[Docket No. FMCSA–2012–0178]

RIN 2126–AB40

Medical Examiner's Certification Integration

AGENCY: Federal Motor Carrier Safety Administration (FMCSA), DOT.

ACTION: Notice of proposed rulemaking.

SUMMARY: FMCSA proposes to require certified medical examiners (MEs) performing physical examinations on drivers of commercial motor vehicles (CMV) to use a newly developed Medical Examination Report (MER) Form, MCSA–5875, in place of the current MER Form and to use Form MCSA–5876 for the medical examiner's certificate (MEC). In addition, MEs would be required to report results of all completed commercial drivers' physical examinations (including the results of examinations where the driver was found not to be qualified) to FMCSA by close of business on the day of the examination. This would include all CMV drivers who are required to be medically certified to operate in interstate commerce, not only those who hold or apply for commercial learner's permits (CLP) or commercial driver's licenses (CDL). Reporting of this information would be accomplished, by completing a CMV Driver Medical Examination Results Form, MCSA–5850, via their individual password-protected National Registry web account. For holders of CDLs and CLPs, FMCSA also proposes to electronically transmit driver identification, examination results, and restriction information from the National Registry

system to the State Driver Licensing Agencies (SDLAs). This includes those that have been voided by FMCSA because it finds that an ME has certified a driver who does not meet the physical certification standards. The Agency would also transmit medical variance information (exemptions, skills performance evaluation certificates and grandfatered exemptions) for all CMV drivers electronically to the SDLAs. Transmission of this information would allow authorized State and Federal enforcement officials to be able to view the most current and accurate information regarding the medical status of the CMV driver, all information on the MEC, and the medical variance information (as defined above) to include the issued and expiration dates.

DATES: Comments must be received on or before July 9, 2013.
