

feet in approximate position 37°51'40" N, 122°19'19" W (NAD 83) for the Berkeley Marina Fourth of July Fireworks display listed in 33 CFR 165.1191, Table 1, Item number 10. This safety zone will be in effect from 9:30 p.m. to 10:15 p.m. on July 4, 2013.

Under the provisions of 33 CFR 165.1191, unauthorized persons or vessels are prohibited from entering into, transiting through, or anchoring in the safety zone during all applicable effective dates and times, unless authorized to do so by the PATCOM. Additionally, each person who receives notice of a lawful order or direction issued by an official patrol vessel shall obey the order or direction. The PATCOM is empowered to forbid entry into and control the regulated area. The PATCOM shall be designated by the Commander, Coast Guard Sector San Francisco. The PATCOM may, upon request, allow the transit of commercial vessels through regulated areas when it is safe to do so.

This notice is issued under authority of 33 CFR 165.1191 and 5 U.S.C. 552(a). In addition to this notice in the **Federal Register**, the Coast Guard will provide the maritime community with extensive advance notification of the safety zone and its enforcement period via the Local Notice to Mariners.

If the Captain of the Port determines that the regulated area need not be enforced for the full duration stated in this notice, a Broadcast Notice to Mariners may be used to grant general permission to enter the regulated area.

Dated: April 19, 2013.

Gregory G. Stump,

Captain, U.S. Coast Guard, Captain of the Port San Francisco.

[Docket Number USCG-2012-1001]

RIN 1625-AA00

Safety Zones; Annual Firework Displays Within the Captain of the Port, Puget Sound Area of Responsibility

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is adding three new fireworks events and correcting the location of five existing

events outlined in 33 CFR 165.1332 to ensure public safety during annual firework displays at various locations in the Captain of the Port, Puget Sound Area of Responsibility. When these safety zones are activated and subject to enforcement, this rule limits the movement of vessels within the established firework display areas. These additions and corrections are necessary to prevent injury and to protect life and property of the maritime public from hazards associated with firework displays.

DATES: This rule is effective June 17, 2013.

ADDRESSES: Documents mentioned in this preamble are part of docket [USCG-2012-1001]. A. Regulatory History and Information

The Coast Guard published a notice of proposed rulemaking, Safety Zones; Annual Firework Displays within the Captain of the Port (COTP), Puget Sound Area of Responsibility, Docket No. USCG-2012-1001 on February 5, 2013. The Coast Guard published the following temporary final rules; Multiple Firework Displays within the Captain of the Port, Puget Sound Area of Responsibility WA, Docket No. USCG-2010-0591 on July 2, 2010, Docket No. USCG-2011-0450 on June 8, 2011, and Docket No. USCG-2012-0488 on June 15, 2012. The Coast Guard

received zero comments submitted via [regulations.gov](http://www.regulations.gov) and received zero requests for public meeting for these regulations.

B. Basis and Purpose

This rule corrects the coordinates of five firework displays outlined in 33 CFR 165.1332, located within the greater Puget Sound Area, to accurately reflect the correct position of the firework displays. This rule also adds three new firework display locations, and changes the title of the rule to accurately reflect what is codified in 33 CFR 3.65-10. These actions are necessary in order to restrict vessel movement and reduce vessel congregation in the proximity of firework discharge sites to ensure maritime public safety.

C. Discussion of Comments, Changes and the Final Rule

This rule amends the following firework display positions: *City of Renton Fireworks*; coordinates are revised to read: Latitude 47°30.386' N, longitude 122°12.502' W. *Bainbridge Island Fireworks*; coordinates are revised to read: Latitude 47°37.142' N, longitude 122°30.397' W. *Port Townsend Sunrise Rotary*; coordinates are revised to read: Latitude 48°08.413' N, longitude 122°45.531' W. *Tacoma Freedom Fair*; coordinates are revised to read: Latitude 47°17.103' N, longitude 122°28.410' W. *Brewster 4th of July*; coordinates are revised to read: Latitude 48°05.362' N, longitude 119°47.147' W.

This rule adds the following firework displays: *Port Ludlow Fireworks*, latitude 47°55.161' N, longitude 122°41.157' W; *Boston Harbor 4th of July*, latitude 47°08.626' N, longitude 122°54.149' W; *Everett 4th of July*, latitude 48°00.672' N, 122°13.391' W.

Additionally, a further change is being made to *Port Townsend Sunrise Rotary*. Coordinates will be revised to read: Latitude 48°08.413' N, longitude 122°45.531' W as the original posting of this rule listed the latitude as 47°08.413' N instead of the intended 48°08.413' N. This change is a non-substantive substitution that does not change the originally intended size or shape of the safety zone.

These safety zones extend 450 yards from their launch site. This zone size allows for the use of up to a 16" mortar shell in annual firework displays. However, safety zones will only be enforced for the appropriate size for the largest mortar shell used. These zones are nominal in size and are typically positioned in areas which allow for transit around the zone. Thus, these zones have an inconsequential impact

on the majority of waterway users. These zones are also short in duration and allow waterway users to enter or transit through the zone when deemed safe by the on-scene patrol commander. Through this action, the COTP intends to promote the safety of personnel, vessels, and facilities in the area.

D. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes and executive orders.

1. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders. The Coast Guard bases this finding on the fact that the safety zones listed will be in place for a limited period of time and are minimal in duration, and vessel traffic will be able to transit around the safety zones.

2. Impact on Small Entities

The Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, requires federal agencies to consider the potential impact of regulations on small entities during rulemaking. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000. The Coast Guard received zero comments from the Small Business Administration on this rule. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule affects the following entities, some of which may be small entities: the owners and operators of vessels intending to operate in the waters covered by the safety zone while it is in effect. This rule does not have a significant economic impact on a substantial number of small entities because the safety zones will be in place for limited periods of time and maritime traffic will still be able to transit around the safety zones. Maritime traffic may also request permission to transit through the zones

from the COTP, Puget Sound or a Designated Representative.

3. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT**, above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

4. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

5. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

6. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places or vessels.

7. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of

their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

8. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

9. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

10. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

11. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

12. Energy Effects

This action is not a “significant energy action” under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

13. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

14. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National

Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have determined that this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule involves the amendment of safety zones listed in 33 CFR 165.1332. This rule is categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.
