This Notice also lists the following information:

Title of Proposal: Rental Assistance Demonstration Evaluation, Phase I.

OMB Control Number: Pending.

Description of the Need for the Information and Proposed Use: HUD is conducting an evaluation of the Rental Assistance Demonstration (RAD), focused on the conversion of public housing developments to project-based rental assistance and project-based vouchers. The evaluation will study a

sample of RAD sites and a carefully chosen group of comparison sites. Identification of comparison sites will rely heavily on analysis of existing data—including internal HUD data on public housing and public housing tenants, and neighborhood data from the American Community Survey. If there are significant differences between RAD sites and comparison sites that are not reflected in the data, the resulting evaluation will be biased. Therefore it is necessary to conduct limited information collection from local experts to learn about any “unobservable” characteristics that should influence the selection of comparison sites. This information will refine the comparison group and enable HUD to produce more rigorous estimates of program impacts.

Agency Form Numbers: None.

Members of the Affected Public: This information collection request will affect individuals involved with public

and assisted housing programs in the 24 sites selected to be part of the RAD Evaluation. Up to five individuals per site will be interviewed by telephone. They will be asked to provide information about a specific public housing development undergoing conversion through RAD—specifically, they will be asked about the decision to utilize RAD at that particular development. They will also be asked to comment on other public housing properties identified by the research team as potential comparison sites. These interviews will be semi-structured, guided by an interview protocol comprising mostly open-ended questions. Interviews will take no longer than 30 minutes.

Estimate of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: The following chart details the respondent burden:

	Number of responses	Hours per response	Total hours
Telephone interviews	120	.5	60
Total	120	.5	60

Status of the proposed information collection: Pending OMB approval.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: April 12, 2013.

Jean Lin Pao,

General Deputy Assistant Secretary for Policy Development and Research.
