SUPPLEMENTARY INFORMATION:

Title: WBSCM—Offer Forms.
OMB Number: 0560–0177.
Expiration Date: November 30, 2013.
Type of Request: Extension with a revision.

Abstract: The United States donates agricultural commodities domestically and overseas for famine or other relief requirements, to combat malnutrition, and sells or donates commodities to promote economic development. FSA and CCC issue invitations to purchase or sell agricultural commodities and services for use in domestic and export programs. Vendors respond by making offers using various FSA and CCC commodity offer forms.

This extension and revision of the information collection request is to allow for respondents to submit information electronically in WBSCM. The export offer information and the annual certification information will be entered and received electronically in WBSCM. Most of the domestic offer information will be entered and received electronically in WBSCM. Vendors will be able to access WBSCM to see the date and time the system shows for receipt of bid, bid modification, or bid cancellation information. At bid opening date and time, the bid information is evaluated through the system. Acceptances will be sent to the successful offerors electronically. Awarded contracts will be posted to the FSA Web site and also to the WBSCM portal and FedBizOpps [https://www.fbo.gov]. The reason for the change in burden hours is due to online system-WBSCM reducing data collection time; paper vs. WBSCM system.

Estimate of Burden: Public reporting burden for collecting information under this notice is estimated to average 15 to 30 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: Business and other for-profit organizations.

Estimated Number of Respondents: 76.

Estimated Average Number of Responses per Respondent: 23.
Estimated Total Annual Responses: 858.
Estimated Total Annual Burden on Respondents: 237 hours.

We are requesting comments on all aspects of this information collection to help us to:

1. Evaluate whether the collection of information is necessary for the proper performance of the functions of FSA, including whether the information will have practical utility;
2. Evaluate the accuracy of FSA’s estimate of burden including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected;
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All responses to this notice, including name and addresses when provided, will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Signed on April 19, 2013.
Juan M. Garcia,
Administrator, Farm Service Agency, and Executive Vice President, Commodity Credit Corporation.

Notice of Request for Applications for the Veterinary Medicine Loan Repayment Program

AGENCY: National Institute of Food and Agriculture, USDA.

ACTION: Notice.

SUMMARY: The National Institute of Food and Agriculture (NIFA) is announcing the release of the Veterinary Medicine Loan Repayment Program (VMLRP) Request for Applications (RFA) at [www.nifa.usda.gov/vmlrp].

DATES: The fiscal year (FY) 2013 Veterinary Medicine Loan Repayment Program (VMLRP) application package is available at [www.nifa.usda.gov/vmlrp] and applications are due by Friday, May 31, 2013.

FOR FURTHER INFORMATION CONTACT: Gary Sherman; National Program Leader, Veterinary Science; National Institute of Food and Agriculture; U.S. Department of Agriculture; STOP 2240; 1400 Independence Avenue SW., Washington, DC 20250–2240; Voice: 202–401–4952; Fax: 202–401–6156; Email: gjscharon@nifa.usda.gov.

SUPPLEMENTARY INFORMATION: On October 1, 2009, the Cooperative State Research, Education, and Extension Service (CSREES) became the National Institute of Food and Agriculture (NIFA) as mandated by section 7511(f) of the Food, Conservation, and Energy Act of 2008 (FCEA), Public Law 110–246. Accordingly, the authority to administer the VMLRP transferred from CSREES to NIFA.

Background and Purpose

In January 2003, the National Veterinary Medical Service Act (NVMSA) was passed into law adding section 1415A to the National Agricultural Research, Extension, and Teaching Policy Act of 1997 (NARETPA). This law established a new Veterinary Medicine Loan Repayment Program (7 U.S.C. 3151a) authorizing the Secretary of Agriculture to carry out a program of entering into agreements with veterinarians under which they agree to provide veterinary services in veterinarian shortage situations. In November 2005, the Agriculture, Rural Development, Food and Drug Administration, and Related Agencies Appropriations Act, 2006 (Pub. L. 109–97) appropriated $405,000 for CSREES to implement the VMLRP and represented the first time funds had been appropriated for this program. On March 26, 2013, the President signed into law the Consolidated and Further Continuing Appropriations Act, 2013 (Pub. L. 113–6), which appropriated $4,430,000 for the VMLRP.

Section 7105 of FCEA amended section 1415A to revise the determination of veterinarian shortage situations to consider (1) geographical areas that the Secretary determines have a shortage of veterinarians; and (2) areas of veterinary practice that the Secretary determines have a shortage of veterinarians, such as food animal medicine, public health, epidemiology, and food safety. This section also added that priority should be given to agreements with veterinarians for the practice of food animal medicine in veterinarian shortage situations.

NARETPA section 1415A requires the Secretary, when determining the amount of repayment of a loan of service by a veterinarian to consider the ability of USDA to maximize the
number of agreements from the amounts appropriated and to provide an incentive to serve in veterinary service shortage areas with the greatest need. This section also provides that loan repayments may consist of payments of the principal and interest on government and commercial loans received by the individual for the attendance of the individual at an accredited college of veterinary medicine resulting in a degree of Doctor of Veterinary Medicine or the equivalent. This program is not authorized to provide repayments for any government or commercial loans incurred during the pursuit of another degree, such as an associate or bachelors degree. Loans eligible for repayment include educational loans made for one or more of the following: Loans for tuition expenses; other reasonable educational expenses, including fees, books, and laboratory expenses, incurred by the individual; and reasonable living expenses as determined by the Secretary. In addition, the Secretary is directed to make such additional payments to participants as the Secretary determines appropriate for the purpose of providing reimbursements to participants for individual tax liability resulting from participation in this program. Finally, this section requires USDA to promulgate regulations within 270 days of the enactment of FCEA (i.e., June 18, 2008). The Secretary delegated the authority to carry out this program to NIFA.

The final rule was published in the Federal Register on April 19, 2010. 75 FR 20239-20248. Based on comments received during the 60-day comment period upon publication of the interim rule on July 9, 2009, 74 FR 32788-32798, NIFA reconsidered the policy regarding individuals who consolidated their veterinary school loans with other educational loans (e.g. undergraduate) and their eligibility to apply for the VMLRP. NIFA will allow these individuals to apply for and receive a VMLRP award; however, only the eligible portion of the consolidation will be repaid by the VMLRP. Furthermore, applicants with consolidated loans will be asked to provide a complete history of their student loans from the National Student Loan Database System (NSLDS), a central database for student aid operated by the U.S. Department of Education. The NSLDS Web site can be found at [www.nslds.ed.gov](http://www.nslds.ed.gov)] Individuals who consolidated their DVM loans with non-educational loans or loans belonging to an individual other than the applicant, such as a spouse or child, will continue to be ineligible for the VMLRP.

In FY 2010, VMLRP announced its first funding opportunity and received 260 applications from which NIFA issued 53 VMLRP awards totaling $5,186,000. In FY 2011, VMLRP announced its second funding opportunity and received 159 applications from which NIFA issued 78 VMLRP awards totaling $7,506,000. In FY 2012, VMLRP announced its third funding opportunity and received 139 applications from which NIFA issued 46 VMLRP awards totaling $4,519,212. Consequently, up to $4,000,000 is available to support this program in FY 2013. Funding for future years will be based on annual appropriations and balances, if any, remaining from prior years. The eligibility criteria for applicants and the application forms and associated instructions needed to apply for a VMLRP award can be viewed and downloaded from the VMLRP Web site at [http://www.nifa.usda.gov/vmlrp](http://www.nifa.usda.gov/vmlrp)]

Done in Washington, DC, this 24th day of April 2013.

Meryl Broussard,
Deputy Director, National Institute of Food and Agriculture.

DEPARTMENT OF COMMERCE
Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Telecommunications and Information Administration.

Title: State Broadband Data and Development Grant Program.

OMB Control Number: 0660–0032.

Form Number(s): None.

Type of Request: Regular submission (revision/extension of a currently approved information collection).

Number of Respondents: 56 respondents; 2,000 sub-respondents.

Average Hours per Response: 3,123, respondents; 50 hours, sub-respondents.

Burden Hours: 549,776.

Needs and Uses: Despite the importance of broadband to the U.S. economy, information about broadband availability was not widely available until this dataset was developed. The data collected will continue to provide critical information for grant-making, regulatory and policy-making efforts, and to improve the quality of state-level broadband information. Numerous public and private stakeholders currently use the data to inform funding, policy and commercial decisions. Consumers and businesses also use the data to identify where broadband is available, the advertised speeds and other information.

NTIA proposes to revise the currently approved reporting requirements to include with each submission of data several “best practices” documents including a document describing each recipient’s methodology for collecting and verifying data, a document that summarizes any major changes or corrections to data from the previous submission and a short text file (also known as a “readme” file) that summarizes basic, technical information for the dataset.

Affected Public: Businesses or other-for-profit organizations.

Frequency: Semi-annually.

Respondent’s Obligation: Mandatory.

OMB Desk Officer: Nicholas Fraser, (202) 395–5887.

Copies of the above information collection proposal can be obtained by calling or writing Jennifer Jessup, Departmental Paperwork Clearance Officer, (202) 482–0336, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at [Jessup@doc.gov](mailto:Jessup@doc.gov)).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nicholas Fraser, OMB Desk Officer, FAX number (202) 395–7285, or via the Internet at [Nicholas_A._Fraser@omb.eop.gov](mailto:Nicholas_A._Fraser@omb.eop.gov).
