animal safety studies to justify omission of specific biocompatibility tests; (5) assessment of known or potentially toxic chemical entities; and (6) contents of a biocompatibility test report.

II. Significance of Guidance

This draft guidance is being issued consistent with FDA’s good guidance practices regulation (21 CFR 10.115). The draft guidance, when finalized, will represent the Agency’s current thinking on the use of International Standard ISO–10993, “Biological Evaluation of Medical Devices Part 1: Evaluation and Testing.” It does not create or confer any rights for or on any person and does not operate to bind FDA or the public. An alternative approach may be used if such approach satisfies the requirements of the applicable statute and regulations.

III. Electronic Access

To receive “Use of International Standard ISO–10993, Biological Evaluation of Medical Devices Part 1: Evaluation and Testing,” you may either send an email request to dsmica@fda.hhs.gov to receive an electronic copy of the document or send a fax request to 301–847–6149 to receive a hard copy. Please use the document number 1811 to identify the guidance you are requesting.

IV. Paperwork Reduction Act of 1995

This draft guidance refers to previously approved collections of information found in FDA regulations. These collections of information are subject to review by the Office of Management and Budget (OMB) under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520). The collections of information in 21 CFR part 807, subpart E, have been approved under OMB control number 0910–0120; the collections of information in 21 CFR part 814, have been approved under OMB control number 0910–0231; the collections of information in 21 CFR part 814, subpart H, have been approved under OMB control number 0910–0332; and the collections of information in 21 CFR part 812, have been approved under OMB control number 0910–0078.

V. Comments

Interested persons may submit either electronic comments regarding this document to http://www.regulations.gov or written comments to the Division of Dockets Management (see ADDRESSES). It is only necessary to send one set of comments. Identify comments with the docket number found in brackets in the heading of this document. Received comments may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at http://www.regulations.gov.

Leslie Kux,
Assistant Commissioner for Policy.

[Docket No. FDA–2011–N–0788]

Pilot Program for Early Feasibility Study Investigational Device Exemption Applications: Extending the Duration of the Program

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing the extension of the Early Feasibility Study Investigational Device Exemption (IDE) Applications pilot program to May 8, 2014, for sponsors who have already been accepted into the program.

DATES: This notice is effective April 23, 2013.

FOR FURTHER INFORMATION CONTACT: Sheila Brown, Center for Devices and Radiological Health, Food and Drug Administration, 10903 New Hampshire Ave., Bldg. 66, Rm. 1676, Silver Spring, MD 20993–0002, 301–796–5640, sheila.brown@fda.hhs.gov.

SUPPLEMENTARY INFORMATION: In the Federal Register of November 10, 2011 (76 FR 70150), FDA announced the availability of a draft guidance entitled “Investigational Device Exemptions (IDE) for Early Feasibility Medical Device Clinical Studies, Including Certain First in Human (FIH) Studies.” This guidance document is intended to facilitate early feasibility studies of medical devices, using appropriate risk mitigation strategies, under the IDE requirements. Concurrent with the publication of the draft guidance, FDA also announced an Early Feasibility Study IDE Pilot Program (76 FR 70152; November 10, 2011) intended to collect information and experience on the application of the draft guidance in order to inform the final guidance document.

In the pilot program notice, FDA stated its intention to accept nominations to participate in the pilot program until May 8, 2012, and stated that the pilot program would terminate on May 8, 2012. In the Federal Register notice announcing the pilot program, FDA also stated its intention to limit the pilot program to nine candidates.

FDA began accepting nominations for the pilot program on December 12, 2011. After reviewing the nominations received in response to the pilot program notice, FDA accepted nine appropriate candidates for the pilot program. In the Federal Register of March 6, 2012 (77 FR 13343), FDA terminated the acceptance of applications into the program and extended the pilot program for the nine accepted sponsors until May 8, 2013. The pilot program will be further extended for the nine accepted sponsors until May 8, 2014.

Dated: April 18, 2013.

Leslie Kux,
Assistant Commissioner for Policy.

Advisory Committee on Infant Mortality; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), notice is hereby given of the following meeting:

Name: Advisory Committee on Infant Mortality (ACIM).

Dates and Times: April 24, 2013, 8:00 a.m.–5:00 p.m., April 25, 2013, 8:00 a.m.–3:00 p.m.

Place: Virtual via Webinar.

Status: The meeting is open to the public.

For more information on registration and webinar details, please visit the ACIM Web site: http://www.hrsa.gov/advisorycommittees/mchbadvisory/InfantMortality.

Adobe Connect: https://hrsa.connectsolutions.com/infantmortality/.

Teleconference Number: (888) 790–1958.

Participant passcode: 461–8352.

Purpose: The Committee provides advice and recommendations to the Secretary of
DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

Proposed Collection: 60-Day Comment Request: The Agricultural Health Study: A Prospective Cohort Study of Cancer and Other Disease Among Men and Women in Agriculture (NCI)

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995, for opportunity for public comment on proposed data collection projects, the National Cancer Institute (NCI), National Institutes of Health (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the function of the agency, including whether the information will have practical utility; (2) The accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

To Submit Comments and for Further Information: To obtain a copy of the data collection plans and instruments, submit comments in writing, or request more information on the proposed project contact: Jane Hoppin, Sc.D., Epidemiology Branch, National Institute of Environmental Health Sciences, NIH, 111 T.W. Alexander Drive, PO Box 12233, MD A3–05, Research Triangle Park, NC 27709, or call non-toll-free number 919-541-7760, or email your request, including your address to: hoppin@niehs.nih.gov. Formal requests for additional plans and instruments must be requested in writing.

Comment Due Date: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Proposed Collection: The Agricultural Health Study: A Prospective Cohort Study of Cancer and Other Disease Among Men and Women in Agriculture, 0925–0406, Expiration Date 5/31/2013, OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 10,679.
