Extension: Form S-6.

OMB Control No.: 3235-0184, SEC File No. 270-181.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

The title for the collection of information is "Form S-6 (17 CFR 239.16), for Registration under the Securities Act of 1933 of Securities of Unit Investment Trusts Registered on Form N-8B-2 (17 CFR 274.13)." Form S-6 is a form used for registration under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) ("Securities Act") of securities of any unit investment trust ("UIT") registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) ("Investment Company Act") on Form N-8B-2.¹ Section 5 of the Securities Act (15 U.S.C. 77e) requires the filing of a registration statement prior to the offer of securities to the public and that the statement be effective before any securities are sold. Section 5(b) of the Securities Act requires that investors be provided with a prospectus containing the information required in a registration statement prior to the sale or at the time of confirmation or delivery of the securities.

Section 10(a)(3) of the Securities Act (15 U.S.C. 77j(a)(3)) provides that when a prospectus is used more than nine months after the effective date of the registration statement, the information therein shall be as of a date not more than sixteen months prior to such use. As a result, most UITs update their registration statements under the Securities Act on an annual basis in order that their sponsors may continue

¹ Form N-8B-2 is the form used by UITs other than separate accounts that are currently issuing securities, including UITs that are issuers of periodic payment plan certificates and UITs of which a management investment company is the sponsor or depositor to register under the Investment Company Act pursuant to Section 8 thereof.

to maintain a secondary market in the units. UITs that are registered under the Investment Company Act on Form N-8B-2 file post-effective amendments to their registration statements on Form S-6 in order to update their prospectuses.

The purpose of Form S-6 is to meet the filing and disclosure requirements of the Securities Act and to enable filers to provide investors with information necessary to evaluate an investment in the security. This information collection differs significantly from many other federal information collections, which are primarily for the use and benefit of the collecting agency. The information required to be filed with the Commission permits verification of compliance with securities law requirements and assures the public availability and dissemination of the information.

The Commission estimates that there are approximately 1,287 initial registration statements filed on Form S-6 annually and approximately 1,268 annual post-effective amendments to previously effective registration statements filed on Form S-6. The Commission estimates that the hour burden for preparing and filing an initial registration statement on Form S-6 is 45 hours and for preparing and filing a post-effective amendment to a previously effective registration statement filed on Form S-6 is 40 hours. Therefore, the total burden of preparing and filing Form S-6 for all affected UITs is 108,635 hours.

The information collection requirements imposed by Form S-6 are mandatory. Responses to the collection of information will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

Extension: Rule 7d-1.

OMB Control No. 3235-0311, SEC File No. 270-176.

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520), the Securities and Exchange Commission (the "Commission") is soliciting comments on the collections of information summarized below. The Commission plans to submit these existing collection of information to the Office of Management and Budget for extension and approval.

Section 7(d) of the Investment Company Act of 1940 (15 U.S.C. 80a-7(d)) (the "Act" or "Investment Company Act") requires an investment company ("fund") organized outside the United States ("foreign fund") to obtain an order from the Commission allowing the fund to register under the Act before making a public offering of its securities through the United States mail or any means of interstate commerce. The Commission may issue an order only if it finds that it is both legally and practically feasible effectively to enforce the provisions of the Act against the foreign fund, and that the registration of the fund is consistent with the public interest and protection of investors.

Rule 7d-1 (17 CFR 270.7d-1) under the Act, which was adopted in 1954, specifies the conditions under which a Canadian management investment company ("Canadian fund") may request an order from the Commission permitting it to register under the Act. Although rule 7d-1 by its terms applies only to Canadian funds, other foreign funds generally have agreed to comply with the requirements of rule 7d-1 as a prerequisite to receiving an order
