Announcement of Requirements and Registration for: “Data Rx: Prescription Drug Abuse Infographic Challenge”

Authority: 15 U.S.C. 3719.

SUMMARY: The “Data Rx: Prescription Drug Abuse Infographic Challenge Concept” challenges the general public to create an infographic that presents information, rooted in the current research, concerning the growing trend of prescription drug abuse. The infographic should be designed to inform and educate the general public in interesting, novel, and creative ways about the dangers involved with the abuse of prescription drugs.

DATES: (1) Submission Period begins May 13, 2013, 12:01 a.m., EDT.

(2) Submission Period ends June 14, 2013, 11:59 p.m., EDT.

(3) Judging will take place between June 11–July 15, 2013.

(4) Winners will be notified and prizes awarded July 30, 2013.

FOR FURTHER INFORMATION CONTACT: Dr. Bethany Deeds, Deputy Branch Chief, Epidemiology Research Branch, Division of Epidemiology, Services and Prevention Research, National Institute on Drug Abuse, Phone: 301–402–1935, email deedsb@nida.nih.gov.

SUPPLEMENTARY INFORMATION:

Subject of Challenge Competition

Prescription drug abuse is a growing drug problem for America. Rates of death by drug overdose have more than

tripled since 1990. Most of these deaths are caused by prescription drugs. Infographics are frequently used to communicate complex information in a clear, concise and visually appealing manner to the public. Compared to other topical areas (e.g., politics, economics) the usage of infographics in health science is extremely limited, and infographics relevant to substance use and abuse rarely utilize primary data sources.

The infographic submissions in response to “Data Rx: Prescription Drug Abuse Infographic Challenge Concept” (the “Challenge”) are intended to increase awareness about the dangers of prescription drug abuse based on latest research.

This Challenge is in accordance with the National Institute on Drug Abuse (NIDA) statutory authority, described in 42 U.S.C. 285o. The general purpose of NIDA is the conduct and support of biomedical and behavioral research, health services research, research training, and health information dissemination with respect to the prevention of drug abuse and the treatment of drug abusers. Consistent with this authority, one of NIDA’s strategic goals is to prevent the initiation of drug use and the escalation to addiction in those who have already initiated use. Infographics that achieve the goals underlying this Challenge will utilize the latest research to identify the characteristics and patterns of prescription drug abuse and, accordingly, will support this strategic goal.

Entry Materials

Applications for this Challenge will include the following components:

(1) An infographic (in .jpeg format with at least a 300 dots-per-inch [dpi] resolution) that increases awareness and clearly outlines the associated dangers of prescription drug abuse.

(2) A 1-page summary to accompany the infographic (4,000-character maximum). Develop a summary that explains your main points, selected approach and what conclusions the data visualization helps make. References are required and do not count towards the character limit.

(3) Written consent to the eligibility rules upon or before submitting an application.

All Entry Materials must be in English. All requested information must be provided for your application to be valid.

All Entry Materials, including items 1 through 3, must be submitted to Challenge.gov which is an online challenge platform administered by the
