Vol. 78, No. 94

Wednesday, May 15, 2013

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

ACTION: Notice and Opportunity for Public Comment.

Pursuant to Section 251 of the Trade Act 1974, as amended (19 U.S.C. 2341 et seq.), the Economic Development Administration (EDA) has received petitions for certification of eligibility to apply for Trade Adjustment Assistance from the firms listed below. Accordingly, EDA has initiated investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each of these firms contributed importantly to the total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Foreign-Trade Zone 52—Suffolk County, New York; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board by Suffolk County, grantee of FTZ 52, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the FTZ Board (15 CFR 400.2(c)). The ASF is an option for grantees for the establishment

or reorganization of zones and can permit significantly greater flexibility in the designation of new subzones or “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the FTZ Board’s standard 2,000-acre activation limit for a zone. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the Board (15 CFR part 400). It was formally docketed on May 9, 2013.

FTZ 52 was approved by the FTZ Board on December 13, 1979 (Board Order 150, 44 FR 76381, 12/26/1979). The current zone includes the following site: *Site 1* (53 acres)—MacArthur Airport, 1 Trade Zone Drive, Ronkonkoma, Suffolk County.

The grantee’s proposed service area under the ASF would be portions of Suffolk County, New York, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is adjacent to the JFK Airport Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include its existing site as a “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 1 be so exempted. No subzones/usage-driven sites are being requested at this time. The application would have no impact on FTZ 52’s previously authorized subzone.

In accordance with the FTZ Board’s regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the FTZ Board.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board’s Executive Secretary at the address below. The closing period for their receipt is July 15, 2013. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to July 29, 2013.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the FTZ Board’s Web site, which is accessible

via www.trade.gov/ftz. For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Notification of Proposed Production Activity: Whirlpool Corporation Subzone 8I; (Washing Machines): Clyde and Green Springs, Ohio

Whirlpool Corporation (Whirlpool), operator of Subzone 8I, submitted a notification of proposed production activity to the FTZ Board for its facilities located in Clyde and Green Springs, Ohio. The notification conforming to the requirements of the regulations of the FTZ Board (15 CFR 400.22) was received on May 1, 2013.

The subzone currently has authority to produce standard and high capacity washing machines using certain imported components. The current request would add subassemblies and other unfinished washing machine parts to the list of approved finished products and would also add imported components to the scope of authority. Pursuant to 15 CFR 400.14(b), FTZ activity would be limited to the specific foreign-status materials and components and specific finished products described in the submitted notification (as described below) and subsequently authorized by the FTZ Board.

Production under FTZ procedures could exempt Whirlpool from customs duty payments on the foreign status components used in export production. On its domestic sales, Whirlpool would be able to choose the duty rates during customs entry procedures that apply to: washing machine seal and pump assemblies; subassemblies of washing machines; transmission and camshafts for washing machines agitators; gears and gearing for speed changers related to washing machines; clutch assemblies for washing machines; gears and gearing for agitator/washing machine transmissions; motor/actuator assemblies for washing machines; switch/button assemblies for washing machines; control panels for washing machines; control housing assemblies for washing machines; wire harness

assemblies for washing machines; laundry pedestals; and, laundry pedestal subassemblies (duty rate ranges from duty-free to 6.7%) for the foreign status inputs noted below and in the existing scope of authority. Customs duties also could possibly be deferred or reduced on foreign status production equipment.

The additional components and materials sourced from abroad include: Grommets, covers, spacers and gaskets of plastic; rubber bumpers and grommets; fiberglass seals; nuts of iron or steel; hinges; brackets; refrigeration parts; dishwashing machine parts; drying machine parts; water inlet valves; AC/DC fan motors; AC motors; stators, rotors and parts of motors; hand mixer parts; microwave parts; fixed capacitors; capacitors; RFI filters; thermistor probes; printed circuit boards; drum lights; power cords and wire harnesses of copper; turbidity sensors; and, sensor—spray arms (duty rate ranges from duty-free to 6.5%).

Public comment is invited from interested parties. Submissions shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is June 24, 2013

A copy of the notification will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 21013, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz.

For further information, contact Elizabeth Whiteman at Elizabeth.Whiteman@trade.gov or (202) 482–0473.

Dated: May 9, 2013.
