

intervention is necessary to become a party to the proceeding.

Filings in Existing Proceedings

Docket Numbers: RP13–584–001.

Applicants: Columbia Gas Transmission, LLC.

Description: Revenue Sharing Report—RP12–1021 & RP13–584.

Filed Date: 5/1/13.

Accession Number: 20130501–5229.

Comments Due: 5 p.m. ET 5/13/13.

Any person desiring to protest in any the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system by clicking on the links or querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, and service can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208–3676 (toll free). For TTY, call (202) 502–8659.

Dated: May 2, 2013.

Nathaniel J. Davis, Sr.,

Deputy Secretary.

BILLING CODE 6717–01–P

DEPARTMENT OF ENERGY

National Nuclear Security Administration

Proposed Agency Information Collection

AGENCY: National Nuclear Security Administration, U.S. Department of Energy.

ACTION: Notice and Request for OMB review and comment.

SUMMARY: The Department of Energy (DOE) invites public comment on a proposed collection of information that DOE is developing for submission to the Office of Management and Budget (OMB) pursuant to the Paperwork Reduction Act of 1995. This proposed collection would be for use of the American Assured Fuel Supply (AFS). DOE created the AFS, a reserve of low enriched uranium (LEU) to serve as a backup fuel supply for foreign recipients (to be supplied through U.S. persons) or for domestic recipients in the event of a fuel supply disruption. DOE published a Notice of Availability for the AFS on August 18, 2011. DOE now needs to publish an application

form to clarify the information that must be provided in a request to access the material in the AFS, as set forth in the Notice of Availability. 76 FR 51357, 51358. This application form is necessary in order for DOE to identify if applicants meet basic requirements for use of the AFS and implement this important nonproliferation initiative.

DATES: Comments regarding this collection must be received on or before June 10, 2013. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, please advise the DOE Desk Officer at OMB of your intention to make a submission as soon as possible. The Desk Officer may be telephoned at 202–395–4718 or contacted by email at chad_s_whiteman@omb.eop.gov.

ADDRESSES: Written comments should be sent to the

DOE Desk Officer, Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 10102, 735 17th Street NW., Washington, DC 20503.

And to

Richard Goorevich, Senior Policy Advisor, Office of Nonproliferation and International Security, National Nuclear Security Administration, Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585, Tel: 202–586–0589, Fax: 202–586–1348.

FOR FURTHER INFORMATION CONTACT:

Richard Goorevich, Senior Policy Advisor, Office of Nonproliferation and International Security, National Nuclear Security Administration, Department of Energy, 1000 Independence Ave. SW., Washington, DC 20585, Tel: 202–586–0589, Fax: 202–586–1348.

SUPPLEMENTARY INFORMATION: This information collection request contains: (1) *OMB No.* {"New"}; (2) *Information Collection Request Title:* The American Assured Fuel Supply Program; (3) *Type of Request:* New; (4) *Purpose:* The U.S. Department of Energy (DOE) created the American Assured Fuel Supply (AFS), a reserve of low enriched uranium (LEU) to serve as a backup fuel supply for foreign recipients (to be supplied through U.S. persons) or for domestic recipients in the event of a fuel supply disruption. DOE is committed to making the AFS available to eligible recipients in the case of supply disruptions in the nuclear fuel market. This effort supports the United States Government's nuclear nonproliferation objectives by supporting civilian nuclear energy development while minimizing

proliferation risks. DOE published a Notice of Availability for the AFS on August 18, 2011. DOE now needs to publish an application form to clarify the information that must be provided in a request to access the material in the AFS, as set forth in the Notice of Availability. 76 FR 51357, 51358. This application form is necessary in order for DOE to identify if applicants meet basic requirements for use of the AFS and implement this important nonproliferation initiative; (5) *Annual Estimated Number of Respondents:* 10; (6) *Annual Estimated Number of Total Responses:* 1; (7) *Annual Estimated Number of Burden Hours:* 8; (8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* \$1,600.

Statutory Authority: The Secretary of Energy is authorized pursuant to the Atomic Energy Act of 1954, as amended (Pub. L. 83–703, 42 U.S.C. 2011 *et seq.*) and the Nuclear Non-Proliferation Act of 1978 (NNPA) (Pub. L. 95–242, 22 U.S.C. 3201 *et seq.*), which encourage the widespread use of atomic energy for peaceful purposes and authorize the Secretary to enter into and distribute nuclear material in cooperation with other nations where appropriate safeguard measures are in place to ensure the material is properly controlled and used for peaceful purposes. In 2005, DOE set aside a portion of its LEU inventory to be used to support the International Atomic Energy Agency's (IAEA) International Nuclear Fuel Bank (INFB) initiative, which is envisioned as an LEU reserve that will be administered by the IAEA and that will serve as a back-up for global supply disruptions. Congress later appropriated \$49,540,000 in the Consolidated Appropriations Act, 2008 (Pub. L. 110–161) to fund a portion of the INFB. Congress, in the Explanatory Statement accompanying the House Appropriations Committee Print (which in this Act was given the same effect as a joint explanatory statement), noted that the INFB freed up DOE's LEU set-aside, and recommended DOE also “allow U.S. interests to purchase uranium fuel from the Reliable Fuel Supply [now the AFS] in the event of supply disruption.” (H. Approp. Cmte. Print at 592.)

The sale of LEU from the AFS will be conducted consistent with applicable law, the policies and guidance in the “Secretary of Energy's 2008 Policy Statement on Management of Department of Energy's Excess Uranium Inventory” (March 11, 2008), and the DOE Excess Uranium Inventory Management Plan.

Issued in Washington, DC, on May 6, 2013.

Anne Harrington,

Principal Deputy Administrator, Defense Nuclear Nonproliferation, National Nuclear Security Administration, U.S. Department of Energy.

Environmental Impacts Statements; Notice of Availability

Responsible Agency: Office of Federal Activities, General Information (202) 564-7146 or <http://www.epa.gov/compliance/nepa/>.

Weekly receipt of Environmental Impact Statements

Filed 04/29/2013 through 05/03/2013.

Pursuant to 40 CFR 1506.9.

Notice

Section 309(a) of the Clean Air Act requires that EPA make public its comments on EISs issued by other Federal agencies. EPA's comment letters on EISs are available at: <http://www.epa.gov/compliance/nepa/eisdata.html>.

SUPPLEMENTARY INFORMATION:

Due to EPA's agency-wide furlough day on Friday, May 24th and the Federal holiday on Monday, May 27th, all EISs must be filed with EPA by Thursday, May 23rd by 5:00 p.m. eastern time for publication under a Notice of Availability in the **Federal Register** for Friday, May 31st.

EIS No. 20130123, Draft Supplement, NRC, PA, GENERIC—License Renewal of Nuclear Plants, Supplement 49, Regarding Limerick Generating Station Units 1 and 2, Comment Period Ends: 06/27/2013, Contact: Leslie Perkins 301-415-2375.

EIS No. 20130124, Draft EIS, DOE, LA, Lake Charles Carbon Capture and Sequestration Project, Comment Period Ends: 06/24/2013, Contact: Pierina Fayish 412-386-5428.

Amended Notices

EIS No. 20130062, Draft EIS, USFS, NM, Roca Honda Mine Project, Exploration and Mine Development, Cibola National Forest, Comment Period Ends: 06/13/2013, Contact: Diane Tafoya 505-346-3809.

Revision to FR Notice Published 03/15/2013; Extending Comment Period from 5/14/2013 to 06/13/2013.

Dated: May 7, 2013.

Cliff Rader,

Director, NEPA Compliance Division, Office of Federal Activities.

Workshop To Review Initial Draft Materials for the Nitrogen Oxides (NO_x) Integrated Science Assessment (ISA) for Health Effects

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Workshop.

SUMMARY: As part of the review of the air quality criteria for nitrogen oxides (NO_x) and primary (health-based) National Ambient Air Quality Standards (NAAQS) for nitrogen dioxide (NO₂), EPA is announcing a workshop to evaluate preliminary draft materials that will inform the development of the NO_x Integrated Science Assessment (ISA) for health effects. The workshop is being organized by EPA's National Center for Environmental Assessment (NCEA) within the Office of Research and Development and will be held on June 11, 2013, in Research Triangle Park, North Carolina and will be open to attendance by interested public observers on a first-come, first-served basis up to the limits of available space.

DATES: The workshop will be held on June 11, 2013, beginning at 9:30 a.m. and ending at 5:00 p.m.

ADDRESSES: The workshop will be held in the auditorium of EPA's main campus, 109 T.W. Alexander Drive, Research Triangle Park, North Carolina.

FOR FURTHER INFORMATION CONTACT:

Questions regarding information, registration, and logistics for the workshop should be directed to Ms. Brianna Young, telephone: 919-541-9765; facsimile: 919-541-1818; email: young.brianna@epa.gov. Questions regarding the scientific and technical aspects of the workshop should be directed to Dr. Molini Patel, telephone: 919-541-1492; facsimile: 919-541-1818; email: patel.molini@epa.gov.

SUPPLEMENTARY INFORMATION:

I. Summary of Information About the Workshop

Section 109(d) of the Clean Air Act (CAA) requires the U.S. EPA to conduct periodic reviews of the air quality criteria for each air pollutant listed under section 108 of the Act. Based on

such reviews, EPA is to retain or revise the NAAQS for a given pollutant as appropriate. As part of these reviews, NCEA assesses newly available scientific information and develops ISA documents (formerly known as Air Quality Criteria Documents) that provide the scientific basis for the reviews of the NAAQS.

NCEA-Research Triangle Park is holding this workshop to inform the Agency's evaluation of the scientific evidence for the review of the primary NAAQS for NO₂. Section 109(b)(1) of the CAA defines primary NAAQS as standards, "the attainment and maintenance of which in the judgment of the Administrator, based on such criteria and allowing an adequate margin of safety, are requisite to protect the public health." EPA intends to develop a separate ISA, and NAAQS review, for the secondary (welfare-based) NAAQS for NO₂, in conjunction with a review of the secondary NAAQS for sulfur dioxide. The purpose of the workshop is to obtain review of the scientific content of preliminary draft materials that will inform the development of the draft health effects ISA. Workshop sessions will include review and discussion of preliminary draft materials on the atmospheric chemistry of and human exposure to NO_x as well as health effects evidence from in vivo and in vitro animal toxicology, human clinical, and epidemiology studies. In addition, roundtable discussions will help identify key studies or concepts within each discipline to assist EPA in integrating relevant literature within and across disciplines. These preliminary materials are not being released as an external draft but will be used to guide workshop discussions and inform the development of the draft health effects ISA. This workshop is planned to help ensure that the ISA, once developed, is up-to-date and focuses on the key evidence to inform the scientific understanding for the review of the primary NAAQS for NO_x. EPA is planning to release the first external review draft health effects ISA for NO_x for review by the Clean Air Scientific Advisory Committee and the public in August 2013.

II. Workshop Information

Members of the public may attend the workshop as observers. Space is limited, and reservations will be accepted on a first-come, first-served basis.
