*Abstract:* The Cooperative Forestry Assistance Act of 1978 (16 U.S.C. 2101 (note) Sec. 10) requires the Forest Service to collect information about wildfire suppression efforts by state and local firefighting agencies in support of congressional funding requests for the Forest Service State and Private Forestry Cooperative Fire Program. The program provides supplemental funding for state and local firefighting agencies. The Forest Service works cooperatively with state and local firefighting agencies to support their fire suppression efforts.

State fire marshals and state forestry officials use form FS-3100-8 (Annual Wildfire Summary Report) to report information to the Forest Service regarding state and local wildfire suppression efforts. The Forest Service shares the information with Congress as part of the annual request for funding for this program.

The information collected includes the number of fires responded to by state or local firefighting agencies within a fiscal year, as well as the following information pertaining to such fires:

- Fire type (timber, structural, or grassland);
- Size (in acres) of the fires;
- Cause of fires (lightning, campfires, arson, etc.); and
- Suppression costs associated with the fires.

The data gathered is not available from any other sources.
