RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collection of information to determine (1) the practical utility of the collection; (2) the accuracy of the estimated burden of the collection; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your

comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

In accordance with Executive Order 12862, the Railroad Retirement Board (RRB) conducts a number of customer surveys designed to determine the kinds and quality of services our beneficiaries, claimants, employers and members of the public want and expect, as well as their satisfaction with existing RRB services. The information collected is used by RRB management to monitor customer satisfaction by determining to what extent services are satisfactory and where and to what extent services can be improved. The surveys are limited to data collections that solicit strictly voluntary opinions, and do not collect information which is required or regulated. The information collection, which was first approved by the OMB in 1997, provides the RRB with a *generic clearance authority*. This generic authority allows the RRB to submit a variety of new or revised customer survey instruments (needed to timely implement customer monitoring activities) to OMB for expedited review and approval. Our ICR describes the information we seek to collect from the public.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (78 FR 13914 on March 1, 2013) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Information Collection Request (ICR)

Title: Customer Surveys in Accordance with E.O. 12862.

OMB Control Number: 3220-0192.

Form(s) submitted: G-201, Customer Assessment Survey.

Type of request: Extension without change of a currently approved collection.

Affected public: Individuals or Households, Business or other for profit.

Abstract: The Railroad Retirement Board (RRB) utilizes voluntary customer surveys to ascertain customer satisfaction with the RRB in terms of timeliness, appropriateness, access, and other measures of quality service. Surveys involve individuals that are direct or indirect beneficiaries of RRB services as well as railroad employers who must report changes.

Changes proposed: The RRB proposes no changes to the information collection.

The burden estimate for the ICR is as follows:

The average burden per response for customer satisfaction activities is estimated to range from 2 minutes for a Web site questionnaire to 2 hours for participation in a focus group. The RRB

estimates an annual burden of 1,750 annual responses totaling 735 hours for the generic customer survey clearance.

Additional Information or Comments: Copies of the form and supporting documents can be obtained from Dana Hickman at (312) 751-4981 or Dana.Hickman@RRB.GOV.

Comments regarding the information collection should be addressed to Charles Mierzwa, Railroad Retirement Board, 844 North Rush Street, Chicago, Illinois, 60611-2092 or Charles.Mierzwa@RRB.GOV and to the OMB Desk Officer for the RRB, Fax: 202-395-6974, Email address: OIRA_Submission@omb.eop.gov.

Charles Mierzwa,

Chief of Information Resources Management.
