

(202) 564-0050; email address: williams.learia@epa.gov.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On October 17, 2012 (77 FR 63813), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to both EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under docket ID number EPA-HQ-OECA-2012-0688, which is available for either public viewing online at <http://www.regulations.gov>, or in person viewing at the Enforcement and Compliance Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Avenue NW, Washington, DC. The EPA Docket Center Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the Enforcement and Compliance Docket is (202) 566-1752.

Use EPA's electronic docket and comment system at <http://www.regulations.gov> to either submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, Confidentiality of Business Information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to www.regulations.gov.

Title: NESHAP for Plastic Parts and Products Surface Coating (Renewal).

ICR Numbers: EPA ICR Number 2044.05, OMB Control Number 2060-0537.

ICR Status: This ICR is scheduled to expire on June 30, 2013. Under OMB regulations, the Agency may continue either to conduct or sponsor the collection of information while this submission is pending at OMB.

Abstract: The affected entities are subject to the General Provisions of the NESHAP at 40 CFR part 63, subpart A, and any changes, or additions to the

Provisions specified at 40 CFR part 63, subpart PPPP. Owners or operators of the affected facilities must submit an initial notification report, performance tests, and periodic reports and results. Owners or operators are also required to maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected facility, or any period during which the monitoring system is inoperative. Reports are required semiannually at a minimum.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 91 hours per response. "Burden" means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously-applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Plastic parts and products surface coating facilities.

Estimated Number of Respondents: 832.

Frequency of Response: Initially, occasionally, and semiannually.

Estimated Total Annual Hour Burden: 322,467.

Estimated Total Annual Cost: \$31,489,594, which includes \$31,223,994 in labor costs, \$16,000 in capital/startup costs, and \$249,600 in operation and maintenance (O&M) costs.

Changes in the Estimates: There is an increase in the total estimated burden as currently identified in the OMB Inventory of Approved Burdens. The adjustment increase in burden from the most-recently approved ICR is due to an increase in the number of sources subject to the NESHAP, as well as to an adjustment increase in labor rates. This ICR uses the most recent labor rates in calculating all burden costs. The growth in the respondent universe also results

in a corresponding increase in the total O&M costs.

John Moses,

Director, Collection Strategies Division.

Information Collection Request Submitted to OMB for Review and Approval; Comment Request; Spill Prevention, Control and Countermeasure (SPCC) Plans (Renewal)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: The Environmental Protection Agency has submitted an information collection request (ICR), "Spill Prevention, Control and Countermeasures (SPCC) Plans (Renewal)" (EPA ICR No. 0328.16, OMB Control No. 2050-0021) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*). This is a proposed extension of the ICR, which is currently approved through June 30, 2013. Public comments were previously requested via the **Federal Register** (77 FR 74659) on December 17, 2012 during a 60-day comment period. This notice allows for an additional 30 days for public comments. A fuller description of the ICR is given below, including its estimated burden and cost to the public. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

DATES: Additional comments may be submitted on or before May 6, 2013.

ADDRESSES: Submit your comments, referencing Docket ID Number EPA-HQ-OPA-2007-0584, to (1) EPA online using www.regulations.gov (our preferred method), by email to RCRA-Docket@epa.gov, or by mail to: EPA Docket Center, Environmental Protection Agency, Mail Code 28221T, 1200 Pennsylvania Ave., NW., Washington, DC 20460, and (2) OMB via email to oir_submission@omb.eop.gov. Address comments to OMB Desk Officer for EPA.

EPA's policy is that all comments received will be included in the public docket without change including any personal information provided, unless

the comment includes profanity, threats, information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute.

FOR FURTHER INFORMATION CONTACT:

George W. Denning, Office of Emergency Management, Mail Code 5104A, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460; telephone number: (202) 564-2404; fax number: (202) 564-2625; email address: Denning.George@epa.gov.

SUPPLEMENTARY INFORMATION:

Supporting documents which explain in detail the information that the EPA will be collecting are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The telephone number for the Docket Center is 202-566-1744. For additional information about EPA's public docket, visit <http://www.epa.gov/dockets>.

Abstract: The authority for EPA's oil pollution prevention requirements is derived from section 311(j)(1)(C) of the Clean Water Act, as amended by the Oil Pollution Act of 1990. EPA's regulation is codified at 40 CFR part 112. An SPCC Plan will help an owner or operator identify the necessary procedures, equipment and resources to respond to prevent an oil spill and to respond to an oil spill in a timely manner. If implemented effectively, the SPCC Plan is expected to prevent oil spills and reduce the impact and severity of oil spills. Although the owner or operator is the primary data user, EPA may also require the owner or operator to submit data to the Agency in certain situations to ensure facilities comply with the SPCC regulation and to help allocate response resources. State and local governments may use the data, which are not generally available elsewhere and can assist local emergency preparedness planning efforts. EPA does not require an owner or operator to submit SPCC Plans, but may request the SPCC Plan during a facility inspection or an oil spill incident for review. The SPCC regulation requires the owner or operator maintain a complete copy of the Plan at the facility if the facility is normally attended at least four hours per day or at the nearest field office if the facility is not so attended. The rule also requires that the Plan be available to the Regional Administrator for on-site review during normal working hours (40 CFR 112.3(e)).

Form Numbers: None.

Respondents/affected entities: Private facilities, State/Local/Tribal governments.

Respondent's obligation to respond: Mandatory per 40 CFR part 112.

Estimated number of respondents: 670,048 (total).

Frequency of response: Less than once per year.

Total estimated burden: 8,798,928 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$987,220,025, includes \$186,674,814 annualized capital or operation and maintenance costs.

Changes in the Estimates: Differences in burden and costs from the previous ICR are attributed to adjustments for wage rates, unit costs, and the projected universe of facilities.

John Moses,

Director, Collection Strategies Division.

Mandatory Reporting of Greenhouse Gases: Notice of Data Availability Regarding Global Warming Potential Values for Certain Fluorinated Greenhouse Gases and Fluorinated Heat Transfer Fluids

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of data availability and request for comment.

SUMMARY: The EPA is announcing to the public the availability of estimated global warming potentials, as well as data and analysis submitted in support of them, for eight fluorinated heat transfer fluids. We are requesting comments on the estimated global warming potentials and the data and analysis supporting them. We are also requesting comment on the cited global warming potentials for 35 other fluorinated greenhouse gases and fluorinated heat transfer fluids for which we do not currently possess supporting data and analysis. The EPA is requesting comment on the global warming potentials of all 43 chemicals as we consider adding these global warming potentials to the Greenhouse Gas Reporting rule.

DATES: Comments must be received on or before May 6, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-HQ-OAR-2009-0927, by one of the following methods:
