

by SAMHSA, ONDCP, Federal government agencies, and other organizations and researchers to establish policy, direct program activities, and better allocate resources.

In order to continue producing current data, SAMHSA's Center for Behavioral Health Statistics and Quality (CBHSQ) must update the NSDUH periodically to reflect changing substance abuse and mental health issues. CBHSQ is in the process of redesigning the NSDUH for the 2015 survey year. The goals of the overall redesign are to: (1) Revise the questionnaire to address changing policy and research data needs, and (2) modify the survey methodology to improve the quality of estimates and the efficiency of data collection and

processing. To achieve these goals, a Questionnaire Field Test (QFT) was conducted in late 2012 to test revisions to the questionnaire, study materials, and procedures. A Dress Rehearsal (DR) is planned for September and October 2013 to further refine and test changes implemented in the QFT as well as test all additional changes that have been identified for the 2015 redesign. These additional changes include an assessment of a new lightweight laptop used to administer the questionnaire, the addition of a Spanish language interview that was not included in the QFT to control costs, and additional select changes to the NSDUH questionnaire. The vast majority of differences in questionnaire content between the QFT and the proposed DR

are minor. Changes include: (a) The addition of two sexual orientation questions to be asked of adults; (b) routine updates to routing and logic; (c) minimal changes to question wording throughout the instrument to clarify intent; and (d) the deletion of a question in the Back-end Demographics module about the number of employees who work at the respondent's business.

The DR will consist of 2,000 English and Spanish-speaking respondents in the continental United States. The sample size of the survey will be large enough to detect differences in key estimates between data collected using the annual NSDUH compared to the redesigned procedures. The total annual burden estimate is shown below:

#### ESTIMATED BURDEN FOR 2013 NSDUH DRESS REHEARSAL

Instrument	Number of respondents	Responses per respondent	Hours per response	Total burden hours	Hourly wage rate	Annualized costs

##### Project: Regulations To Implement SAMHSA's Charitable Choice Statutory Provisions—42 CFR Parts 54 and 54a (OMB No. 0930-0242)—Extension

Section 1955 of the Public Health Service Act (42 U.S.C. 300x-65), as amended by the Children's Health Act of 2000 (Pub. L. 106-310) and Sections 581-584 of the Public Health Service Act (42 U.S.C. 290kk et seq., as added by the Consolidated Appropriations Act (Pub. L. 106-554)), set forth various provisions which aim to ensure that religious organizations are able to compete on an equal footing for federal funds to provide substance abuse

services. These provisions allow religious organizations to offer substance abuse services to individuals without impairing the religious character of the organizations or the religious freedom of the individuals who receive the services. The provisions apply to the Substance Abuse Prevention and Treatment Block Grant (SABG), to the Projects for Assistance in Transition from Homelessness (PATH) formula grant program, and to certain Substance Abuse and Mental Health Services Administration (SAMHSA) discretionary grant programs (programs that pay for substance abuse treatment and prevention services, not for certain infrastructure and technical assistance activities). Every effort has been made to assure that the reporting, recordkeeping and disclosure requirements of the proposed regulations allow maximum flexibility in implementation and impose minimum burden.

No changes are being made to the regulations or the burden hours.

Information on how states comply with the requirements of 42 CFR part 54 was approved by the Office of Management and Budget (OMB) as part of the Substance Abuse Prevention and Treatment Block Grant FY 2012-2013 annual application and reporting requirements approved under OMB control number 0930-0168.

**U.S. Flag Compliance With MARPOL Annex VI International Energy Efficiency (IEE) Requirements**

**AGENCY:** Coast Guard, DHS.

**ACTION:** Notice of International Standards.

**SUMMARY:** The Coast Guard announces that International Maritime Organization (IMO) Resolution MEPC.203(62) amended Annex VI to the International Convention for the Prevention of Pollution from Ships (MARPOL). On July 15, 2011, the IMO formally adopted Resolution MEPC.203(62), which entered into force on January 1, 2013, and amends MARPOL Annex VI by adding Chapter 4 and amending existing regulations in Annex VI. These amendments require the issuance of an International Energy Efficiency Certificate and the preparation of a Ship Energy Efficiency Management Plan for both new and
