

reasonable further progress, or any other applicable requirement of the Act.

As described in section III above, EPA believes that the proposed revisions to Wisconsin's SIP meet Federal requirements and will not interfere with attainment or reasonable further progress. Sources exempt from obtaining a construction permit will continue to be subject to all applicable requirements and compliance demonstration methods per Wisconsin's air pollution regulations. Sources that receive a permit exemption will still be required to undergo a control technology review during operation permit initial issuance, renewal, or revision as appropriate. All sources will be required to conduct monitoring and maintain records sufficient to demonstrate compliance with Wisconsin's regulatory requirements. Additionally, any source required to submit an air emission inventory report of annual actual emissions above thresholds in NR 438, will still be required to submit this report. Furthermore, since an exemption from the requirement to obtain a construction permit does not exempt the facility from meeting the air quality standards and increments, all exempt sources will be included in any analysis of increment consumption at nearby facilities as required in NR 406.07.

V. What action is EPA taking on this submittal?

EPA is proposing to approve revisions to Wisconsin rules NR 406 and 410, submitted by the State on April 23, 2008. The SIP revisions submitted, described in section II, above, are consistent with Federal regulations governing state permitting programs. See section III, above. EPA is also soliciting comment on this proposed approval.

VI. Statutory and Executive Order Reviews

Under the Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA's role is to approve state choices, provided that they meet the criteria of the Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a "significant regulatory action" subject to review by the Office of Management and Budget under

Executive Order 12866 (58 FR 51735, October 4, 1993);

- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, this rule does not have tribal implications as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), because the SIP is not approved to apply in Indian country located in the state, and EPA notes that it will not impose substantial direct costs on tribal governments or preempt tribal law.

Approval and Promulgation of Air Quality Implementation Plans; Indiana; Lake and Porter Counties, Indiana, 1997 8-Hour Ozone Maintenance Plan and 1997 Annual Fine Particulate Matter Maintenance Plan Revisions to Approved Motor Vehicle Emissions Budgets

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Indiana's request to revise the Lake and Porter State Implementation Plans (SIPs) for the 1997 8-hour ozone standard, and the 1997 annual fine particulate matter (PM_{2.5}) standard to replace the previously approved motor vehicle emissions budgets (budgets) with budgets developed using EPA's Motor Vehicle Emissions Simulator (MOVES) 2010a emissions model. The Indiana Department of Environmental Management (IDEM) submitted these requests to EPA with submittal letters dated February 1, 2013.

DATES: Comments must be received on or before June 14, 2013.

ADDRESSES: Submit your comments, identified by Docket ID No. EPA-R05-OAR-2013-0021 for the 1997 8-hour ozone maintenance plan revision or EPA-R05-OAR-2013-0022 for the 1997 annual PM_{2.5} maintenance plan revision, by one of the following methods:

SUPPLEMENTARY INFORMATION: In the Final Rules section of this **Federal Register**, EPA is approving the State's SIP submittal as a direct final rule without prior proposal because EPA views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this rule, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all relevant public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time. Please note that if EPA receives adverse comment on an amendment, paragraph, or section of this rule and if that provision may be severed from the remainder of the rule, EPA may adopt as final those provisions of the rule that are not the subject of an adverse comment.
