

“METHOD AND SYSTEM FOR WHOLESOMENESS INSPECTION OF FRESHLY SLAUGHTERED CHICKENS ON A PROCESSING LINE,” issued on February 28, 2012, and U.S. Patent No. 8,159,525, “PORTABLE MULTISPECTRAL IMAGING SYSTEMS,” issued on April 17, 2012.

DATES: Comments must be received on or before May 23, 2013.

ADDRESSES: Send comments to: USDA, ARS, Office of Technology Transfer, 5601 Sunnyside Avenue, Rm. 4-1174, Beltsville, Maryland 20705-5131.

FOR FURTHER INFORMATION CONTACT: June Blalock of the Office of Technology Transfer at the Beltsville address given above; telephone: 301-504-5989.

SUPPLEMENTARY INFORMATION: The Federal Government’s patent rights in these inventions are assigned to the United States of America, as represented by the Secretary of Agriculture. It is in the public interest to so license these inventions as Headwall Photonics, Inc. of Fitchburg, Massachusetts has submitted a complete and sufficient application for a license. The prospective exclusive license will be royalty-bearing and will comply with the terms and conditions of 35 U.S.C. 209 and 37 CFR 404.7. The prospective exclusive license may be granted unless, within thirty (30) days from the date of this published Notice, the Agricultural Research Service receives written evidence and argument which establishes that the grant of the license would not be consistent with the requirements of 35 U.S.C. 209 and 37 CFR 404.7.

Robert Griesbach,

Deputy Assistant Administrator.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

Notice of Funds Availability: Inviting Applications for the Technical Assistance for Specialty Crops Program

SUMMARY: The Commodity Credit Corporation (CCC) announces that it is inviting proposals for the 2014 Technical Assistance for Specialty Crops (TASC) program. The intended effect of this notice is to solicit applications from the private sector and from government agencies for fiscal year 2014 and to set out criteria for the award of funds in October 2013. The TASC program is administered by personnel of the Foreign Agricultural Service (FAS).

The funding authority for TASC expires at the end of fiscal year 2013. This notice is being published at this time to allow awards to be made early in fiscal year 2014, provided that program funding is reauthorized prior to that time. In the event this program is not reauthorized, or is substantially modified, FAS will publish a notice in the **Federal Register** rescinding this Notice of Funds Availability.

DATES: To be considered for funding, applications must be received by 5 p.m. Eastern Daylight Time, May 28, 2013. Any applications received after this time will be considered only if funds are still available.

FOR FURTHER INFORMATION CONTACT: Entities wishing to apply for funding assistance should contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service *by courier address:* Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or *by phone:* (202) 720-4327, or *by fax:* (202) 720-9361, or *by email:* podadmin@fas.usda.gov. Information is also available on the FAS Web site at <http://www.fas.usda.gov/mos/tasc/default.asp>.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

Announcement Type: New.
Catalog of Federal Domestic Assistance (CFDA) Number: 10.604.

Authority: The TASC program is authorized by section 3205 of Pub. L. 107-171. TASC regulations appear at 7 CFR part 1487.

Purpose: The TASC program is designed to assist U.S. organizations by providing funding for projects that address sanitary, phytosanitary, or related technical barriers that prohibit or threaten the export of U.S. specialty crops. U.S. specialty crops, for the purpose of the TASC program, are defined to include all cultivated plants, or the products thereof, produced in the United States, except wheat, feed grains, oilseeds, cotton, rice, peanuts, sugar, and tobacco.

As a general matter, TASC program projects should be designed to address the following criteria:

- Projects should identify and address a sanitary, phytosanitary, or related technical barrier that prohibits or threatens the export of U.S. specialty crops;
- Projects should demonstrably benefit the represented industry rather than a specific company or brand;
- Projects must address barriers to exports of commercially-available U.S. specialty crops for which barrier removal would predominantly benefit U.S. exports; and
- Projects should include an explanation as to what specifically could not be accomplished without Federal funding assistance and why the participating organization(s) would be unlikely to carry out the project without such assistance.

Examples of expenses that CCC may agree to reimburse under the TASC program include, but are not limited to:

initial pre-clearance programs, export protocol and work plan support, seminars and workshops, study tours, field surveys, development of pest lists, pest and disease research, database development, reasonable logistical and administrative support, and travel and per diem expenses.

II. Award Information

In general, all qualified proposals received before the specified application deadline will compete for funding. The limited funds and the range of barriers affecting the exports of U.S. specialty crops worldwide preclude CCC from approving large budgets for individual projects. Proposals requesting more than \$500,000 in any given year will not be considered. Additionally, private entities may submit multi-year proposals that may be considered in the context of a detailed strategic implementation plan. The maximum duration of an activity is 5 years. Funding in such cases may, at FAS' discretion, be provided one year at a time with commitments beyond the first year subject to interim evaluations and funding availability. In order to validate funding eligibility, proposals must specify previous years of TASC funding for each proposed activity/title/market/constraint combination. Government entities are not eligible for multi-year funding.

Applicants may submit multiple proposals, and applicants with previously approved TASC proposals may apply for additional funding. The number of approved projects that a TASC participant can have underway at any given time is five. Please see 7 CFR part 1487 for additional restrictions.

FAS will consider providing either grant funds as direct assistance to U.S. organizations or technical assistance on behalf of U.S. organizations, provided that the organization submits timely and qualified proposals. FAS will review all proposals against the evaluation criteria contained in the program regulations.

Funding for successful proposals will be provided through specific agreements. These agreements will incorporate the proposal as approved by FAS. FAS must approve in advance any subsequent changes to the project. FAS or another Federal agency may be involved in the implementation of approved projects.

III. Eligibility Information

1. Eligible Applicants: Any U.S. organization, private or government, with a demonstrated role or interest in exporting U.S. agricultural commodities may apply to the program. Government organizations consist of Federal, State,

and local agencies. Private organizations include non-profit trade associations, universities, agricultural cooperatives, state regional trade groups, and private companies.

Foreign organizations, whether government or private, may participate as third parties in activities carried out by U.S. organizations, but are not eligible for funding assistance from the program.

2. Cost Sharing or Matching: FAS considers the applicant's willingness to contribute resources, including cash, goods, and services of the U.S. industry and foreign third parties, when determining which proposals are approved for funding.

3. Proposals should include a justification for funding assistance from the program—an explanation as to what specifically could not be accomplished without Federal funding assistance and why the participating organization(s) would be unlikely to carry out the project without such assistance.

IV. Application and Submission Information

1. Application through the Unified Export Strategy (UES): Organizations are strongly encouraged to submit their applications to FAS through the UES application Internet Web site. Using the UES application process reduces paperwork and expedites FAS's processing and review cycle. Applicants planning to use the UES Internet-based system must contact FAS/Program Operations Division to obtain site access information, including a user ID and password. The UES Internet-based application may be found at the following URL address: <https://www.fas.usda.gov/ues/webapp/>.

Although FAS highly recommends applying via the Internet-based UES application, as this format virtually eliminates paperwork and expedites the FAS processing and review cycle, applicants also have the option of submitting an electronic version to FAS at podadmin@fas.usda.gov.

2. Content and Form of Application Submission: All TASC proposals must contain complete information about the proposed projects as described in § 1487.5(b) of the TASC program regulations. In addition, in accordance with the Office of Management and Budget's policy directive (68 FR 38402 (June 27, 2003)) regarding the need to identify entities that are receiving government awards, all applicants must submit a Dun and Bradstreet Data Universal Numbering System (DUNS) number. An applicant may request a DUNS number at no cost by calling the

dedicated toll-free DUNS number request line at 1-866-705-5711.

In addition, in accordance with 2 CFR Part 25, each entity that applies to the TASC program and does not qualify for an exemption under 2 CFR 25.110 must:

- (i) Be registered in the CCR prior to submitting an application or plan;
- (ii) Maintain an active CCR registration with current information at all times during which it has an active Federal award or an application or plan under consideration by CCC; and
- (iii) Provide its DUNS number in each application or plan it submits to CCC.

Similarly, in accordance with 2 CFR Part 170, each entity that applies to the TASC program and does not qualify for an exception under 2 CFR 170.110(b) must ensure it has the necessary processes and systems in place to comply with the applicable reporting requirements of 2 CFR Part 170 should it receive TASC funding.

Incomplete applications and applications that do not otherwise conform to this announcement will not be accepted for review.

3. Submission Dates and Times: TASC proposals are reviewed on a rolling basis during the fiscal year as long as TASC funding is available as set forth below:

- Proposals received by, but not later than, 5 p.m. Eastern Daylight Time, May 28, 2013, will be considered for funding with other proposals received by that date;
- Proposals not approved for funding during the review period will be reconsidered for funding after the review period only if the applicant specifically requests such reconsideration in writing, and only if funding remains available;
- Proposals received after 5 p.m. Eastern Daylight Time, May 28, 2013, will be considered in the order received for funding only if funding remains available.

Notwithstanding the foregoing, a proposal may be submitted for expedited consideration under the TASC Quick Response process if, in addition to meeting all requirements of the TASC program, a proposal clearly identifies a time-sensitive activity. In these cases, a proposal may be submitted at any time for an expedited evaluation. Such a proposal must include a specific request for expedited evaluation.

FAS will track the time and date of receipt of all proposals.

4. Funding Restrictions: Although funded projects may take place in the United States or abroad, all eligible projects must specifically address sanitary, phytosanitary, or related

technical barriers to the export of U.S. specialty crops.

Certain types of expenses are not eligible for reimbursement by the program, such as the costs of market research, advertising, or other promotional expenses, and will be set forth in the written program agreement between CCC and the participant. CCC will also not reimburse unreasonable expenditures or any expenditure made prior to approval of a proposal.

5. Other Submission Requirements: All Internet-based applications must be properly submitted by 5 p.m., Eastern Daylight Time, May 28, 2013, in order to be considered for funding; late submissions received after the deadline will be considered only if funding remains available. All applications submitted by email must be received by 5 p.m. Eastern Daylight Time, May 28, 2013, at podadmin@fas.usda.gov in order to receive the same consideration.

V. Application Review Information

1. Criteria: FAS follows the evaluation criteria set forth in § 1487.6 of the TASC regulations and in this Notice.

2. Review and Selection Process: FAS will review proposals for eligibility and will evaluate each proposal against the criteria referred to above. The purpose of this review is to identify meritorious proposals, recommend an appropriate funding level for each proposal based upon these factors, and submit the proposals and funding recommendations to the Deputy Administrator, Office of Trade Programs. FAS may, when appropriate, request the assistance of other U.S. government subject area experts in evaluating the merits of a proposal.

VI. Award Administration Information

1. Award Notices: FAS will notify each applicant in writing of the final disposition of the submitted application. FAS will send an approval letter and agreement to each approved applicant. The approval letter and agreement will specify the terms and conditions applicable to the project, including levels of funding, timelines for implementation, and written evaluation requirements.

2. Administrative and National Policy Requirements: The agreements will incorporate the details of each project as approved by FAS. Each agreement will identify terms and conditions pursuant to which CCC will reimburse certain costs of each project. Agreements will also outline the responsibilities of the participant. Interested parties should review the TASC program regulations found at 7 CFR part 1487 in addition to this announcement. TASC program

regulations are available at the following URL address: <http://www.fas.usda.gov/mos/tasc/default.asp>. Hard copies may be obtained by contacting the Program Operations Division at (202) 720-4327.

3. Reporting: TASC participants will be required to submit regular interim reports and a final performance report, each of which evaluate the TASC project using the performance measures presented in the approved proposal, as set forth in the written program agreement.

VII. Agency Contact

For additional information and assistance, contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service, U.S. Department of Agriculture.

Courier address: Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or by phone: (202) 720-4327, or by fax: (202) 720-9361, or by email: podadmin@fas.usda.gov.

Signed at Washington, DC, on the 28 of March, 2013.

Suzanne E Herman,

Administrator, Foreign Agricultural Service, and Vice President, Commodity Credit Corporation.

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

Notice of Funds Availability: Inviting Applications for the Foreign Market Development Cooperator Program

Announcement Type: New.
Catalog of Federal Domestic Assistance (CFDA) Number: 10.600.

SUMMARY: The Commodity Credit Corporation (CCC) announces that it is inviting proposals for the 2014 Foreign Market Development Cooperator (Cooperator) program. The intended effect of this notice is to solicit applications from eligible applicants for fiscal year 2014 and to set out criteria for the award of funds under the program in October 2013. The Cooperator program is administered by personnel of the Foreign Agricultural Service (FAS).

The funding authority for FMD expires at the end of fiscal year 2013. This notice is being published at this time to allow awards to be made early in fiscal year 2014, provided that program funding is reauthorized prior to that time. In the event this program is not reauthorized, or is substantially modified, FAS will publish a notice in

the **Federal Register** rescinding this Notice of Funds Availability.

DATES: All applications must be received by 5 p.m. Eastern Daylight Time, May 28, 2013. Applications received after this date will not be considered.

FOR FURTHER INFORMATION CONTACT:

Entities wishing to apply for funding assistance should contact the Program Operations Division, Office of Trade Programs, Foreign Agricultural Service by courier address: Room 6512, 1400 Independence Ave. SW., Washington, DC 20250, or by phone: (202) 720-4327, or by fax: (202) 720-9361, or by email: podadmin@fas.usda.gov. Information is also available on the FAS Web site at <http://www.fas.usda.gov/mos/programs/fmdprogram.asp>.

SUPPLEMENTARY INFORMATION:

I. Funding Opportunity Description

Authority: The Cooperator program is authorized by title VII of the Agricultural Trade Act of 1978, as amended. Cooperator program regulations appear at 7 CFR part 1484.

Purpose: The Cooperator program is designed to create, expand, and maintain foreign markets for U.S. agricultural commodities and products through cost-share assistance. Financial assistance under the Cooperator program will be made available on a competitive basis and applications will be reviewed against the evaluation criteria contained herein and in the Cooperator program regulations. All U.S. agricultural commodities, except tobacco, are eligible for consideration.

The FAS allocates funds in a manner that effectively supports the strategic decision-making initiatives of the Government Performance and Results Act (GPRA) of 1993. In deciding whether a proposed project will contribute to the effective creation, expansion, or maintenance of foreign markets, the FAS considers whether the applicant provides a clear, long-term agricultural trade strategy, and a program effectiveness time line against which results can be measured at specific intervals using quantifiable product or country goals. The FAS also considers the extent to which a proposed project targets markets with the greatest growth potential. These factors are part of the FAS resource allocation strategy to fund applicants who can demonstrate performance and address the objectives of the GPRA.

II. Award Information

Under the Cooperator program, the FAS enters into agreements with eligible nonprofit U.S. trade organizations to
