

bonding. 77 FR 58407–09 (Sept. 20, 2012).

On October 12, 2012, Twin-Star and the IA each filed a brief on the issues for which the Commission requested written submissions. The International Trade Commission Trial Lawyers Association filed a brief concerning the issue under review on the same date. The IA filed a reply brief on November 9, 2012.

Having reviewed the record in this investigation, including the final ID, Order No. 19, and the parties' written submissions, the Commission has determined to modify-in-part and reverse-in-part the final ID as follows: (1) Vacating as moot the final ID to the extent that it finds a violation of section 337 based on the breach of contract and tortious interference with contract allegations with respect to the non-competition and non-solicitation provisions of the asserted contract; and (2) reversing the final ID to the extent it finds a violation based on the non-disclosure provision of the asserted contract. The Commission also affirms Order No. 19.

The Commission has made its determination on the issues of remedy, the public interest, and bonding. The Commission has determined that the appropriate form of relief is a limited exclusion order prohibiting the unlicensed entry for consumption of electric fireplaces, components thereof, manuals for same, and products containing same that are manufactured abroad by or for, or imported by or for, Yue or Reliap, or any of their affiliated companies, parents, subsidiaries, licensees, contractors, or other related business entities, or successors or assigns: (1) Using misappropriated trade secrets asserted in this investigation; and/or (2) that infringe one or more of U.S. Copyright Nos. TX0007350474, TX0007350476, VA0001772660, or VA0001772661.

The Commission determined that the public interest factors enumerated in section 337(d)(1) (19 U.S.C. 1337(d)(1)) do not preclude issuance of the limited exclusion order. Finally, the Commission determined that a bond in the amount of 145 percent of the entered value of the covered products that are entered for consumption is required to permit temporary importation during the period of Presidential review (19 U.S.C. 1337(j)). The Commission's order and opinion were delivered to the President and to the United States Trade Representative on the day of their issuance.

The Commission has terminated this investigation. The authority for the Commission's determination is

contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in sections 210.17, 210.42, 210.45, and 210.50 of the Commission's Rules of Practice and Procedure (19 CFR 210.17, 210.42, 210.45, 210.50).

By order of the Commission.

Issued: May 1, 2013.

Lisa R. Barton,

Acting Secretary to the Commission.
