liquidate the appropriate entries without regard to antidumping duties in accordance with the Final Modification for Reviews, i.e., “...where the weighted-average margin of dumping for the exporter is determined to be zero or de minimis, no antidumping duties will be assessed.” 3

The Department clarified its “automatic assessment” regulation on May 6, 2003. 4 This clarification applies to entries of subject merchandise during the POR produced by Saha Thai for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Consistent with the Assessment Policy Notice, if we continue to find that Pacific Pipe had no shipments of subject merchandise to the United States in the final results of this review, we intend to instruct CBP to liquidate all existing entries of merchandise produced by Pacific Pipe and exported by other parties at the all-others rate.

We intend to issue instructions to CBP 15 days after publication of the final results of this review.

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of circular welded carbon steel pipes and tubes from Thailand entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided for by section 751(a)(2)(C) of the Act:

1. The cash deposit rate for the company under review will be the rate established in the final results of this review (except, if the rate is zero or de minimis, i.e., less than 0.5 percent, then no cash deposit will be required);
2. for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the POR produced by Saha Thai for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

Disclosure and Public Comment

We will disclose the calculations used in our analysis to parties in this review within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b). Any interested party may request a hearing within 30 days of the publication of this notice in the Federal Register. 5 If a hearing is requested, the Department will notify interested parties of the hearing schedule.

Interested parties are invited to comment on the preliminary results of this review. Unless extended by the Department, interested parties must submit case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, which must be limited to issues raised in the case briefs, must be filed not later than five days after the time limit for filing case briefs. See 19 CFR 351.309(c) and (d). Parties who submit case briefs or rebuttal briefs in this review are requested to submit with each argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities. Executive summaries should be limited to five pages total, including footnotes. 6

We intend to issue the final results of this administrative review, including the results of our analysis of issues raised in the written comments, within 120 days of publication of these preliminary results in the Federal Register, unless otherwise extended. See section 751(a)(3)(A) of the Act.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the reimbursement of antidumping duties.

Circular Welded Carbon Steel Pipes and Tubes from Turkey: Preliminary Results of Countervailing Duty Administrative Review; Calendar Year 2011

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is conducting an administrative review of the countervailing duty (CVD) order on circular welded carbon steel pipes and tubes from Turkey (pipes and tubes from Turkey) for the period of review (POR) of January 1, 2011, through December 31, 2011. The review covers the following three producers/exporters of subject merchandise: Borusan Group, Borusan Mannesmann Boru Sanayi ve Ticaret A.S. (BMB), and Borusan İstikbal Ticaret T.A.S. (İstikbal), (collectively, Borusan); Erbosan Erciyas Boru Sanayi ve Ticaret A.S. (Erbosan) and Erbosan Erciyas Pipe Industry and Trade Co. Kayseri Free Zone Branch (Erbosan FZB), (collectively Erbosan); and Tosyali dis Ticaret A.S. (Tosyali) and Toscelik Profil ve Sac Endustrisi A.S. (Toscelik Profil), (collectively, Toscelik). We preliminarily determine that Borusan, Erbosan, and Toscelik received countervailable subsidies during the POR but that the companies’ respective total net subsidy rates are less than 0.5 percent ad valorem and, therefore, are de minimis.

DATES: Effective Date: April 9, 2013.

Scope of the Order

The products covered by this order are certain welded carbon steel pipes and tube with an outside diameter of 0.375 inch or more, but not over 16 inches, of any wall thickness (pipe and tube) from Turkey. These products are currently provided for under the Harmonized Tariff Schedule of the United States (HTSUS) as item numbers 7306.30.10, 7306.30.50, and 7306.90.10. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Methodology

The Department has conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found countervailable, we preliminarily determine that there is a subsidy, i.e., a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific. See sections 771(5)(B) and (D) of the Act regarding financial contribution; section 771(5)(E) of the Act regarding benefit; and, section 771(5)(A) of the Act regarding specificity. For a full description of the methodology underlying our conclusions, please see Decision Memorandum for Preliminary Results of Countervailing Duty (CVD) Administrative Review: Circular Welded Carbon Steel Pipes and Tubes from Turkey (Preliminary Decision Memorandum) from Edward C. Yang, Senior Director China/Non-Market Economy Unit, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with these results and hereby adopted by this notice.

In making these findings, we have relied, in part, on an adverse inference in selecting from among the facts otherwise available because one of our respondents, Erbosan, did not act to the best of its ability to respond to the Department’s requests for information as it pertains to the “Deduction from Taxable Income for Export Revenue” program. See section 776(a) and (b) of the Act.

The Preliminary Decision Memorandum is a public document and is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Service System (IA ACCESS). IA ACCESS is available to registered users at http://iaaccess.trade.gov and in the Central Records Unit (CRU), room 7046 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly on the Internet at http://www.trade.gov/ia/. The signed Preliminary Decision Memorandum and the electronic versions of the Preliminary Decision Memorandum are identical in content.

Preliminary Results of Review

The Department has determined that the following preliminary net subsidy...
