authority for this information collection is contained in 47 U.S.C. sections 151, 154(i), and (j), 201–205, 214, 254, and 403 as amended by the Communications Act of 1934, as amended.

**Total Annual Burden:** 1,256 hours.

**Total Annual Cost:** N/A.

**Privacy Impact Assessment:** N/A.

**Nature and Extent of Confidentiality:** The Commission is not requesting that the respondents submit confidential information to the Commission. If the Commission requests applicants to submit information that the applicant believes is confidential, they may request confidential treatment of such information under 47 CFR 0.459 of the Commission’s rules.

**Needs and Uses:** The Commission will be submitting this expiring information collection to the Office of Management and Budget (OMB) for approval of an extension request (no change in the reporting, third party disclosure requirement and/or recordkeeping requirement).

Pursuant to the E-rate program (formerly known as the schools and libraries universal support program), eligible schools, libraries, and their consortia may apply for discounts for telecommunications services, Internet access, and internal connections. In general, the applicant must use the funded services within the funding year, which runs from July 1 through June 30, except that the rules of the FCC, hereinafter the “Commission”, give applicants three additional months, until September 30 following the close of the funding year, to install one-time services known as non-recurring services. The Universal Service Administrative Company (USAC) may extend the September 30 deadline if the applicant falls within at least one of four designated circumstances. The applicant must, however, submit any required documentation to support an extension on or before the September 30 deadline. These extensions ensure that schools and libraries are not penalized when they are not responsible for missing the installation deadline. Additionally, implementation of this policy provides clarity to the USAC and applicants by establishing a certain deadline for installation. This rule also gives schools and libraries in the program the opportunity to schedule implementation of non-recurring services over the summer months.
