

CEQ's NEPA regulations; and (3) to satisfy its NEPA obligations, the Board could adopt the 2012 Final EIS in any decision finding jurisdiction over the project and ruling on the Authority's request for construction authority.

If the Board finds jurisdiction to rule on the Authority's proposal, in order to comply with its obligations under Section 106 of the National Historic Preservation Act (16 U.S.C. 470 *et seq.*), OEA, on behalf of the Board, would also join the existing Memorandum of Agreement (MOA), signed and executed by FRA, Authority, Advisory Council on Historic Preservation, and California Historic Preservation Officer. The MOA describes the roles and responsibilities of the parties and would allow the Board to take into account the potential effect of the Board's actions on historic properties pursuant to the requirements of Section 106.

In accordance with the U.S. Environmental Protection Agency's (EPA) regulations (40 CFR 1506.3(b)) and guidelines (EIS Filing System Guidance, 77 Fed. Reg. 51530–51532) regarding the filings of adopted EISs, OEA has provided EPA with this notice of Final EIS adoption recommendation and electronically filed the recirculated Final EIS with EPA. EPA will publish a notice of availability of the recirculated Final EIS in the **Federal Register** consistent with its usual practices.

Because of the multi-volume size of the Final EIS and its continued availability in the libraries of the affected communities and the Authority's Web site, OEA is not republishing the document. This would be unduly costly, would defeat CEQ's goals of reducing paperwork and duplication effort, and would be of little additional value to other agencies or the public. The Final EIS is available on the Authority's Web site at www.cahighspeedrail.ca.gov/final-eir-m-f.aspx, and at local libraries in the following California communities: Atwater, Chowchilla, Fresno, Le Grand, Los Banos, Madera, and Merced. OEA has mailed this notification to the recipients of the Final EIS at the time it was issued by FRA and the Authority in April 2012, as well as the parties of record to the Board's proceedings. Comments on the Board's proposed adoption of the Final EIS may be submitted to Dave Navecky at the address noted above, or filed electronically on the Board's Web site, no later than May 20, 2013.

If the Board finds jurisdiction over the project, the final stage of the environmental review process under NEPA would be the issuance of the Board's final decision on the Petition for Exemption (i.e., Record of Decision).

This Board decision would describe the agency's decision on whether to authorize the Authority's proposed construction, and whether it adopts OEA's recommendations, including OEA's recommendation to formally adopt the Final EIS. In addition, the Board decision would take into account any substantive comments received in response to today's notice of proposed Final EIS adoption. Under the timelines included in CEQ's regulations (40 CFR 1506.10), the Board's final decision cannot be issued any earlier than thirty days after EPA publishes its **Federal Register** notice notifying the public of OEA's adoption recommendation and availability of the recirculated Final EIS (Note: OEA anticipates that EPA will publish this notice of Final EIS adoption in the **Federal Register** on Friday, April 19, 2013). Any final decision issued by the Board finding jurisdiction and ruling on the Authority's proposal would be consistent with 40 CFR 1505.2 and the Board's environmental rules at 49 CFR part 1105.

By the Board, Victoria Rutson, Director,
Office of Environmental Analysis.

Jeffrey Herzig,
Clearance Clerk.

Community Development Financial Institutions (CDFI) Fund

OMB Number: 1559-NEW.
Type of Review: New generic collection.

Title: Native American Communities' Access to Capital and Credit Study.

Abstract: Pursuant to the Community Development Banking and Financial Institutions Act of 1994, as amended (12 U.S.C. 4701 *et seq.*), the CDFI Fund provides training and technical assistance to CDFIs to enhance their ability to make loans and investments and provide services for the benefit of designated investment areas and targeted populations. Further, the CDFI Fund administers the Native Initiatives, which serve Native Communities. The information collected will be used to identify specific subject matter and data to develop and write the Study. The Study will update the 2001 Native American Lending Study conducted by the CDFI Fund, which resulted in the creation of the Native Initiatives. The requested information is necessary to support effective use of Federal resources.
