

- Whenever there is a change to accreditation or ownership information; and

- At least every 2 years as part of a regular audit process.

B. Estimated Burden

The CPSC estimates the burden of the collection of information in CPSC Form 223 is as follows:

ESTIMATED ANNUAL REPORTING BURDEN

Activity	Number of respondents	Frequency of responses	Total annual responses	Hours per response	Total hours
Initial Registration	55	1	55	1	55
Re-Registration	204	1	204	1	204
Changes in Information	3	1	3	0.25	0.75
Total					259.75

These estimates are based on the following information:

- From March 19, 2012 to March 19, 2013, 56 new third party conformity assessment bodies have registered with the CPSC. Since 2011, the number of third party conformity assessment bodies (53) has remained stable. Therefore, the estimated number of third party conformity assessment bodies who would register initially would be 55.

- Under the final rule 16 CFR part 1112, third party conformity assessment bodies are required to resubmit CPSC Form 223 every two years. As all third party conformity assessment bodies have not submitted their first CPSC Form 223s at the same time, only some would be expected to resubmit a CPSC Form 223 in any one year. As of March 2013, 409 third party conformity assessment bodies have registered with CPSC. Approximately half (204) of these firms would be required to re-register with CPSC.

- Under the final rule 16 CFR part 1112, third party conformity assessment bodies are required to keep the information submitted on CPSC Form 223 up to date and to submit a new CPSC Form 223 whenever the information changes. Based on current experience with third party conformity assessment bodies, CPSC staff estimates that third party conformity assessment bodies will make no more than 3 revisions per year to update their information. A change in information is a change which does not require review of laboratory accreditation documents, such as scope or test methods. Examples of revised information include changes in the Web site URL, name of the laboratory, and name of point of contact.

The total burden, therefore, is 259.75 hours, which is rounded up to 260 hours. CPSC staff estimates that hourly compensation for the time required for recordkeeping is \$27.12 per hour (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation,"

Table 9, total compensation for sales, office, and related workers in goods-producing industries: <http://www.bls.gov/ncs>). The total cost burden to the respondents is approximately \$7,052 (\$27.12 x 260 hours = \$7,051.20).

C. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: April 16, 2013.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.

BILLING CODE 6355-01-P

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2009-0073]

Proposed Extension of Approval of Information Collection; Comment Request: Virginia Graeme Baker Pool and Spa Safety Act; Compliance Form

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed 3-year extension of approval of information collection regarding a form used to verify whether pools and spas are in compliance with the Virginia Graeme Baker Pool and Spa Safety Act. The Office of Management and Budget (OMB) previously approved the collection of information under control number 3041-0142. OMB's most recent extension of approval will expire on July 31, 2013. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from OMB.

DATES: The Office of the Secretary must receive comments not later than June 18, 2013.

ADDRESSES: You may submit comments, identified by Docket No. CPSC-2009-0073, by any of the following methods:

Electronic Submissions

Submit electronic comments in the following way:

Federal eRulemaking Portal: <http://www.regulations.gov>. Follow the instructions for submitting comments.

To ensure timely processing of comments, the Commission is no longer accepting comments submitted by electronic mail (email), except through www.regulations.gov.

Written Submissions

Submit written submissions in the following way:

Mail/Hand delivery/Courier (for paper, disk, or CD-ROM submissions), preferably in five copies, to: Office of the Secretary, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal identifiers, contact information, or other personal information provided, to <http://www.regulations.gov>. Do not submit confidential business information, trade secret information, or other sensitive or protected information electronically. Such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: For further information contact: Robert H. Squibb, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504-7815, or by email to: rsquibb@cpsc.gov.

SUPPLEMENTARY INFORMATION:

A. Background

On December 19, 2008, the Virginia Graeme Baker Pool and Spa Safety Act (Pool and Spa Safety Act) became effective (Pub. L. 110-140). The Pool and Spa Safety Act applies to public pools and spas and requires that each swimming pool and spa drain cover manufactured, distributed, or entered into commerce in the United States shall conform to the entrapment protection standards of the ASME/ANSI A112.19.8 performance standard or any successor standard regulating such swimming pool or drain cover pursuant to section 1404(b) of the Pool and Spa Safety Act (Drain Cover Standard).

On August 5, 2011, the Commission published a final rule incorporating ANSI/APSP-16 2011 as the successor standard, effective September 6, 2011. In addition to the anti-entrapment devices or systems, each public pool and spa in the United States with a single main drain other than an unblockable drain shall be equipped with one or more of the following devices or systems designed to prevent entrapment by pool or spa drains that meet the performance requirements of any ASME/ANSI or ASTM standard if such standard exists for such device or system; safety vacuum release system; suction-limiting vent system; gravity drainage system; automatic pump shut-off system or drain disablement. The Pool and Spa Safety Act is designed to prevent the tragic and hidden hazard of drain entrapment and eviscerations in public pools and spas.

B. Estimated Burden

CPSC staff estimates that there may be approximately 97 inspections per year. CPSC staff estimates investigators will be talking to either the pool owners/operators or staff of the pool owners/operators at the time of the inspection. Investigators will be collecting drain cover and sump certification documents. It is estimated that 3 hours will be required to inspect a pool or spa facility. The total testing burden hours are 291 (97 inspections × 3 hours per inspection). We estimate that hourly compensation for the time required for testing is \$61.06 (U.S. Bureau of Labor Statistics, "Employer Costs for Employee Compensation," December 2012, Table 9, total compensation for management, professional, and related workers in goods-producing industries: <http://www.bls.gov/ncs>). We estimate the annual cost to be \$17,768 (\$61.06 × 291).

C. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: April 16, 2013.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
