriptions themselves, and have the option to password protect their accounts.

Done in Washington, DC on: March 25, 2013.

Alfred V. Almanza,
Administrator.

DEPARTMENT OF AGRICULTURE

Rural Business-Cooperative Service

Notice of Funding Availability for the Rural Energy for America Program

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice.

SUMMARY: This Notice of Funding Availability (NOFA) announces the acceptance of applications under the Rural Energy for America Program (REAP) for Fiscal Year 2013 for financial assistance as follows: grants, guaranteed loans, and combined grants and guaranteed loans for the development and construction of renewable energy systems and for energy efficiency improvement projects; and grants for conducting renewable energy system feasibility studies. The Notice also announces the availability of up to \$20.8 million of Fiscal Year 2013 budget authority to fund these REAP activities, which will support up to \$10.4 million in grant program level and up to \$43.4 million in guaranteed loan program level.

DATES: In order to be considered for Fiscal Year 2013 funds, complete applications under this Notice must be received by the appropriate USDA Rural Development State Office no later than 4:30 p.m. local time of the dates as follows:

For renewable energy system and energy efficiency improvement grant applications and combination grant and guaranteed loan applications: April 30, 2013.

For renewable energy system and energy efficiency improvement guaranteed loan only applications: On a continuous basis up to July 15, 2013.

For renewable energy system feasibility study applications: April 30, 2013.

Energy audits and renewable energy development assistance, grant funding will not be available for Fiscal Year 2013, due to the statutory timeframe to award and obligate funds by April 1, 2013.

ADDRESSES: See the **SUPPLEMENTARY INFORMATION** for addresses concerning applications for the Rural Energy for America Program for Fiscal Year 2013 funds.

FOR FURTHER INFORMATION CONTACT: For information about this Notice, please contact Mr. Kelley Oehler, Branch Chief, USDA Rural Development, Energy Division, 1400 Independence Avenue SW., Washington, DC 20250. Telephone: (202) 720-6819. Email: kelley.oehler@wdc.usda.gov.

For further information on this program, please contact the applicable USDA Rural Development Energy Coordinator for your respective State, as provided in the **SUPPLEMENTARY INFORMATION** section of this Notice.

SUPPLEMENTARY INFORMATION:

Fiscal Year 2013 Applications for the Rural Energy for America Program

Applications. Application materials may be obtained by contacting one of Rural Development's Energy Coordinators. In addition, for grant applications, applicants may access the electronic grant application for the Rural Energy for America Program at <http://www.grants.gov>. To locate the downloadable application package for this program, the applicant must use the program's Catalog of Federal Domestic Assistance (CFDA) Number 10.868 or FedGrants Funding Opportunity Number, which can be found at <http://www.grants.gov>.

Application submittal. For renewable energy system, energy efficiency improvement, and feasibility study applications, submit complete paper applications to the Rural Development State Office in the State in which the applicant's proposed project is located.

Submit electronic grant only applications at <http://www.grants.gov>, following the instructions found on this Web site.

- Paperwork Reduction Act**
In accordance with the Paperwork
Reduction Act of 1995, the information
collection requirements associated with
renewable energy system and energy
efficiency improvement grants and
guaranteed loans, as covered in this
Notice, has been approved by the Office
of Management and Budget (OMB)
under OMB Control Number 0570-0050.
The information collection requirements
associated with renewable energy
feasibility study grants has also been
approved by OMB Control Number
0570-0061, respectively.
- Overview**
Federal Agency Name: Rural
Business-Cooperative Service.

Contract Proposal Title: Rural Energy for America Program.

Announcement Type: Initial announcement.

Catalog of Federal Domestic Assistance Number. 10.868.

Dates: In order to be considered for Fiscal Year 2013 funds, complete applications under this Notice must be received by the appropriate USDA Rural Development State Office no later than 4:30 p.m. local time of the dates as follows:

For renewable energy system and energy efficiency improvement grant applications and combination grant and guaranteed loan applications: April 30, 2013.

For renewable energy system and energy efficiency improvement guaranteed loan only applications: On a continuous basis up to July 15, 2013.

For renewable energy system feasibility study applications: April 30, 2013.

Energy audits and renewable energy development assistance grants, grant funding will not be available for Fiscal Year 2013, due to the statutory timeframe to award and obligate funds by April 1, 2013.

Any application received after its applicable date and time, regardless of the postmark on the application, will not be considered for Fiscal Year 2013 funds.

Availability of Notice. This Notice for the Rural Energy for America Program is available through the USDA Rural Development Web site at http://www.rurdev.usda.gov/BCP_Reap.html.

I. Funding Opportunity Description

A. Purpose of the Rural Energy for America Program. The program is designed to help agricultural producers and rural small businesses reduce energy costs and consumption and help meet the Nation's critical energy needs.

B. Statutory Authority. This program is authorized under 7 U.S.C. 8107.

C. Definition of Terms. The definitions applicable to this Notice are published at 7 CFR 4280.103. In addition, the following definition applies to this Notice.

Hybrid. A combination of two or more renewable energy technologies that are incorporated into a unified system to support a single project.

II. Award Information

A. Available funds. The amount of funds available for renewable energy systems and energy efficiency improvements in Fiscal Year 2013 will be up to \$53.6 million. For renewable energy system and energy efficiency improvement projects only, there will

be an allocation of funds to each State, and the Rural Development's National Office will maintain a reserve of funds.

The amount of grant funds available for renewable energy system feasibility studies in Fiscal Year 2013 will be up to \$250,000. The balance of the funds unused for the feasibility study grants may be utilized in any of the renewable energy system and energy efficiency improvement National competitions.

In order to ensure that small projects have a fair opportunity to compete for the funding and are consistent with the priorities set forth in the statute, the Agency will set-aside up to \$4.1 million to fund grants of \$20,000 or less. Obligations of these funds will take place through June 30, 2013. Any unobligated balances will be moved to the renewable energy budget authority account as of July 1, 2013. These funds may be utilized in any of the renewable energy system and energy efficiency improvement National competitions.

B. Approximate number of awards. The number of awards will depend on the amount of funds made available and on the number of eligible applicants participating in this program.

C. State and National competitions. Renewable energy system and energy efficiency improvement applications for Fiscal Year 2013 funds will compete for funds allocated to their State for competition. Separate competitions will be held for (1) grant only and grant and guaranteed loan combination applications; (2) grants of \$20,000 or less applications, and (3) guaranteed loan only applications. Grant only and grant and guaranteed loan combination applications and grants of \$20,000 or less applications will each have one State competition. All unfunded eligible grant only and grant and guaranteed loan combination applications received by April 30, 2013, will be competing against other grant only and grant and guaranteed loan combination applications from other States at a final National competition. However, the Agency reserves the right to hold a separate National competition for grants of \$20,000 or less if funding remains after the State competition. Obligations of these funds will take place through June 30, 2013. State competitions will be held bi-weekly for guaranteed loan only applications. A minimum score of 50 is required for guaranteed loan only applications to compete in the State competitions. If a State does not have sufficient funds to make a guaranteed loan award, funding may be obtained from the guaranteed loan reserves held at the National Office. The guaranteed loan application will not have to compete any further. Finally, all

unfunded eligible guaranteed loan only applications received by July 15, 2013, will be competed against other guaranteed loan only applications from other States at a final National competition if the guaranteed loan reserves have not been completely depleted. If funds remain after the final guaranteed loan only National competition, the Agency may elect to utilize budget authority to fund additional grant only and grant and guaranteed loan combination applications that competed in the National competition. Renewable energy system feasibility study grant applications will compete in separate National competition.

D. Type of instrument. Grant, guaranteed loan, and grant/guaranteed loan combinations.

E. Funding limitations. The following funding limitations apply to applications submitted under this Notice.

(1) *Maximum grant assistance to an entity.* For the purposes of this Notice, the maximum amount of grant assistance to an entity will not exceed \$750,000 for Fiscal Year 2013 based on the total amount of renewable energy system, energy efficiency improvement, and renewable energy feasibility study grants awarded to an entity under the Rural Energy for America Program.

(2) *Maximum percentage of Agency funding.* The REAP authorizing statute at 7 USC 8107 mandates the maximum percentages of funding that USDA Rural Development will provide. Within the maximum funding amounts specified in this Notice, renewable energy system and energy efficiency improvement funding approved for guaranteed loan only requests and for combination guaranteed loan and grant requests will not exceed 75 percent of eligible project costs, with the grant portion not to exceed 25 percent of total eligible project costs, whether the grant is part of a combination request or is a stand-alone grant.

(3) *Reallocation of loan and grants funds.* The Agency reserves the right, at its discretion, to move funds between grant and loan budget authority after June 29, 2013, based upon the demand of applications received under this Notice.

(4) *Universal identifier and System for Awards Management (SAM).* Unless exempt under 2 CFR 25.110, all grant applicants must:

- (a) Be registered in the SAM prior to submitting a grant application or plan;
- (b) Maintain an active SAM registration with current information at all times during which it has an active Federal award or grant application or

plan under consideration by the Agency; and

(c) Provide its Dun and Bradstreet Data Universal Numbering System (DUNS) number in each grant application or plan it submits to the Agency.

(5) *Transparency Act Reporting*. All recipients of Federal financial assistance are required to report information about first-tier subawards and executive compensation in accordance with 2 CFR part 170. So long as an entity applicant does not have an exception under 2 CFR 170.110(b), the applicant must have the necessary processes and systems in place to comply with the reporting requirements should the applicant receive funding. See 2 CFR 170.200(b).

(6) *Renewable energy system and energy efficiency improvement grant-only applications*. For renewable energy system grants, the minimum grant is \$2,500 and the maximum is \$500,000. For energy efficiency improvement grants, the minimum grant is \$1,500 and the maximum grant is \$250,000.

(7) *Renewable energy system and energy efficiency improvement loan guarantee-only applications*. For renewable energy system and energy efficiency improvement loan guarantees, the minimum guaranteed loan amount is \$5,000 and the maximum amount of a guaranteed loan to be provided to a borrower is \$25 million.

(8) *Renewable energy system and energy efficiency improvement guaranteed loan and grant combination applications*. Funding for grant and loan combination packages for renewable energy systems and energy efficiency improvement projects are subject to the funding limitations specified in Section II.E.(2). The maximum amount for the grant portion is \$500,000 for renewable energy systems and \$250,000 for energy efficiency improvements. The minimum amount of the grant portion is \$1,500 for either renewable energy systems or energy efficiency improvements. For the guarantee portion, the maximum amount is \$25 million and the minimum amount is \$5,000.

(9) *Renewable energy system feasibility study grant applications*. The maximum amount of grant funds that will be made available for an eligible feasibility study project under this subpart to any one recipient will not exceed \$50,000 or 25 percent of the total eligible project cost of the study, whichever is less.

(10) *Felony Conviction and Tax Delinquent Status*. Applicants from corporate applicants submitted under this Notice must include Form AD 3030 Representations Regarding Felony Conviction and Tax Delinquent Status

for Corporate Applicants. Corporate applicants who receive an award under this Notice will be required to sign Form AD 3031 Assurance Regarding Felony Conviction or Tax Delinquent Status for Corporate Applicants. Both forms can be found online at http://www.ocio.usda.gov/forms/ocio_forms.html.

III. Eligibility Information

A. *Eligible applicants*. To be eligible for this program, an applicant must meet the eligibility requirements specified in 7 CFR 4280.109, 7 CFR 4280.110(c), and, as applicable, 7 CFR 4280.112, 7 CFR 4280.122, 7 CFR 4280.170, or 7 CFR 4280.186.

For the purpose of this Notice, and in addition to meeting the small business size determination as defined under small business in 7 CFR 4280.103, rural small business applicants must demonstrate that the majority (i.e., 51 percent or more) of their past 3 years' annual receipts from their business operation are derived from a rural area. If the rural small business applicant has not engaged in business operations for the past 3 years, then information for as long as the rural small business applicant has been in business must be submitted. To ensure that there is sufficient information for the Agency to make this determination; rural small business applicants, as part of their application requirements in 7 CFR 4280.116(b)(v)(A), should list the physical address, total annual receipts and number of employees for each urban or rural location. The Agency will make this determination for rural small business applicants that do not have any annual receipts (new businesses only) on the location of the rural small business applicant.

B. *Eligible lenders*. To be eligible for this program, lenders must meet the eligibility requirements in 7 CFR 4280.130.

C. *Eligible projects*. To be eligible for this program, a project must meet the eligibility requirements specified in 7 CFR 4280.113, 7 CFR 4280.123, 7 CFR 4280.171, and 7 CFR 4280.187, as applicable.

IV. Fiscal Year 2013 Application and Submission Information

Applicants seeking to participate in this program must submit applications in accordance with this Notice and 7 CFR part 4280, subpart B, as applicable. Applicants must submit complete applications containing all parts necessary for the Agency to determine applicant and project eligibility, to score the application, and to conduct the technical evaluation, as applicable in

order to be considered. Due to the competitive nature of this program, information received by the Agency, that would impact the priority score and ranking of an application in Fiscal Year 2013 competitions cannot be considered by the Agency if received after the dates published in the Dates section of this Notice.

A. Where To Obtain Applications

Applicants may obtain applications from any USDA Rural Development Energy Coordinator, as provided in the **SUPPLEMENTARY INFORMATION** section of this Notice. In addition, for grant applications, applicants may access the electronic grant application for the Rural Energy for America Program at <http://www.grants.gov>. To locate the downloadable application package for this program, the applicant must use the program's CFDA Number 10.868 or FedGrants Funding Opportunity Number, which can be found at <http://www.grants.gov>.

When you enter the grants.gov site, you will find information about submitting an application electronically through the site. To use grants.gov, all applicants must have a Dun and Bradstreet Data Universal Numbering System (DUNS) number (unless the applicant is an individual), which can be obtained at no cost via a toll-free request line at 1-866-705-5711 or online at <http://fedgov.dnb.com/webform>. USDA Rural Development strongly recommends that applicants do not wait until the application deadline date to begin the application process through grants.gov.

B. When To Submit

Complete applications submitted under this Notice must be received by the appropriate USDA Rural Development State Office no later than 4:30 p.m. local time on the applicable date as identified in the **DATES** section of this Notice, in order to be considered for Fiscal Year 2013 funds. Any application received after 4:30 p.m. local time on the applicable date, regardless of the postmark on the application, will not be considered for Fiscal Year 2013 funds.

C. Where To Submit

All renewable energy system, energy efficiency improvement, and renewable energy system feasibility study applications are to be submitted to the USDA Rural Development Energy Coordinator in the State in which the applicant's proposed project is located. A list of USDA Rural Development Energy Coordinators is provided in the **SUPPLEMENTARY INFORMATION** section of

this Notice. Alternatively, for grant only applications, applicants may submit their electronic applications to the Agency via the grants.gov Web site.

D. How To Submit

Applicants may submit their applications either as hard copy or electronically as specified in the following paragraphs. When submitting an application as hard copy, applicants must submit one original.

(1) *Grant applications.* All grant applications may be submitted either as hard copy to the appropriate Rural Development Energy Coordinator or electronically using the Government-wide grants.gov Web site. Users of grants.gov who download a copy of the application package may complete it off line and then upload and submit the application via the grants.gov site, including all information typically included on the application, and all necessary assurances and certifications. After electronically submitting an application through the Web site, the applicant will receive an automated acknowledgement from grants.gov that contains a grants.gov tracking number.

(2) *Guaranteed loan applications.* Guaranteed loan only applications (i.e., those that are not part of a guaranteed loan/grant combination request) must be submitted as hard copy.

(3) *Guaranteed loan/grant combination applications.* Applications for guaranteed loans/grants (combination applications) must be submitted as hard copy.

E. Other Submission Requirements and Information

(1) *Application restrictions.* Applicants may only submit one renewable energy system and one energy efficiency improvement application in Fiscal Year 2013. A renewable energy system application cannot be submitted in Fiscal Year 2013 if a REAP feasibility study grant application for the same renewable energy system is submitted in Fiscal Year 2013 and vice versa.

Applicants may only submit one renewable energy system feasibility study application for Fiscal Year 2013 funds.

(2) *Environmental information.* For the Agency to consider an application, the application must include all environmental review documents with supporting documentation in accordance with 7 CFR part 1940, subpart G. Applications for financial assistance for planning purposes or management and feasibility studies are typically categorically excluded from the environmental review process by 7

CFR 1940.310(e)(1). Any required environmental review must be completed in full prior to obligation of funds or the approval of the application.

(3) *Original signatures.* USDA Rural Development may request that the applicant provide original signatures on forms submitted through grants.gov at a later date.

(4) *Form AD 2106.* Each applicant is requested to submit Form AD 2106, "Form to Assist in Assessment of USDA Compliance with Civil Rights Laws," with their application. This form requests information on the applicant's race, ethnicity, and gender. The information contained in this form will allow the Agency to evaluate its outreach efforts to under-served and under-represented populations. Applicants are encouraged to furnish this form and the information requested with their application, but are not required to do so. Not furnishing this information will neither affect an applicant's eligibility nor the likelihood of an applicant receiving an award.

This form is available from any USDA Rural Development Energy Coordinator, as provided in the **SUPPLEMENTARY INFORMATION** section of this Notice, and from <http://forms.sc.egov.usda.gov/eForms/welcomeAction.do?Home>.

(5) *Award considerations.* In determining the amount of a renewable energy system or energy efficiency improvement grant or loan guarantee, the Agency will consider the six criteria specified in 7 CFR 4280.115(g) or 7 CFR 4280.124(f), as applicable.

(6) *Hybrid projects.* If the application is for a hybrid project, technical reports, as required under 7 CFR 4280.116(b)(7), must be prepared for each technology that comprises the hybrid project.

(7) *Multiple facilities.* Applicants may submit a single application that proposes to apply the same renewable energy system (including the same hybrid project) or energy efficiency improvement across multiple facilities. For example, a rural small business owner owns five retail stores and wishes to install solar panels on each store. The rural small business owner may submit a single application for installing the solar panels on the five stores. However, if this same owner wishes to install solar panels on three of the five stores and wind turbines for the other two stores, the owner can only submit an application for either the solar panels or for the wind turbines in the same fiscal year.

V. Program Provisions

This section of the Notice identifies the provisions of 7 CFR part 4280,

subpart B applicable to each type of funding available under REAP.

A. General

The provisions specified in 7 CFR 4280.101 through 4280.111 apply to this Notice.

B. Renewable Energy System and Energy Efficiency Improvement Project Grants

In addition to the other provisions of this Notice, the requirements specified in 7 CFR 4280.112 through 4280.121 apply to renewable energy system and energy efficiency improvement projects grants.

C. Renewable Energy System and Energy Efficiency Improvement Project Guaranteed Loans

In addition to the other provisions of this Notice, the requirements specified in 7 CFR 4280.122 through 4280.160 apply to guaranteed loans for renewable energy system and energy efficiency improvement projects. For Fiscal Year 2013, the guarantee fee amount is 1 percent of the guaranteed portion of the loan and the annual renewal fee is 0.250 percent (one-quarter of 1 percent) of the guaranteed portion of the loan.

D. Renewable Energy System and Energy Efficiency Improvement Project Grant and Guaranteed Loan Combined Requests

In addition to the other provisions of this Notice, the requirements specified in 7 CFR 4280.165 apply to a combined grant and guaranteed loan for renewable energy system and energy efficiency improvement projects. Any applicant that submits a combined grant and guaranteed loan application will not be allowed to modify their application to a grant only or guaranteed loan only application after the applicable submission date and time, as identified in the **DATES** section of this Notice, and remain eligible for Fiscal Year 2013 funds.

E. Renewable Energy System Feasibility Study Grants

In addition to the other provisions of this Notice, the requirements specified in 7 CFR 4280.170 through 4280.182 apply to renewable energy system feasibility study grants. Feasibility studies are required to be prepared by an independent, qualified third party consultant. Applicants cannot prepare their own feasibility study.

F. Resubmittal of Fiscal Year 2012 Renewable Energy System and Energy Efficiency Improvement Applications

If an application for a project was submitted for the first time in Fiscal

Year 2012 and that initial application was determined eligible but was not funded, the Agency will consider that initial Fiscal Year 2012 application for funding in Fiscal Year 2013 as provided in this section. If an applicant has already re-submitted in an earlier fiscal year (i.e. initial application was submitted in Fiscal Year 2011 or earlier), the applicant must submit a new application meeting the requirements of this Notice in order to be considered for Fiscal Year 2013 funds for that project and a new submission date of record will be established.

(1) *Written request.* An applicant must submit a written request for the Agency to consider its Fiscal Year 2012 application for Fiscal Year 2013 funds.

(i) For a guarantee loan and grant combination application, both the lender and grant applicant must submit the written request to the Agency in order to be considered for Fiscal Year 2013 funds.

(ii) Except for simplified applications, the applicant must provide, with the written request, the applicant's current balance sheet and income statement that meets the program requirements outlined in 7 CFR 4280.116(b)(4). Notwithstanding the requirements outlined in 7 CFR 4280.116(b)(4), the current balance sheet and income statement must not be more than 90 days old relative to the date the applicant submits the written request.

(iii) The Agency is requesting that each applicant submit Form AD 2106, "Form to Assist in Assessment of USDA Compliance with Civil Rights Laws," with their written request. This form requests information on the applicant's race, ethnicity, and gender. The information contained in this form will allow the Agency to evaluate its outreach efforts to under-served and under-represented populations. Applicants are encouraged to furnish this form and the information requested with their application, but are not required to do so. An applicant's eligibility or the likelihood of receiving an award will not be impacted by furnishing or not furnishing this information. This form is available from any USDA Rural Development Energy Coordinator, as provided in the **SUPPLEMENTARY INFORMATION** section of this Notice, and from <http://forms.sc.egov.usda.gov/eForms/welcomeAction.do?Home>.

(iv) Written requests to consider Fiscal Year 2012 applications for Fiscal Year 2013 funds may be submitted at any time during Fiscal Year 2013, up to and including 4:30 p.m. local time on April 30, 2013. Written requests

received after this time and date will not be accepted by the Agency and the applicant's Fiscal Year 2012 application will not be considered for Fiscal Year 2013 funds and be withdrawn.

(2) *Balance sheet and income statements.* Upon receipt of the balance sheet and income statements required under paragraph F(1)(ii) of this Notice, the Agency will determine whether there is any change to the application's score. If there is a change to the application's score, then the provisions specified in paragraph F(3) apply. If there is no change to the application's score, then the provisions of either paragraph F(3) or F(4) apply as applicable.

(3) *Revisions/change in score to Fiscal Year 2012 applications.* If an applicant plans to make any revisions to its Fiscal Year 2012 application or if the current balance sheet and income statement submitted under paragraph F(1)(ii) of this Notice results in a change to the application's score (even if no other revisions to the Fiscal Year 2012 application are planned), a new application meeting the requirements of this Notice must be submitted in order to be considered for Fiscal Year 2013 funds and a new submission date of record will be established.

(4) *No revisions/changes in score to Fiscal Year 2012 applications.* If an applicant does not plan to make any revisions to its Fiscal Year 2012 application and the current balance and income statement submitted under paragraph F(1)(ii) of this Notice does not result in a change to the application's score, a new application is not required and the submission date of record remains unchanged from its original Fiscal Year 2012 submittal date.

G. Award Process

In addition to the process for awarding funding under 7 CFR part 4280, subpart B, the Agency will make awards using the following considerations:

(1) *Funding renewable energy system and energy efficiency improvement grant and grant/guaranteed loan awards.* Considering the availability of funds, the Agency will fund those grant only applications and grant/guaranteed loan applications that score the highest based on the grant score of the application; that is, the grant score an application receives will be compared to the grant scores of other applications, with higher scoring applications receiving first consideration for funding.

(2) *Guaranteed loan only awards.* Considering the availability of funds, the Agency will fund those guaranteed loan only applications that score the

highest compared to the scores of other applications, with higher scoring applications receiving first consideration for funding.

(3) *Evaluation criteria.* Agency personnel will score each application based on the evaluation criteria specified in 7 CFR 4280.117(c), 7 CFR 4280.129(c), 7 CFR 4280.178, or 7 CFR 4280.192, as applicable.

For hybrid applications, each technical report will be evaluated and scored based on its own merit. The scores for the technologies will be consolidated using a weighted average approach based on the percentage of the cost for each system to the total eligible project cost.

Example: A hybrid project contains a wind and solar photovoltaic components. The wind system will cost \$30,000 (75 percent of total eligible project cost) and the solar will cost \$10,000 (25 percent of total eligible project cost). The wind technical report was evaluated and assigned a total score of 22 points, while the solar report was evaluated and assigned a total score of 31 points. In this scenario, the final technical score would be assigned as follows: $(22 \times 75 \text{ percent}) + (31 \times 25 \text{ percent}) = 24.25$.

(4) *Applications that receive the same score.* If applications score the same and if remaining funds are insufficient to fund each such application, the Agency may distribute the remaining funds to a lower scoring application. Before this occurs, the Agency will provide the applicant of the higher scoring application the opportunity to reduce the amount of the applicant's request to the amount of funds available. If the applicant agrees to lower its request, the applicant must certify that the purposes of the project will be met and provide the remaining total funds needed to complete the project. At its discretion, the Agency may also elect to allow the remaining funds to be carried over to the next fiscal year rather than selecting a lower scoring application or distributing funds on a pro-rata basis.

VI. Administration Information

A. Notifications

(1) *Applicants.* The notification provisions of 7 CFR 4280.111 apply to this Notice.

(2) *Lenders.* The notification provisions of 7 CFR 4280.129(a) apply to this Notice.

B. Administrative and National Policy Requirements

(1) *Exception authority.* The provisions of 7 CFR 4280.104 apply to this Notice.

(2) *Appeals.* A person may seek a review of an Agency decision or appeal

to the National Appeals Division in accordance with 7 CFR 4280.105.

(3) *Conflict of interest.* The provisions of 7 CFR 4280.106 apply to this Notice.

(4) *USDA Departmental Regulations and other laws that contains other compliance requirements.* The provisions of 7 CFR 4280.107 and 7 CFR 4280.108 apply to this Notice.

VII. Agency Contacts

For assistance on this program, please contact a USDA Rural Development Energy Coordinator, as provided in the **SUPPLEMENTARY INFORMATION** section of this Notice.

VIII. Nondiscrimination Statement

USDA prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual's income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotope, etc.) should contact USDA's TARGET Center at (202) 720-2600 (voice and TDD).

To file a complaint of discrimination, write to: USDA, Assistant Secretary for Civil Rights, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue SW., Stop 9410, Washington, DC 20250-9410 or call toll-free at (866) 632-9992 (English) or (800) 877-8339 (TDD) or (866) 377-8642 (English Federal-relay) or (800) 845-6136 (Spanish Federal-relay). USDA is an equal opportunity provider and employer.

Dated: February 27, 2013.

Dallas Tonsager,

Under Secretary, Rural Development.

BILLING CODE 3410-XY-P

DEPARTMENT OF COMMERCE

U.S. Census Bureau

Proposed Information Collection; Comment Request; 2013 Company Organization Survey

AGENCY: U.S. Census Bureau,
Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and

respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: To ensure consideration, written comments must be submitted on or before May 28, 2013.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at jjessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument(s) and instructions should be directed to Joy P. Pierson, Economic Planning and Coordination Division, U.S. Census Bureau, Room 8K319, Washington, DC 20233-6100 (or by email at Joy.P.Pierson@census.gov)

SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the annual Company Organization Survey (COS) to update and maintain a central, multipurpose Business Register (BR) database. In particular, the COS supplies critical information on the composition, organizational structure, and operating characteristics of multi-location companies.

The BR serves two fundamental purposes:

First and most important, it provides sampling populations and enumeration lists for the Census Bureau's economic surveys and censuses, and it serves as an integral part of the statistical foundation underlying those programs. Essential for this purpose is the BR's ability to identify all known United States business establishments and their parent companies. Further, the BR must accurately record basic business attributes needed to control sampling and enumeration. These attributes include industrial and geographic classifications, and name and address information.

Second, it provides establishment data that serve as the basis for the annual County Business Patterns (CBP) statistical series. The CBP publications present data on number of establishments, first quarter payroll, annual payroll, and mid-March employment summarized by industry and employment size class for the United States, the District of Columbia, island areas, counties, and country-

equivalents. No other annual or more frequent series of industry statistics provides comparable detail, particularly for small geographic areas.

II. Method of Collection

The Census Bureau will conduct the 2013 COS in a similar manner as the 2011 COS. (In 2012 the COS was conducted in conjunction with the 2012 Economic Census to minimize response burden). The 2013 COS will request company-level information from a selection of multi-establishment enterprises, which comprise roughly 42,000 parent companies and more than 1.4 million establishments. Additionally, the panel will include approximately 5,000 large single-location companies that may have added locations during the year. The primary collection medium for the COS is a paper questionnaire; however, many enterprises will submit automated/electronic COS reports. Electronic reporting will be available to all 2013 COS respondents. Companies will receive and return responses by secure Internet transmission. Companies that cannot use the Internet will receive a CD-ROM containing their electronic data. All respondents will be allowed to mail the data via diskette or CD-ROM or submit their responses via the Internet. COS content is identical for all of the reporting modes.

The instrument will include inquiries on ownership or control by domestic or foreign parent, ownership of foreign affiliates, and leased employment. Further, the instrument will list an inventory of establishments belonging to the company and its subsidiaries, and request updates to these inventories, including additions, deletions, and changes to information on EIN, name and address, and industrial classification, end-of-year operating status, mid-March employment, first quarter payroll, and annual payroll.

Additionally, the Census Bureau will ask certain questions in the 2013 COS in order to enhance content. We will include questions on ownership or control by domestic or foreign parents, ownership of foreign affiliates, research and development, leased employment, and manufacturing activities related to the Enterprise Statistics Program.

III. Data

OMB Control Number: 0607-0444.

Form Number: NC-99001 (for multi-establishment enterprises) and NC-99007 (for single-location companies).

Type of Review: Regular submission.

Affected Public: Business and not-for-profit institutions.
