DEPARTMENT OF TRANSPORTATION

Federal Highway Administration

Notice To Rescind Notice of Intent To Prepare an Environmental Impact Statement: Loop 1604 From I-35 to US 90, Bexar County, TX

AGENCY: Federal Highway Administration, DOT.

ACTION: Rescind notice of intent to prepare an Environmental Impact Statement.

SUMMARY: The Federal Highway Administration (FHWA), in cooperation with the Texas Department of Transportation (TxDOT) and the Alamo Regional Mobility Authority (RMA), is issuing this notice to advise the public that the Notice of Intent (NOI) to prepare an Environmental Impact Statement (EIS) for the proposed improvements to Loop 1604 from I-35 to US 90 is rescinded. The NOI was originally published in the **Federal Register** on July 31, 2009 (Volume 74, No. 146, Page 38260) and an amended NOI was published on April 13, 2010 (Volume 75, No. 70, Page 18941) changing the limits of the project.

FOR FURTHER INFORMATION CONTACT: Mr. Salvador Deocampo, District Engineer, District A, Federal Highway Administration (FHWA), Texas Division, 300 East 8th Street, Rm. 826, Austin, Texas 78701, Telephone 512-536-5950.

SUPPLEMENTARY INFORMATION: FHWA in cooperation with TxDOT and the Alamo RMA issued a NOI on July 31, 2009, advising the public that they would be preparing an EIS for transportation improvements to Loop 1604 from FM 1957 to I-35 North, a distance of 32.35 miles. FHWA, TxDOT and Alamo RMA then issued an amended NOI to advise the public of changes to the aforementioned EIS for proposed Loop 1604 improvements. Specifically, the southwestern limit of the proposed improvements changed from FM 1957 to US 90 for a total distance of approximately 37 miles. The change to the limits of the proposed improvements was consistent with the San Antonio-Bexar County Metropolitan Planning Organization's (MPO) Mobility 2035 Plan (December 2009) and was done as part of a response to comments received during the first scoping meetings held in October 2009.

Since then, changes in the MPO's Mobility 2035 Plan and detailed analysis of the corridor have led to a decision to significantly change the design concept and scope of the proposed project and implementation. It is anticipated the project will be analyzed in two or more independent projects with different scopes and separate environmental documents.

Issued on: April 30, 2013.

Salvador Deocampo,
District Engineer.

Federal Motor Carrier Safety Administration

[Docket No. FMCSA-2007-28043]

Hours of Service (HOS) of Drivers; Application for Renewal and Expansion of American Pyrotechnics Association (APA) Exemption From the 14-Hour Rule During Independence Day Celebrations

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of application for renewal and expansion of exemption; request for comments.

SUMMARY: The American Pyrotechnics Association (APA) has requested a renewal of its exemption for 48 APA member-companies from FMCSA's regulation that drivers of commercial motor vehicles (CMVs) may not drive after the 14th hour after coming on duty, and the expansion of its exemption to

10 additional carriers. The APA was previously granted an exemption for 48 of the 58 APA member-companies during the Independence Day periods in 2011 and 2012. Like the other 48 member-companies that operated under the 2011-2012 exemption, the 10 additional member-companies would be subject to all of the terms and conditions of the exemption for the 2013-2014 periods. The exemption would apply solely to the operation of CMVs by these 58 APA-member companies in conjunction with staging fireworks shows celebrating Independence Day during the periods June 28-July 8, 2013, and June 28-July 8, 2014, inclusive. During these two periods, approximately 3,200 CMVs and drivers employed by these APA member-companies would be allowed to exclude off-duty and sleeper-berth time of any length from the calculation of the 14-hour driving window. These drivers would not be allowed to drive after accumulating a total of 14 hours of on-duty time, following 10 consecutive hours off duty, and would continue to be subject to the 11-hour driving time limit, and the 60- and 70-hour on-duty limits. The APA maintains that the terms and conditions of the limited exemption would ensure a level of safety equivalent to, or greater than, the level of safety achieved without the exemption.

DATES: If granted, this exemption would be effective during the periods of June 28, 2013, through July 8, 2013, inclusive, and June 28, 2014, through July 8, 2014, inclusive. The exemption would expire on July 8, 2014 at 11:59 p.m. Comments must be received on or before June 6, 2013.

SUPPLEMENTARY INFORMATION:

APA Application for Exemption

The hours-of-service (HOS) rule in 49 CFR 395.3(a)(2) prohibits a property-carrying CMV driver from driving a

CMV after the 14th hour after coming on duty following 10 consecutive hours off duty. Under 49 U.S.C. 31315 and 31136(e), FMCSA may grant an exemption from the HOS requirements in 49 CFR 395.3(a)(2) for a 2-year period if it finds such exemption would likely achieve a level of safety that is equivalent to, or greater than, the level that would be achieved absent such exemption. The procedures for requesting an exemption (including renewals) are prescribed in 49 CFR part 381.

The APA, a trade association representing the domestic fireworks industry, was previously granted an exemption for 48 of the 58 APA-member companies during the Independence Day periods in 2011 and 2012. The APA held similar 2-year exemptions during Independence Day periods from 2005 through 2010. The 2011–2012 exemption expired on July 9, 2012. Like the other 48 member companies that operated under the 2011–2012 exemption, the 10 specified additional member-companies would be subject to all of the terms and conditions of the exemption.

The initial APA exemption application for relief from the 14-hour rule was submitted in 2004; a copy of the application is in the docket. That application fully describes the nature of the pyrotechnic operations of the CMV drivers employed by APA member-companies during a typical Independence Day period.

As stated in APA's 2004 request, the CMV drivers employed by APA member-companies are trained pyro technicians who hold commercial driver's licenses (CDLs) with hazardous materials (HM) endorsements. They transport fireworks and related equipment by CMVs on a very demanding schedule during a brief Independence Day period, often to remote locations. After they arrive, the drivers are responsible for set-up and staging of the fireworks shows.

The APA states that it is seeking an HOS exemption for the 2013 and 2014 Independence Day periods because compliance with the current 14-hour rule in 49 CFR 395.3(a)(2) by its members would impose a substantial economic hardship on numerous cities, towns and municipalities, as well as its member-companies. To meet the demand for fireworks under the current HOS rules, APA member-companies state that they would be required to hire a second driver for most trips. The APA advises that the result would be a substantial increase in the cost of the fireworks shows—beyond the means of many of its members' customers—and

that many Americans would be denied this important component of the celebration of Independence Day. The 58 APA-member companies within the scope of this exemption request are listed in an appendix to this notice. A copy of the request for the exemption is included in the docket referenced at the beginning of this notice.

Method To Ensure an Equivalent or Greater Level of Safety

The APA believes that renewal of the exemption will not adversely affect the safety of the fireworks transportation provided by these motor carriers. According to APA, its member-companies have operated under this exemption for eight previous Independence Day periods without a reported motor carrier safety incident. Moreover, it asserts, without the extra duty-period time provided by the exemption, safety would decline because APA drivers would be unable to return to their home base after each show. They would be forced to park the CMVs carrying HM 1.1G, 1.3G and 1.4G products in areas less secure than the motor carrier's home base. As a condition of holding the exemption, each motor carrier would be required to notify FMCSA within 5 business days of any accident (as defined in 49 CFR 390.5) involving the operation of any its CMVs while under this exemption. To date, FMCSA has received no accident notifications, nor is the Agency aware of any accidents reportable under terms of the prior APA exemptions.

In its exemption request, APA asserts that the operational demands of this unique industry minimize the risks of CMV crashes. In the last few days before the Independence Day holiday, these drivers transport fireworks over relatively short routes from distribution points to the site of the fireworks display, and normally do so in the early morning when traffic is light. At the site, they spend considerable time installing, wiring, and safety-checking the fireworks displays, followed by several hours off duty in the late afternoon and early evening prior to the event. During this time, the drivers are able to rest and nap, thereby reducing or eliminating the fatigue accumulated during the day. Before beginning another duty day, these drivers must take 10 consecutive hours off duty, the same as other CMV drivers.

Terms and Conditions of the Exemption Period of the Exemption

The requested exemption from the requirements of 49 CFR 395.3(a)(2) is proposed to be effective June 28 through

July 8, 2013, inclusive, and from June 28 through July 8, 2014, inclusive. The exemption would expire on July 8, 2014, at 11:59 p.m. local time.

Extent of the Exemption

This exemption would be restricted to drivers employed by the 58 motor carriers listed in the appendix to this notice. The drivers would be given a limited exemption from the requirements of 49 CFR 395.3(a)(2). This regulation prohibits a driver from driving a CMV after the 14th hour after coming on duty and does not permit off-duty periods to extend the 14-hour limit. Drivers covered by this exemption would be able to exclude off-duty and sleeper-berth time of any length from the calculation of the 14-hour limit. This exemption would be contingent on each driver driving no more than 11 hours in the 14-hour period after coming on duty. The exemption would be further contingent on each driver having a full 10 consecutive hours off duty following 14 hours on duty prior to beginning a new driving period. The carriers and drivers must comply with all other requirements of the Federal Motor Carrier Safety Regulations (49 CFR parts 350–399) and Hazardous Materials Regulations (49 CFR parts 105–180).

Preemption

During the periods the exemption would be in effect, no State may enforce any law or regulation that conflicts with

or is inconsistent with this exemption with respect to a person or entity operating under the exemption (49 U.S.C. 31315(d)).

FMCSA Notification

Exempt motor carriers would be required to notify FMCSA within 5 business days of any accidents (as defined by 49 CFR 390.5) involving the operation of any of its CMVs while under this exemption. The notification must include the following information:

- a. Date of the accident,
- b. City or town, and State, in which the accident occurred, or which is closest to the scene of the accident,
- c. Driver’s name and driver’s license number,
- d. Vehicle number and State license number,
- e. Number of individuals suffering physical injury,
- f. Number of fatalities,
- g. The police-reported cause of the accident,
- h. Whether the driver was cited for violation of any traffic laws, or motor carrier safety regulations, and
- i. The total driving time and the total on-duty time of the CMV driver at the time of the accident.

Termination

The FMCSA does not believe the motor carriers and drivers covered by this exemption, if granted, will experience any deterioration of their safety record. However, should this

occur, FMCSA will take all steps necessary to protect the public interest, including revocation of the exemption. The FMCSA will immediately revoke the exemption for failure to comply with its terms and conditions. Exempt motor carriers and drivers would be subject to FMCSA monitoring while operating under this exemption.

Request for Comments

In accordance with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA requests public comments on the APA’s requested exemption from the requirements of 49 CFR 395.3(a)(2). The FMCSA will review all comments received and determine whether approval of the exemption is consistent with the requirements of 49 U.S.C. 31315.

Interested parties or organizations possessing information that would show that any or all of these APA member-companies are not achieving the requisite statutory level of safety should immediately notify FMCSA. The Agency will evaluate any information submitted and, if safety is being compromised or if the continuation of the exemption is inconsistent with 49 U.S.C. 31315(b)(4) and 31136(e), FMCSA will immediately take steps to revoke the exemption of the company or companies and drivers in question.

Issued on: April 30, 2013.

Larry W. Minor,

Associate Administrator for Policy.

Proposed Agency Information Collection Activities; Comment Request

AGENCY: Federal Railroad Administration, DOT.

ACTION: Notice and request for comments.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995, this notice announces that the Information

Collection Requirements (ICRs) abstracted below have been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICRs describes the nature of the information collections and their expected burdens. The **Federal Register** notice with a 60-day comment period soliciting comments on the following collections of information was published on February 20, 2013.

DATES: Comments must be submitted on or before June 6, 2013.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Brogan, Office of Planning and Evaluation Division, RRS-21, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 25, Washington, DC 20590 (Telephone: (202) 493-6292), or Ms. Kimberly

Toone, Office of Information Technology, RAD-20, Federal Railroad Administration, 1200 New Jersey Ave. SE., Mail Stop 35, Washington, DC 20590 (Telephone: (202) 493-6132). (These telephone numbers are not toll-free.)

SUPPLEMENTARY INFORMATION: The Paperwork Reduction Act of 1995 (PRA), Public Law 104-13, § 2, 109 Stat. 163 (1995) (codified as revised at 44 U.S.C. 3501-3520), and its implementing regulations, 5 CFR part 1320, require Federal agencies to issue two notices seeking public comment on information collection activities before OMB may approve paperwork packages. 44 U.S.C. 3506, 3507; 5 CFR 1320.5, 1320.8(d)(1), 1320.12. On February 20, 2013, FRA published a 60-day notice in
