

SUMMARY: The Department of State is seeking Office of Management and Budget (OMB) approval for the information collection described below. In accordance with the Paperwork Reduction Act of 1995, we are requesting comments on this collection from all interested individuals and organizations. The purpose of this notice is to allow 60 days for public comment preceding submission of the collection to OMB.

DATES: The Department will accept comments from the public up to June 14, 2013.

ADDRESSES:

You may submit comments by any of the following methods:

- *Web:* Persons with access to the Internet may use the Federal Docket Management System (FDMS) to comment on this notice by going to www.Regulations.gov. You can search for the document by entering "Public Notice ####" in the Search bar. If necessary, use the Narrow by Agency filter option on the Results page.

- *Email:* dubois@state.gov

- *Mail:* Office of the U.S. Global AIDS Coordinator (S/GAC), U.S. Department of State, SA-29, 2100 Pennsylvania Avenue NW., Suite 200, Washington, DC 20522-2920

- *Fax:* 202-663-2979

You must include the DS form number (if applicable), information collection title, and the OMB control number in any correspondence.

FOR FURTHER INFORMATION CONTACT:

Direct requests for additional information regarding the collection listed in this notice, including requests for copies of the proposed collection instrument and supporting documents, to Dr. Amy DuBois, 2100 Pennsylvania Avenue NW., Suite 200, SA-29, Washington, DC 20522-2920, who may be reached on 202-663-2440 or at dubois@state.gov.

SUPPLEMENTARY INFORMATION:

- *Title of Information Collection:*

PEPFAR Program Expenditures

- *OMB Control Number:* 1405-0208

- *Type of Request:* Revision of a Currently Approved Collection

- *Originating Office:* Office of the U.S. Global AIDS Coordinator (S/GAC)

- *Form Number:* DS-4213

- *Respondents:* Recipients of U.S. government funds appropriated to carry out the President's Emergency Plan for AIDS Relief (PEPFAR)

- *Estimated Number of Respondents:* 1581

- *Estimated Number of Responses:* 1581

- *Average Time per Response:* 24 hours

- *Total Estimated Burden Time:*

37,944 hours

- *Frequency:* Annually

- *Obligation To Respond:* Mandatory

We are soliciting public comments to permit the Department to:

- Evaluate whether the proposed information collection is necessary for the proper functions of the Department.

- Evaluate the accuracy of our estimate of the time and cost burden for this proposed collection, including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.

- Minimize the reporting burden on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Please note that comments submitted in response to this Notice are public record. Before including any detailed personal information, you should be aware that your comments as submitted, including your personal information, will be available for public review.

Abstract of proposed collection: The U.S. President's Emergency Plan for AIDS Relief (PEPFAR) was established through enactment of the United States Leadership Against HIV/AIDS, Tuberculosis, and Malaria Act of 2003 (Pub. L. 108-25), as amended by the Tom Lantos and Henry J. Hyde United States Global Leadership Against HIV/AIDS, Tuberculosis, and Malaria Reauthorization Act of 2008 (Pub. L. 110-293) (HIV/AIDS Leadership Act) to support the global response to HIV/AIDS. In order to improve program monitoring, the interagency Finance and Economics Work Group supporting PEPFAR has added reporting of expenditures by program area to the current routine reporting of program results for the annual report. Data are collected from implementing partners in countries with PEPFAR programs using a standard tool (DS-4213) via an electronic web-based interface into which users directly input data. These data are analyzed to produce mean and range in expenditures by partner per result/achievement for all PEPFAR program areas. These analyses then feed into partner and program reviews at the country level for monitoring and evaluation on an ongoing basis. Summaries of these data provide key information about program costs under PEPFAR on a global level. Applying expenditure results will improve strategic budgeting, identification of efficient means of delivering services, accuracy in defining program targets, and will inform allocation of resources

to ensure the program is accountable and using public funds for maximum impact.

Methodology: Data will be collected in a web-based interface available to all partners receiving funds under PEPFAR. To minimize the respondents' reporting burden and need for information technology investment, a new module capturing expenditure data was added to an already functional system. System upgrades now allow collection of the same information but no longer require uploading and downloading of spreadsheet templates. This approach has minimized U.S. government start up costs for the technology and will make the data collection processes more efficient.

Dated: April 1, 2013.

Deborah von Zinkernagel,

Principal Deputy, Office of the U.S. Global AIDS Coordinator, Department of State.

[Public Notice 8274]

Culturally Significant Objects Imported for Exhibition Determinations: "40 Part Motet"

SUMMARY: Notice is hereby given of the following determinations: Pursuant to the authority vested in me by the Act of October 19, 1965 (79 Stat. 985; 22 U.S.C. 2459), Executive Order 12047 of March 27, 1978, the Foreign Affairs Reform and Restructuring Act of 1998 (112 Stat. 2681, *et seq.*; 22 U.S.C. 6501 note, *et seq.*), Delegation of Authority No. 234 of October 1, 1999, Delegation of Authority No. 236-3 of August 28, 2000 (and, as appropriate, Delegation of Authority No. 257 of April 15, 2003), I hereby determine that the objects to be included in the exhibition "40 Part Motet," imported from abroad for temporary exhibition within the United States, are of cultural significance. The objects are imported pursuant to a loan agreement with the foreign owner or custodian. I also determine that the exhibition or display of the exhibit objects at The Cleveland Museum of Art, Cleveland, OH, from on or about May 4, 2013, until on or about June 9, 2013; The Metropolitan Museum of Art, New York, NY, from on or about November 9, 2013, until on or about December 8, 2013, and at possible additional exhibitions or venues yet to be determined, is in the national interest. I have ordered that Public Notice of these Determinations be published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: For further information, including a list of the exhibit objects, contact Julie Simpson, Attorney-Adviser, Office of the Legal Adviser, U.S. Department of State (telephone: 202-632-6467). The mailing address is U.S. Department of State, SA-5, L/PD, Fifth Floor (Suite 5H03), Washington, DC 20522-0505.

Dated: April 9, 2013.

Ann Stock,

Assistant Secretary, Bureau of Educational and Cultural Affairs, Department of State.

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

Environmental Impact Statement for the All Aboard Florida Miami—Orlando Passenger Rail Project

AGENCY: Federal Railroad Administration (FRA), Department of Transportation.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS).

SUMMARY: FRA is issuing this notice to advise the public that FRA will prepare an Environmental Impact Statement (EIS) to evaluate the potential environmental and related impacts of constructing and operating an intercity passenger rail service proposed by the private company, All Aboard Florida—Operations LLC (AAF), between Miami and Orlando, Florida, with intermediate stops in Fort Lauderdale and West Palm Beach, Florida (Proposed Action). FRA will evaluate alternatives for construction and operation of the Proposed Action, which would include infrastructure improvements to existing rail corridor right-of-way between Miami and Cocoa, and the development of a new rail corridor between Cocoa and Orlando. FRA will also evaluate a No Action (No Build) Alternative. FRA is issuing this notice to solicit public and agency input into the development of the scope of the EIS and to advise the public that outreach activities conducted by FRA, AAF and its representatives will be considered in the preparation of the EIS. To ensure all significant issues are identified and considered, the public is invited to comment on the scope of the EIS, including the purpose and need, alternatives to be considered, impacts to be evaluated, and methodologies to be used in the evaluation.

DATES: FRA invites the public, governmental agencies, and all other interested parties to comment on the

scope of the EIS. All such comments should be provided to FRA, in writing, within thirty (30) days of the publication of this notice, at the address listed below. Comments may also be provided orally or in writing at the scoping meetings for the Project. Scoping meeting dates, times and locations, in addition to related Project information can be found online at www.allaboardflorida.com or www.fra.dot.gov.

ADDRESSES: Written comments on the scope of the EIS may be mailed or emailed within thirty (30) days of the publication of this notice to Catherine Dobbs, Transportation Industry Analyst, Office of Railroad Policy and Development, Federal Railroad Administration, 1200 New Jersey Avenue SE., Washington, DC 20590, or catherine.dobbs@dot.gov.

FOR FURTHER INFORMATION CONTACT: Ali Soule, Public Affairs Manager, All Aboard Florida—Operations LLC, 2855 LeJeune Road, 4th Floor, Coral Gables, FL 33134, eis@allaboardflorida.com, or Catherine Dobbs, Transportation Industry Analyst, Office of Railroad Policy and Development, Federal Railroad Administration, 1200 New Jersey Avenue SE., Washington, DC 20590, catherine.dobbs@dot.gov. Information and documents regarding the EIS process will also be made available through the FRA Web site at www.fra.dot.gov and the AAF Web site at www.allaboardflorida.com.

SUPPLEMENTARY INFORMATION: FRA is preparing an EIS for a 235-mile intercity passenger railroad system proposed by AAF that will connect Orlando and Miami, Florida, with intermediate stops in Fort Lauderdale and West Palm Beach, Florida (Project). The proposed Project is composed of two connected corridors: (1) A north-south corridor of approximately 195 miles from Miami to Cocoa within an existing rail right-of-way, and (2) an east-west corridor of approximately 40 miles from Cocoa to the Orlando International Airport (MCO). The EIS will evaluate the potential environmental and related impacts of constructing and operating the Project within these corridors in Florida.

Environmental Review Process

The EIS will be developed in accordance with the Council on Environmental Quality (CEQ) regulations (40 CFR part 1500 *et seq.*) implementing the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*) (NEPA) and FRA's Procedures for Considering Environmental Impacts (64 FR 28545,

May 26, 1999). In addition to NEPA, the EIS will address other applicable statutes, regulations and executive orders, including the 1980 Clean Air Act Amendments, Section 404 of the Clean Water Act, the National Historic Preservation Act, Section 4(f) of the Department of Transportation Act, the Endangered Species Act and Executive Order 12898 on Environmental Justice. The EIS will consider alternatives that could include the use of, or access over, an interstate right-of-way and thus may involve the Federal Highway Administration. The Project's new corridor from Cocoa to MCO may involve alteration and fill of waters of the United States and thus the EIS process will involve the US Army Corps of Engineers, which is expected to serve as a cooperating agency. The Project is proposed to terminate at MCO, the Orlando International Airport, and thus may require review pursuant to the applicable requirements of the Federal Aviation Administration. The purpose of the EIS will be to provide the FRA, reviewing and cooperating agencies, and the public with information to assess alternatives that will meet the Project's purpose and need; to evaluate the potential environmental impacts; and to identify potential avoidance/mitigation measures, associated with the proposed Project alternatives.

Project Background

Florida has historically experienced major population, employment, and tourism growth, which is expected to continue in the coming decades. Florida's travelers are subject to chronic congestion and delays due to inadequate roadway capacity. The limited capacity results in higher road maintenance costs, increased fuel consumption, greater emissions and increased traffic incidents stemming from the high traffic volume. Significant roadway expansion along the I-95 corridor would be expected to cause a large number of displacements and other substantial environmental impacts while failing to provide an alternative to automobile travel.

As an alternative to additional highway development, this Project would help meet the existing need and demand for safe, convenient, and reliable transportation through the development of a privately-owned, operated and maintained intercity passenger rail service between four stations in Orlando, West Palm Beach, Fort Lauderdale, and Miami. Development of passenger rail will also support economic development by generating new revenue and creating
