I. Background

On July 6, 2012, President Obama signed into law MAP-21 (Pub. L. 112-141), which authorizes TTPSF as a set aside of not more than 2 percent of the funds made available under the TTP for each of Federal Fiscal Years (FY) 2013 and 2014. Section 202(e) of title 23, United States Code (U.S.C.), provides that the funds are to be allocated based on an identification and analysis of highway safety issues and opportunities on tribal lands, as determined by the Secretary, on application of the Indian tribal governments for eligible projects described in 23 U.S.C. 148(a)(4). Eligible projects described in section 148(a)(4) include strategies, activities, and projects on a public road that are consistent with a State strategic highway safety plan and correct or improve a hazardous road location or feature, or address a highway safety problem.

Section 202(e) further specifies that in applying for TTPSF, an Indian tribal government, in cooperation with the Secretary of the Interior and, as appropriate, with a State, local government, or metropolitan planning organization, shall select projects from the transportation improvement program (TIP), subject to the approval of the Secretary of Transportation and the Secretary of the Interior.
