SUPPLEMENTARY INFORMATION: The Secretary of Commerce manages Atlantic HMS, including Atlantic tunas, sharks, billfish, and swordfish, and has delegated that authority to NMFS. Atlantic HMS are managed under the dual authority of the Magnuson-Stevens Fishery Conservation and Management Reauthorization Act (MSA) and the Atlantic Tunas Convention Act (ATCA). Management of HMS requires international cooperation given the migratory nature of the species. In December 2011, as part of a national effort to provide a comprehensive perspective of our efforts relating to recreational fisheries, we released the 2011 Atlantic HMS Recreational Fishing Action Agenda to serve as a publicly available roadmap detailing priorities and objectives for addressing recreational fishing issues. Development of the 2011 Atlantic HMS Recreational Fishing Action Agenda included input from the Atlantic HMS Advisory Panel and the Marine Fisheries Advisory Committee (MAFAC) Recreational Fisheries Working Group. The 2011 Atlantic HMS Recreational Fishing Action Agenda is available at http://www.nmfs.noaa.gov/sfa/hms.

DATES: An operator-assisted, public conference call and webinar will be hold on May 15, 2013, from 2:00 p.m. to 5:00 p.m., EDT.

ADDRESS: The conference call information is phone number 800–857–5085; participant pass code 1116226. We will also show a brief presentation via webinar.
