FY2013 Supplemental Funding for Brownfields Revolving Loan Fund (RLF) Grantees

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of the Availability of Funds.

SUMMARY: EPA's Office of Brownfields and Land Revitalization (OBLR) plans to make available approximately \$6 million to provide supplemental funds to Revolving Loan Fund capitalization grants previously awarded competitively under section 104(k)(3) of the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), 42 U.S.C. 9604(k)(3). Brownfields Cleanup Revolving Loan Fund (BCRLF) pilots awarded under section 104(d)(1) of CERCLA that have not transitioned to section 104(k)(3) grants are not eligible to apply for these funds. EPA will consider awarding supplemental funding only to RLF grantees who have demonstrated an ability to deliver programmatic results by making at least one loan or subgrant. The award of these funds is based on the criteria described at CERCLA 104(k)(4)(A)(ii).

The Agency is now accepting requests for supplemental funding from RLF grantees. Requests for funding must be submitted to the appropriate EPA Regional Brownfields Coordinator (listed below) by May 20, 2013. Funding requests for hazardous substances and/or petroleum funding will be accepted. Specific information on submitting a request for RLF supplemental funding is described below and additional information may be obtained by contacting the EPA Regional Brownfields Coordinator.

DATES: This action is effective April 18, 2013.

ADDRESSES: A request for supplemental funding must be in the form of a letter addressed to the appropriate Regional Brownfields Coordinator (see listing below) with a copy to Ted Lanzano, lanzano.ted@epa.gov or U.S. EPA Region 8 (EPR-AR), 1595 Wynkoop Street, Denver, CO 80202.

FOR FURTHER INFORMATION CONTACT: Ted Lanzano, U.S. EPA, (303) 312-6596 or the appropriate Brownfields Regional Coordinator.

SUPPLEMENTARY INFORMATION:

Background

The Small Business Liability Relief and Brownfields Revitalization Act added section 104(k) to CERCLA to authorize federal financial assistance for brownfields revitalization, including grants for assessment, cleanup and job training. Section 104(k) includes a provision for the EPA to, among other things, award grants to eligible entities to capitalize Revolving Loan Funds and to provide loans and subgrants for brownfields cleanup. Section 104(k)(4)(A)(ii) authorizes EPA to make additional grant funds available to RLF grantees for any year after the year for which the initial grant is made (noncompetitive RLF supplemental funding) taking into consideration:

(I) The number of sites and number of communities that are addressed by the revolving loan fund;

(II) The demand for funding by eligible entities that have not previously received a grant under this subsection;

(III) The demonstrated ability of the eligible entity to use the revolving loan fund to enhance remediation and provide funds on a continuing basis; and

(IV) Such other similar factors as the [Agency] considers appropriate to carry out this subsection.

Eligibility

In order to be considered for supplemental funding, grantees must demonstrate that they have expended existing funds and that they have a clear plan for quickly expending requested additional funds. Grantees must demonstrate that they have made at least one loan or subgrant prior to applying for this supplemental funding and have significantly depleted existing available funds. For FY2013, EPA defines "significantly depleted funds" as any grant where \$250,000-\$300,000 or less remains uncommitted for single entities and \$300,000-\$400,000 or less remains uncommitted for states/large coalitions. Additionally, the RLF recipient must have demonstrated a need for supplemental funding based on, among other factors, the number of sites that will be addressed; demonstrated the ability to make loans and subgrants for cleanups that can be started and completed expeditiously (i.e., "shovel-ready" projects) and will lead to redevelopment; demonstrated the existence of additional leveraged funds to complete the project in a timely manner and move quickly from cleanup to redevelopment, including the use of tax incentives such as new market tax credits, direct funding or other resources to advance the project to

completion; demonstrated the ability to administer and revolve the capitalization funding in the RLF grant; demonstrated an ability to use the RLF grant to address funding gaps for cleanup; and demonstrated that they have provided a community benefit from past and potential loan(s) and/or subgrant(s). Special consideration may be given to those communities affected

by plant closures or other economic disruptions. Special consideration may also be given to those grantees that can demonstrate projects that have a clear prospect of aiding the in-sourcing of manufacturing capacity and keeping and/or adding jobs, or otherwise creating jobs, in the affected area. Applicants for supplemental funding must contact the appropriate Regional

Brownfields Coordinator below to obtain information on the format for supplemental funding applications for their region. When requesting supplemental funding, applicants must specify whether they are seeking funding for sites contaminated by hazardous substances or petroleum. Applicants may request both types of funding.

Meeting of the Environmental Financial Advisory Board; Public Notice

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of a public meeting.

SUMMARY: The United States Environmental Protection Agency's (EPA) Environmental Financial Advisory Board (EFAB) will hold a public meeting on May 15-16, 2013. EFAB is an EPA advisory committee chartered under the Federal Advisory Committee Act (FACA) to provide advice and recommendations to EPA on creative approaches to funding environmental programs, projects, and activities.

The purpose of this meeting is to hear from informed speakers on

environmental finance issues, proposed legislation, and EPA priorities; to discuss activities and progress with regard to current EFAB work projects; and to consider recent requests for assistance from EPA offices.

Environmental finance discussions are expected on the following topics: clean air technology; tribal environmental programs; transit-oriented development in sustainable communities, energy efficiency/green house gas emissions reduction; drinking water pricing and infrastructure investment; and green infrastructure.

The meeting is open to the public; however, seating is limited. All members of the public who wish to attend the meeting must register in advance, no later than Friday, May 3, 2013.

DATES: The full board meeting will be held on Wednesday, May 15, 2013 from 1:30 p.m. to 5 p.m., Eastern Time and Thursday, May 16, 2013 from 9-5 p.m., Eastern Time.

ADDRESSES: Potomac Yard Two, North Entrance, Room 4120, 2733 Crystal Drive, Arlington, VA 22202.

Registration and Information Contact: To register, get additional information and for information on access or services for individuals with

disabilities, please contact Sandra Williams, U.S. EPA, at (202) 564-4999 or williams.sandra@epa.gov. Request for accommodations for individuals with disabilities should be made 10 days prior to the meeting, to allow processing time of your request.

Dated: April 12, 2012.
