

burden should be directed to the FAA at: 800 Independence Ave. SW., Washington, DC 20591, Attn: Information Collection Clearance Officer, AES-200.

(m) Alternative Methods of Compliance (AMOCs)

(1) The Manager, Wichita Aircraft Certification Office (ACO), FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the manager of the ACO, send it to the attention of the person identified in the Related Information section of this AD.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(n) Related Information

For more information about this AD, contact Christine Abraham, Aerospace Engineer, Wichita ACO, FAA, 1801 Airport Road, Room 100, Wichita, Kansas 67209; phone: (316) 946-4165; fax: (316) 946-4107; email: christine.abraham@faa.gov.

(o) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless the AD specifies otherwise.

(i) Page 1, of Subject 4-11-00, dated April 23, 2012, of Cessna Aircraft Company Model 525 Maintenance Manual, Revision 23, dated July 1, 2012.

(ii) Reserved.

(3) For Cessna Aircraft Company service information identified in this AD, contact Cessna Aircraft Company, Product Support, P.O. Box 7706, Wichita, Kansas 67277; telephone: (316) 517-5800; fax: (316) 942-9006; email: customercare@cessna.textron.com; Internet: www.cessna.com.

(4) You may view this service information at FAA, Small Airplane Directorate, 901 Locust, Kansas City, Missouri 64106. For information on the availability of this material at the FAA, call (816) 329-4148.

(5) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Issued in Kansas City, Missouri, on April 8, 2013.

Earl Lawrence,

Manager, Small Airplane Directorate, Aircraft Certification Service.

14 CFR Part 71

[Docket No. FAA-2012-1004; Airspace Docket No. 12-ANM-21]

RIN 2120-AA66

Modification of VOR Federal Airway V-595, Oregon

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action modifies VHF omnidirectional range (VOR) Federal airway V-595 in Oregon due to the scheduled decommissioning of the Portland, OR, VOR/DME navigation aid, which currently serves as an end point for the route.

DATES: Effective date 0901 UTC, June 27, 2013. The Director of the Federal Register approves this incorporation by reference action under 1 CFR part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: Paul Gallant, Airspace Policy and ATC Procedures Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267-8783.

SUPPLEMENTARY INFORMATION:

History

On October 22, 2012, the FAA published in the **Federal Register** a notice of proposed rulemaking (NPRM) to modify V-595 in Oregon (77 FR 64444). Interested parties were invited to participate in this rulemaking effort by submitting written comments on this proposal to the FAA. No comments were received.

The original proposal would have terminated V-595 at the HARZL navigation fix which is approximately 29 NM southeast of the Portland VOR/DME. Subsequent to publication of the NPRM, it was determined that mountainous terrain in the area would limit the service volume of the Deschutes, OR, VORTAC to a degree that the Deschutes VORTAC could not be used to identify the entire length of the proposed segment between Deschutes and the HARZL fix.

Consequently, the FAA issued a supplemental NPRM (SNPRM) (78 FR 9009, February 7, 2013) to solicit comments on a proposed further modification of V-595 to delete the entire segment between Deschutes

VORTAC and the Portland VOR/DME. No comments were received in response to the SNPRM.

The Rule

The FAA is amending Title 14, Code of Federal Regulations (14 CFR) part 71 by modifying VOR Federal airway V-595 due to the scheduled decommissioning of the Portland, OR, VOR/DME. This action removes that segment of V-595 between the Portland, OR, VOR/DME and the Deschutes, OR, VORTAC. By separate rulemaking action, the FAA has proposed to establish new area navigation routes (T-routes) to provide additional navigation options in the affected area (78 FR 4354, January 22, 2013).

VOR Federal airways are published in paragraph 6010(a) of FAA Order 7400.9W signed August 8, 2012 and effective September 15, 2012, which is incorporated by reference in 14 CFR 71.1. The VOR Federal airway listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this regulation: (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the United States Code. Subtitle I, Section 106 describes the authority of the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority.

This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it modifies a VOR Federal airway due to navigation aid infrastructure changes.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1E, Environmental Impacts: Policies and Procedures, paragraph 311a. This airspace action consists of a modification of an existing airway and is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist that warrant preparation of an environmental assessment.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

§ 71.1 [Amended]

■ 2. The incorporation by reference in 14 CFR 71.1 of the FAA Order 7400.9W, Airspace Designations and Reporting Points, signed August 8, 2012, and effective September 15, 2012, is amended as follows:

Paragraph 6010(a)—Domestic VOR Federal Airways

V–595 [Amended]

From Rogue Valley, OR, to Deschutes, OR.

Issued in Washington, DC, on April 10, 2013.

Gary A. Norek,

Manager, Airspace Policy and ATC Procedures Group.

BILLING CODE 4910–13–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R10–OAR–2008–0903; FRL–9793–5]

Approval and Promulgation of Implementation Plans; Oregon: Open Burning and Enforcement Procedures

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The EPA is approving State Implementation Plan (SIP) revisions submitted by the State of Oregon on February 16, 2001, July 14, 2005, August 28, 2006, and May 20, 2008 that relate to open burning rules, enforcement procedures, civil penalties, and procedures in contested cases (appeals). These revisions were made to the Oregon Administrative Rules (OAR) Chapter 340, Division 264 (OAR 340–264), OAR 340–012, and OAR 340–011. The EPA is approving the SIP revisions because the revisions clarify and strengthen the SIP and meet the criteria of the Clean Air Act.

DATES: This final rule is effective on May 28, 2013.

ADDRESSES: The EPA has established a docket for this action under Docket ID No. EPA–R10–OAR–2008–0903. All documents in the docket are listed in the www.regulations.gov Web site. Although listed in the electronic docket, some information may not be publicly available, *i.e.*, confidential business information (CBI) or other information the disclosure of which is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either electronically through <http://www.regulations.gov> or in hard copy at EPA Region 10, Office of Air, Waste, and Toxics, AWT–107, 1200 Sixth Avenue, Seattle, Washington 98101. The EPA requests that you contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection. The Regional Office's official hours of business are Monday through Friday, 8:30 a.m. to 4:30 p.m., excluding Federal holidays.

FOR FURTHER INFORMATION CONTACT: Justin A. Spenillo at (206) 553–6125, spenillo.justin@epa.gov, or the above EPA, Region 10 address.

SUPPLEMENTARY INFORMATION: Throughout this document whenever “we,” “us,” or “our” are used, it is intended to refer to the EPA.

Table of Contents

- I. Background
- II. Final Action
- III. Statutory and Executive Orders Review

I. Background

Title I of the Clean Air Act (CAA), as amended by Congress in 1990, specifies the general requirements for states to submit State Implementation Plans (SIPs) to attain and maintain the National Ambient Air Quality Standards (NAAQS) and the EPA's actions

regarding approval of those SIPs. The EPA is approving the SIP revisions submitted by the State of Oregon on February 16, 2001, July 14, 2005, August 28, 2006, and May 20, 2008. These revisions relate to open burning rules, enforcement procedures, civil penalties, and procedures in contested cases (appeals). On January 7, 2013 (78 FR 918) the EPA published a notice of proposed rulemaking (NPR), proposing approval of the revisions. The NPR includes a detailed description and analysis of the revisions, and rationale for this final action. A brief summary is provided below.

Oregon's February 16, 2001 submittal recodifies and revises the Oregon Department of Environmental Quality's (ODEQ) open burning regulations, now codified at OAR 340–264. The EPA proposed to determine that the revisions to OAR 340–264 either clarify or do not affect the overall stringency of the ODEQ's open burning regulations, and that approval of the revisions will not interfere with attainment or maintenance of the NAAQS or other requirements of the CAA as described in the EPA's proposed rule.

Oregon's July 14, 2005, August 28, 2006, and May 20, 2008 SIP submittals relate to enforcement procedures, civil penalties, and procedures in contested cases (appeals). OAR 340–012 Enforcement Procedures and Civil Penalties contains enforcement procedures and civil penalty provisions that apply to the air quality regulations in the Oregon SIP. The revisions to OAR 340–012 clarify the differences between formal and informal enforcement processes, make adjustments to the penalty matrices, and streamline and reorganize the rules to more closely track the ODEQ's enforcement and penalty calculation process. The EPA proposed to find that these revisions continue to provide the ODEQ with adequate authority for enforcing the SIP as required by Section 110 of the CAA and 40 CFR 51.230(b). OAR 340–011 Rules of General Applicability and Organization contain procedures in contested cases (appeals of the ODEQ actions). The EPA proposed to determine that these rule revisions improve the clarity and completeness of contested case appeals coming before the Environmental Quality Commission and provide the authority needed for implementing the SIP.

EPA provided a 30-day review and comment period on the January 7, 2013 (78 FR 918) NPR. No comments were received on the NPR and the EPA is now taking final action to approve the proposed revisions.
