## FEDERAL COMMUNICATIONS COMMISSION

### Information Collection(s) Being Reviewed by the Federal Communications Commission, Comments Requested

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice; request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information burden for small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it

displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before June 10, 2013. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

**ADDRESSES:** Submit your PRA comments to Judith B. Herman, Federal Communications Commission, via the Internet at [Judith-b.herman@fcc.gov](mailto:Judith-b.herman@fcc.gov). To submit your PRA comments by email send them to: [PRA@fcc.gov](mailto:PRA@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** Judith B. Herman, Office of Managing Director, (202) 418-0214.

### SUPPLEMENTARY INFORMATION:

*OMB Control Number:* 3060-0261.

*Title:* Section 90.215, Transmitter

Measurements.

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities, not-for-profit institutions and state, local or tribal government.

*Number of Respondents:* 174,661 respondents; 369,495 responses.

*Estimated Time per Response:* .033 hours.

*Frequency of Response:* Recordkeeping requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. section 303(f) of the Communications Act of 1934, as amended.

*Total Annual Burden:* 12,193 hours.

*Total Annual Cost:* N/A.

*Privacy Impact Assessment:* N/A.

*Nature and Extent of Confidentiality:* There is no need for confidentiality.

*Needs and Uses:* The Commission will submit this expiring information collection after this comment period to obtain the full, three year clearance from the Office of Management and Budget (OMB). The Commission is requesting approval for an extension (no change in the recordkeeping). The Commission is reporting a 1,306 hour burden reduction adjustment. This is due to fewer recordkeepers and thus a reduction in the overall burden.

Section 90.215 requires station licensees to measure the carrier frequency, output power, and modulation of each transmitter

authorized to operate with power in excess of two watts when the transmitter is initially installed and when any changes are made which would likely affect the modulation characteristics. Such measurements, which help ensure proper operation of transmitters, are to be made by a qualified engineering measurement service, and are required to be retained in the station records, along with the name and address of the engineering measurement service, and the name of the person making the measurements.

The information is normally used by the licensee to ensure that equipment is operating within prescribed tolerances. Prior technical operation of transmitters helps limit interference to other users and provides the licensee with the maximum possible utilization of equipment.

## FEDERAL COMMUNICATIONS COMMISSION

### Information Collection(s) Being Submitted for Review and Approval to the Office of Management and Budget (OMB)

**AGENCY:** Federal Communications Commission.

**ACTION:** Notice; request for comments.

**SUMMARY:** As part of its continuing effort to reduce paperwork burden and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3502-3520), the Federal Communications Commission invites the general public and other Federal agencies to take this opportunity to comment on the following information collection(s). Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimates; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid OMB control number.

**DATES:** Written Paperwork Reduction Act (PRA) comments should be submitted on or before May 9, 2013. If you anticipate that you will be submitting PRA comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the FCC contact listed below as soon as possible.

**ADDRESSES:** Submit your PRA comments to Nicholas A. Fraser, Office of Management and Budget (OMB), via fax at 202-395-5167 or via Internet at [Nicholas.A.Fraser@omb.eop.gov](mailto:Nicholas.A.Fraser@omb.eop.gov) and to Judith B. Herman, Federal Communications Commission, via the Internet at [Judith-b.herman@fcc.gov](mailto:Judith-b.herman@fcc.gov). To submit your PRA comments by email send them to: [PRA@fcc.gov](mailto:PRA@fcc.gov).

**FOR FURTHER INFORMATION CONTACT:** Judith B. Herman, Office of Managing Director, FCC, at 202-418-0214.

**SUPPLEMENTARY INFORMATION:**

*OMB Control Number:* 3060-0816.

*Title:* Local Telephone Competition and Broadband Reporting (Report and Order, WC Docket No. 07-38, FCC 08-89; Order on Reconsideration, WC Docket No. 07-38, FCC 08-148.

*Form Number:* FCC Form 477.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities, not-for-profit institutions, and state, local or tribal government.

*Number of Respondents:* 1,980 respondents; 3,960 responses.

*Estimated Time per Response:* 296 hours.

*Frequency of Response:* Semi-annual reporting requirement.

*Obligation to Respond:* Mandatory. Statutory authority for this information collection is contained in 47 U.S.C. sections 4(i), 201, 218-220, 251-252, 271, 303(r) and 403 of the Communications Act of 1934, as amended, and section 706 of the Telecommunications Act of 1996, as amended, codified in section 1302 of the Broadband Data Improvement Act, 47 U.S.C. 1302.

*Total Annual Burden:* 1,172,160 hours.

*Total Annual Cost:* N/A.

*Privacy Impact Assessment:* N/A.

*Nature and Extent of Confidentiality:* The Commission will continue to allow respondents to certify, on the first page

of the each submission, that some data contained in that submission are privileged or confidential commercial or financial information and that disclosure of such information would likely cause substantial harm to the competitive position of the entity making the submission. If the Commission receives a request for, or proposes to disclose the information, the respondent would be required to show, pursuant to Commission rules for withholding from public inspection information submitted to the Commission, that the information in question is entitled to confidential treatment. We will retain our current policies and procedures regarding the confidential treatment of submitted FCC Form 477 data, including use of the aggregated, non-company specific data in our published reports.

*Needs and Uses:* The Commission will submit this expiring information collection during this comment period to obtain the full, three year clearance from the Office of Management and Budget (OMB). The Commission is requesting approval for an extension (no change in the reporting requirements). There are changes to the Commission's previous burden estimates. The Commission has increased the estimated average time per response for this information collection from 289 hours to 296 hours. The adjustment is also due to the increased number of respondents and their types of operations, (e.g., interconnected VoIP service providers with multi-state operations.) There is no change to the FCC Form 477. FCC Form 477 gathers information on the development of local telephone competition including telephone services and interconnected Voice over Internet Protocol (VoIP) services, and on the deployment of broadband also known as advanced telecommunications services. The data are necessary to evaluate the status of competition in local telecommunications services markets and to evaluate the status of broadband deployment. The information is used by the FCC staff to advise the Commission about the efficacy of Commission rules and policies adopted to implement the Telecommunications Act of 1996.

*OMB Control Number:* 3060-1138.

*Title:* Sections 1.49 and 1.54, Forbearance Petition Filing Requirements.

*Form Number:* N/A.

*Type of Review:* Extension of a currently approved collection.

*Respondents:* Business or other for-profit entities.

*Number of Respondents:* 10 respondents; 10 responses.

*Estimated Time per Response:* 640 hours.

*Frequency of Response:* On occasion reporting requirement, recordkeeping requirement and third party disclosure requirement.

*Obligation to Respond:* Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. sections 10, 151, 154(i), 154(j), 155(c), 160, 201 and 303(r) of the Communications Act of 1934.

*Total Annual Burden:* 6,400 hours.

*Total Annual Cost:* N/A.

*Privacy Impact Assessment:* N/A.

*Nature and Extent of Confidentiality:* The Commission is not requesting respondents to submit or disclose confidential information. Respondents may, however, request confidential treatment for information they believe to be confidential under 47 CFR 0.459 of the Commission's rules.

*Needs and Uses:* The Commission will submit this expiring information collection during this comment period to obtain the full, three year clearance from the Office of Management and Budget (OMB). The Commission is requesting approval for an extension (no change in the reporting, recordkeeping and/or third party disclosure requirements). Under section 10 of the Communications Act of 1934, as amended, telecommunications carriers may petition the Commission to forbear from applying to a telecommunications carrier any statutory provision or Commission regulation. When a carrier petitions the Commission for forbearance, section 10 requires the Commission to make three determinations with regard to the need for the challenged provision or regulation. If the Commission fails to act within one year (extended by three additional months, if necessary) the petition is "deemed granted" by operation of law. These determinations require complex, fact-intensive analysis, e.g., "whether forbearance from enforcing the provision or regulation will promote competitive market conditions." Under the new filing procedures, the Commission requires that petitions for forbearance must be "complete as filed" and explain in detail what must be included in the forbearance petition. The Commission also incorporates by reference its rule, 47 CFR 1.49, which states the Commission's standard "specifications as to pleadings and documents." Precise filing requirements are necessary because of section 10's strict time limit for Commission action. Also, commenters must be able to understand clearly the scope of the petition in order

to comment on it. Finally, standard filing procedures inform petitioners precisely what the Commission expects from them in order to make the statutory determinations that the statute requires.
