Information requirements are (1) written disclosure to patients about Federal laws and regulations that protect the confidentiality of each patient, and (2) documenting "medical personnel" status of recipients of a disclosure to meet a medical emergency. Annual burden estimates for these requirements are summarized in the table below:

Title: Entry and Immediate Delivery Application and Simplified Entry
OMB Number: 1651-0024
Form Numbers: CBP Form 3461 and Form 3461 ALT

Abstract: All items imported into the United States are subject to examination before entering the commerce of the United States. There are two procedures available to effect the release of imported merchandise, including "entry" pursuant to 19 U.S.C. 1484, and "immediate delivery" pursuant to 19 U.S.C. 1448(b). Under both procedures, CBP Forms 3461 and 3461 ALT are the source documents in the packages presented to Customs and Border Protection (CBP). The information collected on CBP Forms 3461 and 3461 ALT allow CBP officers to verify that the information regarding the consignee and shipment is correct and that a bond is on file with CBP. CBP also uses these forms to close out the manifest and to establish the obligation to pay estimated duties in the time period prescribed by law or regulation. CBP Form 3461 is also a delivery authorization document and is given to the importing carrier to authorize the release of the merchandise.

CBP Forms 3461 and 3461 ALT are provided for by 19 CFR 141 and 142. These forms and instructions are accessible at: <http://www.cbp.gov/xp/cgov/toolbox/forms/>

Simplified Entry is a program for ACE entry summary filers in which importers or brokers may file Simplified Entry data in lieu of filing the CBP Form 3461. This data consists of 12 required elements: importer of record; buyer name and address; buyer employer identification number (consignee number), seller name and address; manufacturer/supplier name and address; Harmonized Tariff Schedule 10-digit number; country of origin; bill of lading; house air waybill number; bill of lading issuer code; entry number; entry type; and estimated shipment value. Three optional data elements are the container stuffing location; consolidator name and address, and ship to party name and address. The data collected under the Simplified Entry program is intended to reduce transaction costs, expedite cargo release, and enhance cargo security. The Simplified Entry filing minimizes the redundancy of data submitted by the filer to CBP through receiving carrier data from the carrier. This design allows the participants to file earlier in the transportation flow. Guidance on using Simplified Entry may be found at http://www.cbp.gov/xp/cgov/trade/trade_transformation/simplified_entry/

Current Actions: CBP proposes to extend the expiration date of this information collection with no change to the burden hours or to the information being collected.

SUPPLEMENTARY INFORMATION:

Background

On October 24, 2012, CBP published a general notice in the **Federal Register** (77 FR 65006, corrected in 77 FR 65395¹) announcing that CBP is formalizing and expanding the ACAS pilot to include other eligible participants in the air cargo environment. The notice provides a description of the ACAS pilot, sets forth eligibility requirements for participation, and invites public comments on any aspect of the test. In brief, the ACAS pilot revises the time frame for pilot participants to transmit a subset of mandatory advance electronic information for air cargo. CBP regulations implementing the Trade Act of 2002 specify the required data elements and the time frame for submitting them to CBP. Pursuant to 19 CFR 122.48a, the required advance information for air cargo must be submitted no later than the time of departure of the aircraft for the United States (from specified locations) or four hours prior to arrival in the United States for all other locations.

The ACAS pilot is a voluntary test in which participants agree to submit a subset of the required 19 CFR 122.48a
