This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that the Department of Housing and Urban Development has submitted to OMB a request for approval of the Information collection described below. This notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate

automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposed: Enterprise Income Verification (EIV) System—Debts owed to Public Housing Agencies and Terminations.

OMB Approval Number: 2577-0266.

Form Numbers: HUD 52675.

Description of the need for the information and proposed use: In accordance with 24 CFR 5.233, processing entities that administer the Public Housing, Section 8 Housing Choice Voucher, Moderate Rehabilitation programs are required to use HUD's Enterprise Income Verification (EIV) system to verify employment and income information of program participants and to reduce administrative and subsidy payment errors. The EIV system is a system of records owned by HUD, as published in the **Federal Register** on July 20, 2005 at 70 FR 41780 and updated on August 8, 2006 at 71 FR 45066. The Department seeks to identify families who no longer participate in a HUD rental assistance program due to adverse termination of tenancy and/or assistance, and owe a debt to a Public Housing Agency (PHA). In accordance with 24 CFR 982.552 and 960.203, the PHA may deny admission to a program if the family is not suitable for tenancy for reasons such as, but not limited to: Unacceptable past performance in meeting financial obligations, history of criminal activity, eviction from Federally assisted housing in the last five years, family has committed fraud, bribery, or any other corrupt or criminal act in connection with a Federal housing program, or if a family currently owes rent or other amounts to the PHA or to another PHA in connection with a Federally assisted housing program under the U.S. Housing Act of 1937. Within the scope of this collection of information, HUD seeks to collect from all PHAs, the following information: 1. Amount of debt owed by a former tenant to a PHA; 2. If applicable, indication of executed repayment agreement; 3. If applicable, indication of bankruptcy filing; 4. If applicable, the reason for any adverse termination of the family from a Federally assisted housing program. This information is collected electronically from PHAs via HUD's EIV system. This information is used by HUD to create a national repository of families that owe a debt to a PHA and/or have been terminated from a federally assisted housing program. This national repository is available within the EIV

system for all PHAs to access during the time of application for rental assistance. PHAs are able to access this information to determine a family's suitability for rental assistance, and avoid providing limited Federal housing assistance to families who have previously been unable to comply with HUD program requirements. If this information is not collected, the Department is at risk of paying limited Federal dollars on behalf of families who may not be eligible to receive rental housing assistance. Furthermore, if this information is not collected, the public will perceive that there are no consequences for a family's failure to comply with HUD program requirements.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: 4,013 respondents; 303,766 average number of families annually, requiring monthly average of 25,314 responses; 0.08333 hours per response; 25,303.71 total burden hours.

Status: Reinstatement with change of a previously approved collection.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: May 7, 2013.

SUPPLEMENTARY INFORMATION: This notice informs the public that the HUD has submitted to OMB a request for approval of the Information collection described below. This notice is soliciting comments from members of the public and affecting agencies concerning the proposed collection of information to: (1) Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (3) Enhance the quality, utility, and clarity of the information to be collected; and (4) Minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

This notice also lists the following information:

Title of Proposed: Continuum of Care Homeless Assistance Grant Application-Technical Submission.

OMB Approval Number: 2506-0183.

Form Numbers: HUD 40090-3B, HUD 40090-3A.

Description of the need for the information and proposed use: This submission is to request a reinstatement with revisions of an expired information collection for reporting burden associated with the Technical Submission phase of the Continuum of Care (CoC) Program Application. This submission is limited to the Technical Submission process under the CoC Program interim rule, formerly under the Supportive Housing Program and the Shelter Plus Care Program and changed to match the new program name created through the HEARTH Act. Applicants who are successful in the Continuum of Care Program Homeless

Assistance Grant competition are required to submit more detailed technical information before grant agreement. The information to be collected will be used to ensure that technical requirements are met prior to the execution of a grant agreement. The technical requirements relate to a more extensive description of the budgets for supportive services and operations, as well as acquisition, rehabilitation, new construction, rental assistance, leasing, and sources of financing documentation. HUD will use this detailed information to determine if a project is financially feasible and whether all proposed activities are eligible.

All information collected is used to carefully consider conditional applicants for funding. If HUD collects less information, or collected it less frequently, the Department could not make a final determination concerning the eligibility of applicants for grant funds and conditional applicants would not be eligible to sign grant agreements and receive funding. To see the regulations for the new CoC Program and applicable supplementary documents, visit HUD's Homeless Resource Exchange CoC page at <http://www.hudhre.info/coc/>. The statutory provisions and the implementing interim rule (also found at 24 CFR part 587) that govern the program require the information provided by the Technical Submission.

Estimation of the total number of hours needed to prepare the information collection including number of respondents, frequency of response, and hours of response: Once a project is conditionally awarded, all applicants with new projects must complete the appropriate Technical Submission forms in e-snaps to receive funding. Each type of project will require a unique set of forms to meet compliance, and so the estimates below represent an average of applicants that have several forms to complete. We are anticipating a maximum of 750 responses this year, with each respondent completing only 1 technical submission at 8 hours per response for a total of 6,000 hours. While much of the content remains the same as in the previous collection, we have estimated that the move to an electronic collection will save a minimum average of 1 hour per response, for a total savings of 750 hours.

Status: Revision of a currently approved collection.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. 35, as amended.

Dated: May 7, 2013.
