Public comments are particularly invited on: Whether this collection of information is necessary for the proper performance of functions of the Federal Acquisition Regulations (FAR), and whether it will have practical utility; whether our estimate of the public burden of this collection of information is accurate, and based on valid assumptions and methodology; ways to enhance the quality, utility, and clarity of the information to be collected; and ways in which we can minimize the burden of the collection of information on those who are to respond, through the use of appropriate technological collection techniques or other forms of information technology.

B. Annual Reporting Burden

The time required to read and prepare information is estimated at 1 hour. Per a data search in the Federal Procurement Data System, approximately 120 contracting agencies awarded cost reimbursable contracts in Fiscal Year 2012. Of these agencies, it is estimated that approximately fifty percent, or 60, contracting agencies may utilize the IFMS to provide vehicles to contractors for official purposes only. We are not aware of a centralized database which captures information on agencies' use of the IFMS for this information collection; however, agencies annually report motor vehicle fleet data using the GSA Federal Automotive Statistical Tool (FAST), a web-based reporting tool cosponsored by GSA and the Department of Energy. Based on information in the Fiscal Year 2011 report, the estimate of 60 contracting agencies that may utilize the IFMS to provide vehicles to contractors is reasonable. It is estimated that an average of 3 contractors per agency may request to use the IFMS for a total of approximately 180 requests per year. The requests should be limited because certain travel costs are allowable under cost-reimbursement contracts, including the costs of contractor-owned or -leased automobiles. FAR 31.205-46(d) provides that these costs are allowable, if reasonable, to the extent that the automobiles are used for company business.

Estimated respondents/yr: 180.

Number of Responses annually: 1.

Total annual responses: 180.

Estimated hrs/response: 1.

Estimated total burden/hrs: 180.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Notice of Interest Rate on Overdue Debts

Section 30.18 of the Department of Health and Human Services' claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury's current value of funds rate or the applicable rate determined from the "Schedule of Certified Interest Rates with Range of Maturities" unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 10¹/₈%, as fixed by the Secretary of the Treasury, is certified for the quarter ended March 31, 2013. This rate is based on the Interest Rates for Specific Legislation, "National Health Services Corps Scholarship Program (42 U.S.C. 250(B)(1)(A))" and "National Research Service Award Program (42 U.S.C. 288(c)(4)(B))." This interest rate will be applied to overdue debt until the Department of Health and Human Services publishes a revision.

Dated: April 17, 2013.

Margie Yanchuk,

Director, Office of Financial Policy and Reporting.

SUPPLEMENTARY INFORMATION:

I. Background

The Patient Protection and Affordable Care Act (Pub. L. 111-148) was enacted on March 23, 2010, and the Health Care and Education Reconciliation Act of 2010 (Reconciliation Act) (Pub. L. 111-152) was enacted on March 30, 2010. These laws are collectively referred to as "Affordable Care Act." Section 1102 of the Affordable Care Act directs the Secretary of Health and Human Services (HHS) to establish the temporary Early Retiree Reinsurance Program (ERRP) to provide reimbursement to eligible sponsors of employment-based plans for a portion of the costs of providing health coverage to early retirees (and eligible spouses, surviving spouses, and dependents of such retirees), during the period beginning on the date on which the program is established, and ending on January 1, 2014 (the ERRP sunset date). Section 1102(a)(1) of the Affordable Care Act required the Secretary to establish the program
